Summary:

The City of Cibolo, Texas has entered into a Development Agreement with Cibolo Turnpike L.P. to develop a 6.5 mile toll road within the city limits of Cibolo. The City has sent a letter of intent to the Mobility Authority requesting that an interlocal agreement be developed to allow the Mobility Authority and/or its vendors to provide toll system services for the planned toll road.

The agreement would be similar to the interlocal agreements the Mobility Authority has signed with various Regional Mobility Authorities around the state.

It would be expected that all costs associated with providing the Toll System Services would be borne by the City of Cibolo and/or its developer. The interlocal agreement would be brought to the Board for approval.
