## Independent Auditor's Report

To the Board of Directors  
Central Texas Regional Mobility Authority  
Austin, Texas

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the Central Texas Regional Mobility Authority (the "Authority"), which comprise the statement of net position as of June 30, 2015, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed on the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

WEB: PADGETT-CPA.COM

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2015, and the changes in its financial position and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matter***

As described in Note 11 to the financial statements, effective July 1, 2014, the Authority implemented Governmental Accounting Standards Board (“GASB”) Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date, an amendment of GASB Statement No. 68*. Our opinion is not modified with respect to this matter.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis and the Required Supplementary Information – Pension Plan, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the basic financial statements as a whole. The Indenture Cash Flow and Debt Service Coverage on page 41 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other

records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

# Central Texas Regional Mobility Authority

## Management's Discussion and Analysis

June 30, 2015 and 2014

This section of the Central Texas Regional Mobility Authority (the "Authority") financial report presents our discussion and analysis of the Authority's financial activities during the fiscal years that ended June 30, 2015 and 2014. Please read it in conjunction with the Authority's financial statements, which immediately follow this section.

### FINANCIAL HIGHLIGHTS

- Total toll revenue increased from \$40.0 million to \$53.6 million from 2014 to 2015 or a 34% increase.
- Total operating expenses were approximately \$38.0 million and \$27.4 million in 2015 and 2014, respectively.
- Total construction in progress was approximately \$139.1 million and \$70.4 million as of June 30, 2015 and 2014, respectively. Construction in progress increased by approximately \$80.9 million from 2014 to 2015 in part due to progress made on the MoPac Improvement Project (the "Project") and decreased by \$12.2 million due to the completion of construction contracts and movement of completed construction into property, toll road, and equipment for the Highway 290E Project (also known as the Manor Expressway Project).
- Total restricted cash and cash equivalents increased by \$49.3 million from 2014 to 2015. The overall increase in restricted cash and investments was largely due to an increase in grant funds available for the Project, which have been received in advance and are reflected as unearned grant revenue.

### OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of this annual report consists of four parts: management's discussion and analysis (this section), the basic financial statements, the notes to the financial statements, and the required supplementary information.

The financial statements provide both long-term and short-term information about the Authority's overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

**Basic Financial Statements.** The financial statements are designed to provide readers with an overview of the Authority's finances in a manner similar to private-sector business.

The *Statement of Net Position* presents information on all of the Authority's assets and deferred outflows, as well as the Authority's liabilities and deferred inflows with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating. The Statement of Net Position can be found on page 11 of this report.

# Central Texas Regional Mobility Authority

## Management's Discussion and Analysis – Continued

June 30, 2015 and 2014

The *Statement of Revenues, Expenses, and Changes in Net Position* presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. The increase or decrease in net position may serve as an indicator of the effect of the Authority's current year operations on its financial position. The Statement of Revenues, Expenses, and Changes in Net Position can be found on page 12 of this report.

The *Statement of Cash Flows* summarizes all of the Authority's cash flows into three categories as applicable: 1) cash flows from operating activities, 2) cash flows from capital and related financing activities, and 3) cash flows from investing activities. The Statement of Cash Flows can be found on page 13 of this report. The Statement of Cash Flows, along with the related notes and information in other financial statements, can be useful in assessing the following:

- The Authority's ability to generate future cash flows
- The Authority's ability to pay its debt as the debt matures
- Reasons for the difference between the Authority's operating cash flows and operating income
- The impact of the Authority's financial position of cash and non-cash transactions from investing, capital, and financing activities

The *Notes to the Financial Statement* provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The Notes to the Financial Statements can be found starting on page 14 of this report.

### FINANCIAL ANALYSIS OF THE AUTHORITY

#### Net Position

As noted above, net position may serve over time as a useful indicator of the Authority's financial position. The net position reflects an un-expendable and expendable portion of net position. The Authority's assets and deferred outflows exceeded liabilities by approximately \$319 million and \$287 million as of June 30, 2015 and 2014, respectively (See Table A-1). As of June 30, 2015, the largest portion of the Authority's net position, 51%, is expendable and reflects proceeds restricted for debt service. The second largest, 38% as of June 30 2015, reflects its investment in capital assets (the Tolling System infrastructure and related assets) net of any outstanding debt used to acquire those assets. Although the Authority's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

# Central Texas Regional Mobility Authority

## Management's Discussion and Analysis – Continued

June 30, 2015 and 2014

**Table A-1**  
**Condensed Schedule of Net Position**  
(In Thousands of Dollars)

	<u>2015</u>	<u>2014</u>
Current assets	\$ 74,548	\$ 10,167
Restricted assets	252,971	269,608
Capital assets	<u>892,639</u>	<u>832,757</u>
Total assets	1,220,158	1,112,532
Deferred outflow of resources	<u>18,080</u>	<u>19,018</u>
<b>Total assets and deferred outflow of resources</b>	<b><u>\$ 1,238,238</u></b>	<b><u>\$ 1,131,550</u></b>
Total liabilities	<u>\$ 919,162</u>	<u>\$ 844,282</u>
Net position:		
Invested in capital assets	122,740	34,606
Restricted for other purposes	164,206	224,107
Unrestricted	<u>32,131</u>	<u>28,555</u>
Total net position	<u>319,077</u>	<u>287,268</u>
<b>Total liabilities and net position</b>	<b><u>\$ 1,238,239</u></b>	<b><u>\$ 1,131,550</u></b>

For fiscal year 2015, current and restricted assets increased as a result of the Authority's ongoing construction on the Project. The Authority is expected to receive grant funds in the amount of approximately \$187 million to fund the Project. As of June 30, 2015, the Authority has received grant funds in advance and had recorded \$88 million of unearned grant revenue of the funding due to Project delays at June 30, 2015.

