# Central Texas Regional Mobility Authority 2018 AnNuAL CONTINUING DISCLOSURE REPORT 

## The System

The Central Texas Regional Mobility Authority ("CTRMA" or the "Authority") has designated 183A (the 183A Turnpike Project), 290 East (the Manor Expressway Project), 183 South (the Bergstrom Expressway Project), and SH 71 East (the SH 71 Express Project) as part of the CTRMA Turnpike System (the "System").

A copy of the 2018 Annual Report of Conditions with respect to the System as provided by Atkins has previously been filed with and is publicly available on the MSRB's EMMA system.

## 183A Turnpike Project

Reports on the 183A Turnpike Project have previously been filed with and are publicly available on the MSRB's EMMA system.

## Manor Expressway Project (290E Project)

The Quarterly Progress Reports for the Manor Expressway Project have previously been filed with and are publicly available on the MSRB's EMMA system.

## 183 South Project

The Quarterly Progress Reports for the 183 South Project have previously been filed with and are publicly available on the MSRB's EMMA System.

## SH 71 Express Project

The SH 71 Express Project was added to the System in 2017. When added to the System, the SH 71 Express Project was complete and operational. Therefore, progress reports are not applicable to or available with respect to the SH 71 Express Project.

## Toll Rates

183A Turnpike Project. The 183A Phase I Project opened to tolled traffic in March 2007 utilizing a combination of toll collection systems, and the 183A Phase II Project opened to tolled traffic in April 2012.

290E Phase I \& II Project. Tolling for the Manor Expressway Phase I Project began in January 2013 and tolling for the 290E Phase II Project began in May 2014.

SH 71 Express Project. Tolling for the SH 71 Express Project began in February 2017 and the Authority began receiving Toll revenues from the SH 71 Express Project in March 2017.

Exemptions from Tolls. The Authority has covenanted in the Master Trust Indenture that it will not grant free passage through a Toll collection facility on the System, except that it will grant free passage to Authorized Emergency Vehicles and such other vehicles as may be required or allowed by applicable law. Under the Authority's current toll policy, the following vehicles are currently exempt from paying Tolls on the System: (i) Authorized Emergency Vehicles under Section 370.177, Texas Transportation Code; (ii) a state or federal military vehicle under Section 362.90 I of the Texas Transportation Code; and (iii) under Section 370.177 of the Texas Transportation Code, vehicles used exclusively to provide transportation to a member of the public under a transit program established and managed by the Capital Metropolitan Transportation Authority or the Capital Area Rural Transportation System.

At its meeting on July 25, 2018, the Board authorized the implementation of a toll rate discount program for qualified veterans, which exempts one qualified license plate per qualified veteran. This program will apply to all System toll facilities and will not apply to the MoPac Improvement Project. Qualifying veterans are those who meet the Texas Department of Motor Vehicle's requirements for Congressional Medal of Honor, Legion of Valor, Purple Heart awards and disabled veteran license plates. In order to qualify for this program, qualifying veterans will be required to utilize an ETC transponder tag and register that tag and associated license plate with the Authority. This program is anticipated to become effective in November 2018, and will expire on December 31, 2021, unless extended by an action of the Board. Stantec estimates that the potential impact of this program is a decrease in System Toll revenues ranging from $1.3 \%$ to $1.6 \%$ per year in calendar years 2019 through 2021. No adjustments have been made to the estimated Toll revenues in the System Traffic and Revenue Report in connection with the Authority's toll rate discount program for qualified veterans.

Subject to the provisions of the Indenture, the Authority's toll policy (which includes the foregoing toll exemptions and the annual toll adjustment described below) may be changed by action of the Board at any time.

Annual Toll Adjustment Policy. Subject in all respects to the provisions, requirements and restrictions of the Indenture, the Authority modified its toll policy in April 2011 to include a process for implementing an annual increase in the toll rates for the System based on the index of Consumer Prices for All Urban Consumers before seasonal adjustment ("CPI"), as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

The current toll policy provides that on each October 1 (each, a "Toll Escalation Determination Date"), a percentage increase in the Toll rates for the System will be determined in an amount equal to $\left[\left(\mathrm{CPI}^{\mathrm{t}}-\mathrm{CPI}^{\mathrm{t}-12}\right) / \mathrm{CPI}^{\mathrm{t}-12}\right]$, where $\mathrm{CPI}^{\mathrm{t}}$ is the most recently published CPI prior to the Toll Escalation Date for which such calculation is being made and $\mathrm{CPI}^{\mathrm{t}-12}$ is the CPI published in the month that is twelve months prior to $\mathrm{CPI}^{\mathrm{t}}$ (the "Toll Rate Escalation Percentage"). If the Toll Rate Escalation Percentage is calculated to equal less than 0\%, then the Toll Rate Escalation Percentage shall be deemed to equal $0 \%$. The Toll Rate Escalation Percentage, as calculated on each Toll Escalation Determination Date, will be reported to the Board each year at its October board meeting. The percentage increase in the Toll rates will be effective on the January 1 of the next calendar year, unless at such board meeting the Board affirmatively votes to modify the Toll Rate Escalation Percentage. If the Board votes to modify the Toll Rate Escalation Percentage, the Toll rate increase to be effective on January 1 of the next calendar year shall be based on the modified Toll Rate Escalation Percentage. If the CPI is discontinued or substantially altered, as determined in the
sole discretion of the Authority, the Authority may determine an appropriate substitute index or, if no such substitute index is able to be determined, the Authority may choose to modify the toll policy.