For fiscal year 2015, capital assets increased as a result of the ongoing construction and current period additions of approximately \$44 million on the Project.

### Changes in Net Position

The operating revenues continue to increase as the level of system transactions increases within the Tolling System (Highway 290E and Highway 183 Toll). The average daily system transactions increased in 2015 from approximately 124 thousand per day to 172 thousand per day or from an annual total of approximately 45 million to 62 million. As noted below, the total monthly system transactions increased in 2015 with the full year operations of Highway 290E commenced in the spring of 2014.

# Central Texas Regional Mobility Authority

## Management's Discussion and Analysis – Continued

June 30, 2015 and 2014

The operating expenses increased by \$10.8 million from 2014 to 2015. The majority of the increase is attributable to the increase in the number of tolling transactions which result in additional expenses for image and tag collection fees, which increased from \$3.1 million to \$4.8 million in 2015 and a full year of depreciation expense on Highway 290E in 2015. The Highway 290E portion of the system was placed in service during fiscal year 2014 and resulted in approximately \$8.5 million in additional depreciation during 2015.

### Total Monthly System Transactions

The nonoperating expenses (net) increased from \$17.6 million in fiscal year 2014 to \$41.9 million in fiscal year 2015. The increase is attributed to interest expense due to the completion of major bond funded projects which decreased the capitalizable interest.

The largest contributor to the change in net position in 2015 is the capital grants and contributions. See Table A-2.

Total net position at beginning of year – restated	<u>287,954</u>	<u>171,719</u>
Total net position at end of year	<u>\$ 319,076</u>	<u>\$ 287,268</u>

### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

#### **Capital Assets**

As of June 30, 2015 and 2014, the Authority had invested approximately \$139.1 million and \$70.4 million, respectively, in construction in progress, including engineering fees and preliminary costs, such as funding, consulting, environmental, legal, and traffic analysis fees. Of the \$139.1 million of the construction in progress, the Project made up \$92.7 million of the total. See Table A-3.

# Central Texas Regional Mobility Authority

## Management's Discussion and Analysis – Continued

June 30, 2015 and 2014

**Table A-3**  
**Capital Assets**  
(Net of Depreciation, in Thousands of Dollars)

	<u>2015</u>	<u>2014</u>
Property and equipment	\$ 11,767	\$ 11,174
Toll road	823,229	811,413
Accumulated depreciation	(81,489)	(60,289)
Construction in progress	<u>139,132</u>	<u>70,459</u>
Net capital assets	<u>\$ 892,639</u>	<u>\$ 832,757</u>

### Long-Term Debt

As of June 30, 2015, the Authority had total debt outstanding of approximately \$794.8 million. See Table A-4.

On December 05, 2014 Moody's Investors Service ("Moody's") affirms the Baa2 senior lien and Baa3 subordinate lien revenue bond ratings of the Authority. Moody's rating outlook for the Authority is stable.

On October 14, 2014, Standard & Poor's ("Standard & Poor's") Ratings Services raised its long-term and underlying rating (SPUR) to "BBB" from "BBB-" on the Authority's outstanding senior lien revenue bonds. At the same time, Standard & Poor's raised its long-term rating and SPUR to "BBB-" from "BB+" on the Authority's subordinate lien revenue bonds. The outlook on all ratings is stable.

**Table A-4**  
**Total Debt**  
(In Thousands of Dollars)

	<u>2015</u>	<u>2014</u>
Total debt:		
Total bonds	\$ 787,833	\$ 774,502
Total notes	<u>7,030</u>	<u>8,350</u>
Total debt outstanding	<u>\$ 794,863</u>	<u>\$ 782,852</u>
Total debt service payments:		
Principal payments	\$ 4,794	\$ -
Interest payments	39,848	36,140

The total debt obligations include the current portion of the obligations of \$6,905,258 and \$3,475,000 for 2015 and 2014, respectively.

Additional information on the Authority's long-term debt can be found in Note 4 of this report.

# Central Texas Regional Mobility Authority

## Management's Discussion and Analysis – Continued

June 30, 2015 and 2014

### **ECONOMIC FACTORS AFFECTING THE FUTURE**

**System Projects** – The Authority entered into an agreement with TxDOT in connection with the development and construction of the proposed US 183 South-Bergstrom Expressway. See Note 12, Subsequent Event, for further information.

Effective September 4, 2015, the Authority executed a note payable in the amount of \$75 million in connection with the development and construction of the US 183 South-Bergstrom Expressway. See Note 12, Subsequent Event, for further information.

### **CONTACTING THE AUTHORITY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide interested parties with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Central Texas Regional Mobility Authority, 3300 North IH 35, Suite 300, Austin, 78705.

See accompanying notes to the financial statements.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

### 1. Organization and Summary of Significant Accounting Policies

The financial statements of the Central Texas Regional Mobility Authority (the "Authority") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to government units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below:

**A. Reporting Entity** – The Authority was authorized by the State of Texas in 2002. The Authority is authorized to construct, maintain, repair, and operate turnpike projects at locations authorized by the Legislature of the State of Texas and approved by the State Department of Transportation. The Authority receives its revenues from tolls, fees, grants, and rents from the operation of turnpike projects. The Authority may issue revenue bonds for the purpose of paying the costs of turnpike projects.

The Authority was formed through the joint efforts of Travis and Williamson Counties (the "Counties"). Their efforts began in September 2002, following the enactment of provisions by the 77<sup>th</sup> Texas Legislature authorizing the formation of regional mobility authorities ("RMAs"). The petition to form the Authority was filed by the Counties, and the Texas Transportation Commission granted approval for its formation in October 2002. The Counties appointed its initial board of directors in January 2003. Each County appointed three directors, and the Governor appointed the presiding officer. The members are appointed in belief that the composition of the board and the common interest in the region shared by all board members will result in adequate representation of all political subdivisions within the geographic area of the RMA and serve without pay for terms of two years. The Authority has full control over all operations, but must comply with certain bond indentures and trust agreements. The Authority employs an Executive Director who manages the day-to-day operations.

In evaluating how to define the Authority for financial reporting purposes, management has determined there are no entities over which the Authority exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the Authority. Since the Authority does not exercise significant influence or accountability over other entities, it has no component units.

**B. Basis of Accounting** – The operations of the Authority are accounted for within a single proprietary (enterprise) fund through which all financial activities are recorded. The measurement focus for an enterprise fund is the flow of economic resources. An enterprise fund follows the accrual basis of accounting. With this measurement focus, all assets and liabilities associated with the operations are included on the Statements of Net Position. Net position (i.e., total assets and deferred outflows net of total liabilities and deferred inflows) is segregated into amounts of net investment in capital assets, amounts restricted for capital activity and debt service, and amounts which are unrestricted. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred and depreciation of assets is recognized.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

- C. Cash, Cash Equivalents, and Investments** – Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. These deposits are fully collateralized or covered by federal depository insurance.

Investments are reported at fair value based on quoted prices for fixed income securities and net asset values per share for investment in mutual funds. The net change in fair value of investments is recorded on the Statement of Revenues, Expenses, and Changes in Net Position and includes the unrealized and realized gains and losses on investments.

The Authority's investment practices are governed by State statutes, the Authority's own investment policy and bond indentures, and the Texas Public Funds Investment Act.

- D. Compensated Absences** – Vested or accumulated vacation leave is recorded as an expense and a liability as the benefits accrue to employees. There are no accumulating sick leave benefits that vest for which any liability must be recognized.

- E. Capital Assets** – Capital assets, which include property, equipment, and infrastructure assets, are reported at cost. Capital assets acquired through contributions, such as those from developers or other governments, are recorded at estimated fair value at the date of donation. Capital assets are defined as assets with initial, individual costs exceeding \$500 to \$20,000, depending on the asset category. Depreciation is computed on the straight-line method over the following estimated useful lives:

Roads and bridges – 40 years  
Improvements – 5-20 years  
Buildings – 20-30 years  
Equipment – 3-10 years

A full month's depreciation is taken in the month an asset is placed in service. When property and equipment are disposed, the cost and accumulated depreciation are removed from the respective accounts, and the resulting gain or loss, if any, is recorded in operations.

The Authority capitalizes interest cost of restricted tax-exempt borrowings less any interest earned on temporary investment of the proceeds of those borrowings from the date of borrowing until the specified qualifying assets acquired with those borrowings are ready for their intended use.

The Authority tests for impairment of capital assets when significant unexpected decline in service utility occurs. There were no asset impairments in fiscal year 2015.

- F. Grants and Contributions** – Revenues from contributions include cash contributions from other governments and right-of-way property that is restricted to meeting the operational or capital requirements of a particular program.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

The Authority has entered into several grant agreements with the Texas Department of Transportation (“TxDOT”) for construction costs using Highway Planning and Construction federal funding and certain state funding for transportation improvements. During the year ended June 30, 2015, the Authority received approximately \$116 million from TxDOT. The Authority does not recognize the recognition of revenue when funds are received in advance of when the amounts are earned. Revenues from federal and state grants are recognized as earned when the related program expenses are incurred and all eligibility requirements have been met. As of June 30, 2015, there was approximately \$88 million unearned grant revenue.

During the year ended June 30, 2015, the Authority received grant revenue from contracts funded through federal and state governments. It is possible that at some time in the future these contracts could terminate or funding could be reduced. However, the Authority does not currently expect these contracts will be terminated or funding will be reduced in the near future.

- G. Restricted Assets** – Certain proceeds of the Authority’s bonds and grants, as well as certain other resources, are classified as restricted assets in the Statement of Net Position because they are maintained in separate investment accounts and their use is limited by applicable bond covenants and grant agreements. When the grant proceeds are restricted for the acquisition of construction of noncurrent assets or are restricted for liquidation of long-term debt, then they are further classified as noncurrent restricted assets. The Authority’s policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.
- H. Income Taxes** – The Authority is an instrumentality of the State of Texas. As such, income earned in the exercise of its essential government functions is exempt from state or federal income taxes. Bond obligations issued by state and local governments are tax-exempt only if the issuers pay a rebate to the federal government of the earnings on the investment of the proceeds of a tax-exempt issue in excess of the yield on such obligations and any income earned on such excess.
- I. Pensions** – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Authority’s participation in the Texas County and District Retirement System (“TCDRS”), an Agent Plan, and additions to/deductions from TCDRS’s fiduciary net position have been determined on the same basis as they are reported by TCDRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.
- J. Deferred Outflows of Resources** – The Authority has classified as deferred outflows of resources certain items that represent a consumption of resources that applies to a future period and, therefore, will not be recognized as an expense until then.
- K. Bond Premiums, Discounts, and Issuance Costs** – The Authority amortizes premiums and discounts over the estimated life of the bonds as an adjustment to capitalized interest using the effective interest method. Bond issuance cost, other than prepaid insurance, is expensed as incurred, in accordance with GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