In accordance with the terms of the toll policy, the Toll Rate Escalation Percentage based on September 2018 CPI-U was $2.27 \%$. At its meeting on October 31, 2018, the Board took no action and therefore the Toll Rate Escalation Percentage of $2.27 \%$ is to become effective on January 1, 2019. After giving effect to such Toll Escalation Percentage, the toll rates for the 183A Phase I Project, the 183A Phase II Project, the 290E Expressway Phase I Project, the Manor Expressway Phase II Project and the SH 71 Express Project, which will become effective on January 1, 2019, will be as set forth in the following tables.

## AUTHORITY'S Year End Balances - as of June 30, 2017 and June 30, 2018

(1) Includes amount in the Subordinate Lien Debt Service Fund.

Investment earnings on funds in the Construction Fund for the Fiscal Years ending June 30, 2018 and 2017 were $\$ 2,408,504$ and $\$ 1,759,378$, respectively.

## System Historical Cash Flow and Debt Service Coverage

Capitalized terms used herein and not otherwise defined shall have the meaning given to such terms in the Master Trust Indenture, dated as of February 1, 2005, as amended (the "Master Indenture"), between the Authority and the Trustee. The table on the following page has been compiled to show the following information for the Fiscal Years ended June 30, 2018, 2017 and 2016:

- Debt Service Coverage for Rate Covenant and Additional Bonds Test - calculated based on total Revenues, Operating Expenses for the System and debt service requirements for the Senior Lien Obligations and Subordinate Lien Obligations that were Outstanding for the period presented. No debt service net of capitalized interest was due on any Junior Lien Obligations or Other Obligations for the periods presented. Pursuant to the Master Trust Indenture, Operating Expenses (actual or projected, as applicable) for the System are deducted from Revenues (actual or Projected Revenues, as applicable) in calculating the coverage levels for purposes of the Authority's rate covenant and the conditions for issuing additional Obligations. No amounts were required to be deposited into the Senior Lien Debt Service Reserve Fund or into the Renewal and Replacement Fund for such periods. In 2005, the Authority received grant funds from TxDOT which were deposited into the 2005 TxDOT Grand Fund established by the First Supplemental Trust Indenture and confirmed and reestablished in the Twelfth Supplemental Indenture. No transfers of such grant funds were made to the Operating Fund for payment of Operating Expenses during the periods presented. The balance of the 2005 TxDOT Grant Fund was $\$ 9,709,996.25$ as of June 30, 2018.
- Debt Service Coverage for Revenues Available for Debt Service - calculated based on total Revenues, less Operating Expenses for the System, Maintenance Expenses for the System and debt service requirements for the Senior Lien Obligations and Subordinate Lien Obligations that were Outstanding for the periods presented. Pursuant to the Master Trust Indenture, Revenues are transferred to the Operating Fund for purposes of paying Operating Expenses for the System and Maintenance Expenses for the System before being available to pay debt service on Obligations.
- Annual Excess - All Revenues remaining after all payments and transfers required by the terms of the Master Trust Indenture are required to be deposited into the General Fund. Moneys in the General Fund may be used for any lawful purpose.
- Source of Information and Basis of Accounting - amounts shown for "Toll Revenues" and "Other Revenues" were obtained from the audited financial statements of the Authority for the respective periods. Amounts shown for "Interest Income Available to Pay Debt Service" represent interest income of the Authority, as contained in the Authority's audited financial statements, less interest income attributable to the Construction Fund. Amounts shown for "Operating Expenses" and "Maintenance Expenses" represent the allocation of total operating expenses of the Authority, as contained in the Authority's audited financial statements, to Operating Expenses and Maintenance Expenses (as each such term is defined in the Master Trust Indenture) for the System, after first deducting certain noncash expenses for depreciation and amortization and all non-System expenses of the Authority, all as determined by the Authority. Total non-System expenses of the Authority paid from the General Fund and other available sources for the Fiscal Years ended June 30, 2018, 2017 and 2016 were approximately $\$ 3.5$ million, $\$ 3.0$ million and $\$ 3.5$ million respectively. All amounts were accounted for on an accrual basis of accounting; provided, however, amounts shown for "Operating Expenses" and "Maintenance Expenses" exclude certain noncash expenses for depreciation and amortization.

## System Historical Cash Flow and Debt Service Coverage

| Senior and Subordinate Lien |  |  |  |
| Obligations | 1.78x | 2.85x | 1.47x |
| Less: Total Net Debt Service ${ }^{(4)}$ | (36,016,899) | (21,609,825) | $(34,341,123)$ |
| Less: Deposits to Renewal and Replacement Fund ${ }^{(6)}$ | - | - | - |
| Annual Excess | \$28,196,363 | $\xrightarrow{\text { \$39,898,717 }}$ | \$16,029,155 |

${ }^{(1)}$ "Other Revenues" excludes certain grant revenues related to capital projects that are reported in the audited financial statements of the Authority.
${ }^{(2)}$ Represents interest income of the Authority, less interest income attributable to the Construction Fund.
${ }^{(3)}$ Represents Operating Expenses (as defined in the Master Trust Indenture) for the System.
${ }^{(4)}$ Amounts shown reflect net debt service, and therefore such amounts are net of amounts deposited with the Trustee and used to pay debt service for such periods in accordance with the terms of the Indenture (such as capitalized interest and payments received under TxDOT assistance agreements).
${ }^{(5)}$ Represents Maintenance Expenses (as defined in the Master Trust Indenture) for the System.
${ }^{(6)}$ The Authority was not required to make any payments to the Renewal and Replacement Fund for such periods.