- L. Classification of Operating and Nonoperating Revenue and Expenses** – The Authority defines operating revenues and expenses as those revenues and expenses generated by the Authority's Tolling System. It also includes all revenues and expenses not related to capital and related financing; noncapital financing or investing activities. This definition is consistent with the codification of Government and Financial Reporting Standards, which defines operating receipts as cash receipts from customers and other cash receipts that do not result from transactions defined as capital and related financing, noncapital financing or investing activities. All revenues and expense not meeting this definition are reported as nonoperating revenue and expenses.
- M. Estimates** – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Examples of management's use of estimates and assumptions include, but are not limited to, depreciable lives and estimated residual value of property and equipment, and the valuation of investments.
- N. Subsequent Events** – The Authority evaluates events that occur subsequent to the statement of financial position date of periodic reports, but before financial statements are issued for periods ending on such dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Authority's financial statements are issued. For the financial statements as of and for the year ended June 30, 2015 this date was September 11, 2015.
- O. Recent Accounting Pronouncements** – GASB issued Statement No. 72, *Fair Value Measurement and Application*. This statement addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement provides guidance for determining a fair value measurement for financial reporting purposes. This statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. This statement requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. Governments should organize these disclosures by type of asset or liability reported at fair value. It also requires additional disclosures regarding investments in certain entities that calculate net asset value per share (or its equivalent).

The provisions of this statement are effective for financial statements for periods beginning after June 15, 2015. Earlier application is encouraged.

The Authority intends to apply GASB Statement No. 72 for fiscal years beginning after June 15, 2015. The statement is not expected to have a material impact on the Authority's financial position, results of operations, or cash flows.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

### 2. Cash and Investments

The Authority's Board has adopted an Investment Policy to set forth the factors involved in the management of investment assets for the Authority. The Authority seeks to mitigate risk by investing in compliance with the investment policy, State statutes, and bond indenture provisions by qualifying the broker or financial institution with whom the Authority will transact business, maintaining sufficient collateralization, portfolio diversification, and limiting maturities.

As of June 30, 2015, the Authority had the following investments:

<u>Summary of Investments by Type</u>	
Cash and cash equivalents	\$ 259,056,878
TexSTAR Investment Pool	7,300,174
United States government agency securities:	
Federal Home Loan Mortgage Corp.	<u>28,711,384</u>
Total cash and investments	\$ <u>295,068,436</u>
Unrestricted cash and cash equivalents	789,662
Unrestricted investments	681,177
Restricted cash and cash equivalents:	
Current	41,100,854
Noncurrent	217,166,362
Restricted investments	<u>35,330,381</u>
Total cash and cash equivalent and investments – as reported on the Statement of Net Position	\$ <u>295,068,436</u>

#### ***Custodial Credit Risk***

***Deposits*** – Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Authority will not be able to recover its deposits or will not be able to recover its collateral securities that are in the possession of an outside party. The Authority has a formal policy specific to custodial credit risk, which requires bank deposit accounts to be collateralized with pledged securities equal to 105% of the carrying value.

There is no limit on the amount the Authority may deposit in any one institution. The Authority was fully collateralized with pledged securities for amounts in excess of the Federal Deposit Insurance Corporation limit for the year ended June 30, 2015.

***Investments*** – Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the Authority will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of the Authority, and are held by the counterparty, its trust, or agent, but not in the Authority's name. The Authority's investment securities are not exposed to custodial credit risk because all securities are held by the Authority's custodial bank in the Authority's name.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

**Concentration of Credit Risk** – Concentration of credit risk is the risk of loss attributed to the magnitude of the Authority’s investment in a single issuer. The Authority is authorized to invest funds in accordance with its investment policy, bond indentures, and the Texas Public Funds Investment Act. Authorized investments include, but are not limited to: United States Treasury and federal agency issues, certificates of deposit issued by a state or national bank domiciled in the State of Texas, repurchase agreements collateralized by United States Treasury or federal agency securities, guaranteed investment contracts (“GICs”), obligations of states and municipalities, Securities and Exchange Commission (“SEC”) registered no-load money market mutual funds, and local government investment funds.

With regards to investment composition, the Authority’s investment policy currently states that local government investment pools may not exceed 80% of the total investment portfolio less bond funds. Bond funds may be invested at 100% of total investment portfolio. No other parameters for investment composition are stated in the approved investment policy.

As of June 30, 2015, the Authority’s portfolio consisted of the following:

TexSTAR Investment Pool	20.3%
United States government agency securities	79.7%

**Interest Rate Risk** – Interest rate risk is the risk that the changes in interest rates will adversely affect the fair value of an investment. Interest rate risk may be mitigated by investing operating funds primarily in shorter term securities, money market funds or similar investment pools and limiting the average maturity of the portfolio.

The Authority’s investment policy notes that with regard to maximum maturities, the Authority will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the Authority will not directly invest operating or general funds in securities maturing more than 16 months from the date of purchase, unless approved by the Authority’s Board. Investment of bond proceeds shall not exceed the projected expenditure schedule of the related project. Reserve funds may be invested in securities exceeding 12 months if the maturities of such investments are made to coincide as nearly as practicable with the expected use of the funds.

As of June 30, 2015, all of the Authority’s investments in debt securities mature within one year.

**Local Government Investment Pool** – The Texas Short-Term Asset Reserve Fund (“TexSTAR”) is a public funds investment pool created pursuant to the Interlocal Cooperation Act, Chapter 791, of the Texas Government Code, and the Public Funds Investment Act, Texas Government Code, Chapter 2256. TexSTAR is managed by a 10 member board of trustees who has contracted with JPMorgan Investment Management, Inc. and First Southwest Asset Management, Inc. to administer the operations of the fund. TexSTAR is rated AAA by Standard & Poor’s and maintains a weighted average maturity of 60 days or less, with a maximum maturity of 13 months for any individual security. The amounts can be withdrawn with limited notice.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

Although TexSTAR is not registered with the SEC as an investment company, the Authority believes it operates as a Rule 2a7 like pool, as discussed in GASB Statement No. 59. As such, the Authority uses amortized cost to report its investments.

The Chief Financial Officer of the Authority is the President of TexSTAR. The Authority has investments of \$7.3 million in TexSTAR as of June 30, 2015.

**Credit Risk** – Credit risk is the risk than an issuer or other counterparty to an investment will not fulfill its obligations to the Authority. To help mitigate credit risk, credit quality guidelines are incorporated into the investment policy, as follows:

- Limiting investments to the safest types of securities, as listed above under the Concentration of Credit Risk section
- Pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisors with which the Authority will do business

### 3. Capital Assets

The following schedule summarizes the capital assets of the Authority as of June 30, 2015.

Property, toll road, and equipment as of June 30, 2015:

	<u>2014</u>	<u>Additions</u>	<u>Disposals</u>	<u>Transfers</u>	<u>2015</u>
Property and equipment	\$ 11,174,332	\$ 42,724	\$ (32,692)	\$ 582,890	\$ 11,767,254
Toll road					
Building and toll facilities	7,073,225	-	-	-	7,073,225
Highways and bridges	664,681,779	137,935	-	9,551,275	674,370,989

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

**Series 2010 Obligations** – The Authority issued its Series 2010 Senior Lien Revenue Bonds and Taxable Series 2010 Subordinate Lien Revenue Build America Bonds (“Series 2010 Subordinate Lien BABs”) on March 1, 2010, collectively called the Series 2010 Obligations. The Series 2010 Senior Lien Revenue Bonds were issued in part as Current Interest Bonds (“Series 2010 CIBs”) and in part as Capital Appreciation Bonds (“Series 2010 CABs”). The Series 2010 Subordinate Lien BABs were refunded and redeemed in whole by the Authority on June 5, 2013.

The proceeds from the Series 2010 Obligations were used to (i) finance a portion of the costs of the 183A Phase II Project; (ii) currently refund and redeem, in whole, the Authority’s outstanding Revenue Notes, Taxable Series 2009; (iii) pay capitalized interest with respect to the Series 2010 Obligations; (iv) make a deposit to the Senior Lien Debt Service Reserve Fund and the Subordinate Lien Debt Service Reserve Fund; and (v) pay certain issuance costs of the Series 2010 Obligations.

The Series 2010 CIBs are scheduled to mature in 2017 through 2025. Interest on the Series 2010 CIBs is calculated on the basis of a 360-day year of 12, 30-day months at the rate of 5.75%. Interest on the Series 2010 CIBs is payable on each July 1 and January 1, commencing July 1, 2010. As of June 30, 2015, the outstanding principal amount is \$59.8 million.

The Series 2010 CABs are scheduled to mature in 2025 through 2040 at an aggregated maturity amount of \$176.1 million. The principal amount of \$34.9 million of the Series 2010 CABs represents the total amount of outstanding principal before the accreted and compounded interest as of June 30, 2015. As of June 30, 2015, the aggregate maturity amount is \$34.9 million plus the accretion of \$17 million.

Interest on the Series 2010 CABs will accrete from the date of initial delivery to stated maturity at rates ranging from 7.20% to 7.85% and will compound on each July 1 and January 1, commencing July 1, 2010. Such accreted and compounded interest will be paid as part of the maturity amount at stated maturity.

The amount of accumulated accreted interest on the Series 2010 CABs as of June 30, 2015 is \$17 million. The accumulated accreted interest is added to the outstanding principal on July 1 and January 1 of each year beginning July 1, 2010.

Under the bond indenture relating to the Series 2010 Obligations, the debt service reserve fund for the Series 2010 Senior Lien Revenue Bonds requires an amount equal to the least of (i) the maximum annual debt service of all outstanding senior lien obligations, (ii) 1.25 times the average annual debt service of all outstanding senior lien obligations, or (iii) 10% of the aggregate amount of the outstanding senior lien obligations, as determined on the date each series of senior lien obligations is issued.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

**Series 2011 Obligations** – The Authority issued its Series 2011 Senior Lien Revenue Bonds and Series 2011 Subordinate Lien Revenue Bonds on June 29, 2011, collectively called the Series 2011 Obligations. The Series 2011 Senior Lien Revenue Bonds were issued in part as Current Interest Bonds (“Series 2011 CIBs”) and in part as Capital Appreciation Bonds (“Series 2011 CABs”).

A portion of the proceeds from the Series 2011 Obligations was used to (i) prepay a State Infrastructure Bank loan in full, (ii) redeem the Authority’s Series 2010 Notes in whole, (iii) pay capitalized interest with respect to the Series 2011 Obligations, (iv) make a deposit to the Senior Lien Debt Service Reserve Fund and the Subordinate Lien Debt Service Reserve Fund, and (v) pay certain issuance costs of the Series 2011 Obligations. The remaining proceeds of the Series 2011 Obligations were used to finance a portion of the costs of the Manor Expressway Phase II Project and as otherwise authorized in the Indenture.

The Series 2011 CIBs are scheduled to mature starting in 2026 through 2046. Interest on the Series 2011 CIBs is calculated on the basis of a 360-day year of 12, 30-day months at rates ranging from 5.75% to 6.25%. Interest on the Series 2011 CIBs is payable on each July 1 and January 1, commencing January 1, 2012. As of June 30, 2015, the outstanding principal amount is \$295.9 million.

The Series 2011 CABs are scheduled to mature starting in 2022 through 2026 at an aggregated maturity amount of \$22.1 million. The principal amount of \$9.9 million for the Series 2011 CABs represents the total amount of outstanding principal before the accreted and compounded interest as of June 30, 2015. As of June 30, 2015, the aggregate maturity amount is \$9.9 million plus the accretion of \$2.7 million.

Interest on the Series 2011 CABs will accrete from the date of initial delivery to stated maturity at rates ranging from 5.9% to 6.5% and will compound on each July 1 and January 1, commencing July 1, 2011. Such accreted and compounded interest will be paid as part of the maturity amount at stated maturity.

The amount of accumulated accreted interest on the Series 2011 CABs as of June 30, 2015 is \$2.7 million. The accumulated accreted interest is added to the outstanding principal on July 1 and January 1 of each year beginning July 1, 2011.

The Series 2011 Subordinate Lien Bonds are scheduled to mature starting in 2023 through 2041. Interest on the Series 2011 Subordinate Lien Bonds is calculated on the basis of a 360-day year of 12, 30-day months at the rate of 6.75%. Interest on the Series 2011 Subordinate Lien Bonds is payable on each July 1 and January 1, commencing January 1, 2012. As of June 30, 2015, the outstanding principal amount is \$70 million.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

Under the bond indenture relating to the Series 2011 Obligations, the debt service reserve fund for the Series 2011 Senior Lien Revenue Bonds requires an amount equal to the least of (i) the maximum annual debt service of all outstanding senior lien obligations, (ii) 1.25 times the average annual debt service of all outstanding senior lien obligations, or (iii) 10% of the aggregate amount of the outstanding senior lien obligations, as determined on the date each series of senior lien obligations is issued. The debt service reserve fund for the Series 2011 Subordinate Lien Bonds requires an amount equal to the least of (i) the maximum annual debt service on the Series 2011 Subordinate Lien Bonds, (ii) 1.25 times the average annual debt service on the Series 2011 Subordinate Lien Bonds, or (iii) 10% of the stated principal amount of the Series 2011 Subordinate Lien Bonds.

**Series 2013 Obligations** – The Authority issued its Series 2013A Senior Lien Revenue Refunding Bonds (“Series 2013A Senior Lien Bonds”), Series 2013B Senior Lien Revenue Refunding Put Bonds (“Series 2013B Senior Lien Put Bonds”), and Series 2013 Subordinate Lien Revenue Refunding Bonds (“Series 2013 Subordinate Lien Bonds”), collectively called the Series 2013 Obligations, on May 16, 2013.

The proceeds from the Series 2013 Obligations were used to (i) refund the Authority’s Series 2005 Senior Lien Revenue Bonds, the Authority’s 2005 TIFIA Bond, and the Authority’s Series 2010 Subordinate Lien BABs, (ii) make a deposit to the Subordinate Lien Debt Service Reserve Fund, and (iii) pay certain issuance costs of the Series 2013 Obligations.

The Series 2013A Senior Lien Bonds were issued as current interest bonds in the aggregate amount of \$155.8 million and are scheduled to mature on dates ranging from 2016 through 2043. Interest on the Series 2013A Senior Lien Bonds is calculated on the basis of a 360-day year of 12, 30-day months at a rate of 5%. Interest on the Series 2013A Senior Lien Bonds is payable on each July 1 and January 1, commencing July 1, 2013. As of June 30, 2015, the outstanding principal amount is \$152.5 million.

The Series 2013B Senior Lien Put Bonds were issued as current interest bonds in the aggregate amount of \$30 million, constitute variable rate obligations under the bond indenture, and are scheduled to mature starting on 2039 through 2045. Through the period that commenced on the issuance date thereof and ends on January 3, 2016 (initial multiannual rate period), the Series 2013B Senior Lien Put Bonds will bear interest at a rate of 3% per annum. Commencing on January 4, 2016, the Bonds are subject to mandatory tender at a purchase price equal to the principal amount thereof plus accrued interest to such purchase date. If, on such date, all Series 2013B Senior Lien Put Bonds are not successfully remarketed, the Authority has no obligation to purchase such Bonds on such date, and all Series 2013B Senior Lien Put Bonds will continue to be outstanding and will bear interest at a rate of 9% per annum until subsequently remarketed. As of June 30, 2015, the outstanding principal amount is \$30 million.

Interest on the Series 2013B Senior Lien Put Bonds during the initial multiannual rate period is payable on each July 1 and January 1, commencing July 1, 2013. Pursuant to the terms of the bond indenture, the Series 2013B Senior Lien Put Bonds are subject to conversion to another interest rate mode following the initial multiannual rate period.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

The Series 2013 Subordinate Lien Bonds are scheduled to mature in 2016 through 2042. Interest on the Series 2013 Subordinate Lien Bonds is calculated on the basis of a 360-day year of 12, 30-day months at the rate of 5%. Interest on the Series 2013 Subordinate Lien Bonds is payable on each July 1 and January 1, commencing July 1, 2013. As of June 30, 2015, the outstanding principal amount is \$102.5 million.

**Draw Down Note Facility** – In December 2011, the Authority entered into a secured loan agreement with a bank for a secured draw down note facility in an aggregate amount up to \$5 million (the “Draw Down Note”).

The loan bears interest at the one-month LIBOR rate plus 2.85%. The Draw Down Note matures on December 15, 2015 and requires monthly interest payments on outstanding balances. Certain funds of the Authority are collateral for the Draw Down Note.

Proceeds from the Draw Down Note are to be used to pay (i) expenses of studying the cost, design, engineering, and feasibility of transportation projects; (ii) expenses associated with securing the Draw Down Note; and (iii) the reimbursement to the Authority of costs attributable to certain preliminary cost and feasibility and other expenses relating to the preparation of financing of the transportation projects incurred prior to the execution of the Draw Down Note.

During fiscal year 2015, the Authority did not receive loan proceeds under the Draw Down Note and made principal and interest payments of \$1.3 million. The Draw Down Note has an outstanding balance of \$1.7 million as of June 30, 2015.

**2013 Note** – In June 2013, the Authority entered into a secured loan agreement with a bank for an aggregate principal amount not to exceed \$5,300,000 (the “Loan”). The Loan bears interest at 2.25% per annum and matures on January 1, 2019. The Loan requires semiannual interest payments on the outstanding balance starting January 1, 2013. Certain funds of the Authority are collateral for the Loan.

Proceeds from the Loan are to be used to pay (i) expenses of studying the cost, design, engineering, and feasibility of transportation projects; (ii) expenses associated with securing the Loan; and (iii) the reimbursement to the Authority of costs attributable to certain preliminary cost and feasibility and other expenses relating to the preparation of financing of the transportation projects incurred prior to the execution of the Loan.

The Authority received no loan proceeds during fiscal year 2015 under the Loan. The Loan has an outstanding balance of \$5.3 million as of June 30, 2015.

A portion of the Series 2010 and 2011 Bonds were sold as Capital Appreciation Bonds ("CABs"). The accreted interest on the CABs is reflected on the Statement of Net Position as additional principal and is reflected in the interest column in this table in the amount of \$19,737,828.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

### 5. Deferred Outflow of Resources

In accordance with GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, the Authority has classified all of the difference between the reacquisition price and the net carrying amount of the defeased debt as a deferred outflow of resources. The deferred outflow of resources is amortized over the term of the defeased bonds and recognized as a component of interest expense annually. The Authority has also deferred certain pension related items in accordance with applicable pension standards as noted under Note 8.

As of June 30, 2015, the Authority's deferred outflow of resource balance is composed of the following:

Deferred outflows from bond refunding	\$ 17,828,905
Employer pension contribution	144,576
Difference in pension investment assumption	64,600
Experience changes	<u>42,249</u>
	<u>\$ 18,080,330</u>

### 6. Rebatable Arbitrage

Current federal income tax law and the bond indentures require that certain arbitrage profits earned on nonpurpose investments attributable to outstanding tax-exempt bonds must be rebated to the United States Treasury. The Authority has not accrued any rebatable arbitrage as of June 30, 2015.

### 7. Risk Management

In conjunction with its normal operations, the Authority is exposed to various risks related to the damage or destruction of its assets from both natural and man-made occurrences; tort/liability claims; errors and omissions claims; and professional liability claims. As a result of these exposures, the Authority carries insurance with a governmental risk pool under an "all risks" policy. All categories of insurance coverage in place were either maintained at current levels or increased as to overall limits of coverage and reduction of self-retained risk so as to reduce the overall exposure of risk to the Authority. There were no settlements in excess of insurance coverage in 2015.

### 8. Employee Retirement Plan

**Plan Description** – The Authority participates in TCDRS. TCDRS is a non-profit public trust providing pension, disability, and death benefits for the eligible employees of participating counties and districts. TCDRS was established by legislative act in 1967 under authority of Article XVI of the Texas Constitution. The TCDRS Act (Subtitle F, Title 8, Texas Government Code) is the basis for TCDRS administration. TCDRS issues a publicly available annual financial report that includes financial statements and required supplementary information for the plan. That annual report may be downloaded at <http://www.tcdrs.com>.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

**Benefits Provided** – Effective the date of participation, the Authority provides retirement, disability and death benefits. A percentage of each employee’s paycheck is deposited into his or her TCDRS account. That percentage has been set by the Authority at 7% and has elected a matching rate of \$2 to \$1. The employee’s savings grow at a rate of 7%, compounded annually. At retirement, the employee’s account balance is combined with the Authority’s matching and converted into a lifetime monthly benefit. Employees receive a month of service time for each month that they make a deposit into their account. The amount of service an employee needs to earn a future benefit is called the vesting requirement. When an employee is vested, he or she has the right to a monthly benefit, which includes the employer matching contribution, at age 60 or older.

The Authority adopted a 10 year/Age 60 Retirement Eligibility described in Section 844.207 of the TCDRS Act, under which: (a) any TCDRS member who has 10 or more years of service credit with the District and other subdivisions that have adopted the provisions of Section 844.207 or 844.210, is a vested member and shall have the right to retire and receive a service retirement annuity after attaining age 60, unless the optional 8 year/age 60 Retirement Eligibility and/or Optional Rule 75 Retirement Eligibility is adopted, as allowed by the plan. The Authority has adopted both the Optional 8 year/Age 60 Retirement Eligibility, which allows an 8-year service eligibility requirement for vesting, service, and disability retirement; and Optional Rule 75, which allows the member to have the right to retire and receive service retirement annuity when years of such credited service added to his or her years of attained age equal or exceed 75.

Any TCDRS member who is a vested member may terminate employment with all participating subdivisions prior to attaining age 60, and remain eligible to retire and receive a service retirement annuity after attaining age 60 provided his or her membership is not terminated other than by retirement.

Any TCDRS member who is a vested member under Section 844.207(d) may retire and receive a disability retirement annuity if he or she is certified as disabled, as defined by the plan.

Any TCDRS member who has four or more years of service credit with the District and other subdivisions is eligible for purpose of the Survivor Annuity Death Benefit.

Retirees elect to receive their lifetime benefit by choosing one of seven actuarially equivalent payment options. Prior service gives employees monetary credit for time worked for an eligible organization before it joined the system. Buybacks allow current employees to re-establish a closed TCDRS account from previous service with an employer. Partial lump sum payments at retirement allow employees to withdraw part of their TCDRS account balance as a lump sum at retirement with a reduced monthly benefit. In addition, the Authority may choose to adopt a cost-of-living adjustment (“COLA”) for its retirees. This adjusts retiree benefits to restore purchasing power lost due to the effects of inflation.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

**Employees Covered by Benefit Terms** – At June 30, 2015, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	0
Inactive employees entitled to, but not yet receiving benefits	5
Active employees	<u>19</u>
Total	<u>24</u>

**Contributions** – Plan members and the Authority are required to contribute at a rate set by statute. The contribution requirements of plan members and the Authority are established and may be amended. For 2015, the contribution rate for the plan members was 7% of gross pay. The Authority pays a matching portion to the pension plan totaling 14% of gross pay for 2015, which totaled \$314,786 for 2015.

**Net Pension Liability** – The Authority's net pension liability was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

**Actuarial Assumptions** – The actuarial assumptions that determined the total pension liability as of December 31, 2014 were based on the results of an actuarial experience study for the period January 1, 2009 - December 31, 2012, except where required to be different by GASB Statement No. 68.

The total pension liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0%
Salary increases	3.5% including inflation plus average merit of 1.4%
Investment rate of return	8.1%

Mortality rates were based on the following:

***Depositing members*** – RP-2000 Healthy Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA.

***Service retirees, beneficiaries, and nondepositing members*** – The RP-2000 Combined Mortality Table with the projection scale AA, with a one-year set-forward for males and no age adjustment for females.

***Disabled retirees*** – RP-2000 Disabled Mortality Table for males with no age adjustment and RP-2000 Disabled Mortality Table for females with a two-year set-forward, both with the projection scale AA.

***Long-term rate of return on assets*** – The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS'

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

investment consultant. The numbers shown are based on January 2015 information for a 7-10 year time horizon. The valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2013.

- (1) Target asset allocation adopted at the April 2015 TCDRS Board meeting.
- (2) Geometric real rates of return in addition to assumed inflation of 1.7%, per investment consultant's 2015 capital market assumptions.
- (3) Includes vintage years 2006-present of Quarter Pooled Horizon IRRs.
- (4) Includes vintage years 2007-present of Quarter Pooled Horizon IRRs.

*Discount rate* – The discount rate used to measure the total pension liability was 8.1%. In order to determine the discount rate to be used by the employer, the TCDRS used an alternative method to determine the sufficiency of the fiduciary net position in all future years. The alternative method reflects the funding requirements under the employer's funding policy and the legal requirements under the TCDRS Act.

- (1) TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability shall be amortized as a level percent of pay over 20-year closed layered periods.
- (2) Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

- (3) The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
- (4) Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable.

***Changes in Net Pension Liability (Asset)*** – Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the Authority is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses for GASB Statement No. 68 purposes. Therefore, the system has used a discount rate of 8.1%. This rate reflects the long-term assumed rate of return on assets for funding purposes of 8.0%, net of all expenses, increased by 0.1% to be gross of administrative expenses.

<b>Changes in Net Pension Liability/(Asset)</b>			
<b>Changes in Net Pension Liability/(Asset)</b>	<b>Increase (Decrease)</b>		
	<b>Total Pension Liability (a)</b>	<b>Fiduciary Net Position (b)</b>	<b>Net Pension Liability/(Asset) (a) - (b)</b>

(1) Reflects the change in the liability due to the time value of money. TCDRS does not charge fees or interest.

(2) Relates to allocation of system-wide items.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

**Deferred Inflows and Outflows of Resources** – As of December 31, 2014, the deferred inflows and outflows of resources are as follows:

<u>Deferred Inflows/Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 42,249
Changes of assumptions	-	-
Net difference between projected and actual earnings	-	64,600
Contributions made subsequent to measurement date	-	144,576

Contributions made subsequent to the measurement date are eligible employer contributions made from January 1, 2015 through June 30, 2015. Amounts currently reported as deferred outflows of resources and deferred inflows of resources related to pensions, excluding contributions made subsequent to the measurement date, will be recognized in pension expense as follows:

Year ended December 31,	
2015	\$ 20,485
2016	20,485
2017	20,485
2018	20,485
2019	4,694
Thereafter	<u>20,216</u>
	<u>\$ 106,850</u>

The remaining balance to be recognized in future years (and included in the thereafter category), if any, will be impacted by additional future deferred inflows and outflows of resources.

### Schedule of Deferred Inflows and Outflows of Resources

	<u>Original Amount</u>	<u>Date Established</u>	<u>Original Recognition Period</u>	<u>Amount Recognized in 12/31/14 Expenses (1)</u>	<u>Balance of Deferred Inflows 12/31/2014</u>	<u>Balance of Deferred Outflows 12/31/2014</u>
Investment (gains) losses	\$ 80,751	12/31/2014	5	\$ 16,150	\$ -	\$ 64,600
Economic/demographic (gains) or losses	46,943	12/31/2014	10	4,694	-	42,249
Assumption changes or inputs	-	12/31/2014	10	-	-	-
Employer contributions made subsequent to measurement date	157,597		-	-	-	144,576

- (1) Investment losses are recognized in pension expense over a period of five years; economic/demographic losses and assumption changes or inputs are recognized over the average remaining service life for all active, inactive, and retired members.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

### 9. Disaggregation of Receivable and Payable Balances

Due from other agencies are comprised of current intergovernmental receivables and amounts due from other Texas tolling authorities related to toll tag transactions on the Authority's toll roads. The Authority does not issue toll tags; however, the Authority has contracted with TxDOT to handle customer service and operations related to the toll tag transactions at June 30, 2015. Accounts payable balances are comprised of 100% current payables to contractors and vendors at June 30, 2015.

As of June 30, 2015, the receivable from TxDOT comprises approximately 94% and the total balance are as follows:

TxDOT	\$ 30,151,439
Other agencies	<u>1,737,829</u>
Total	<u>\$ 31,889,268</u>

### 10. Commitments and Contingent Liabilities

#### **Commitments**

On May 2014, the Authority entered into a 10-year lease agreement for office space. The aggregate future minimum lease payments under the new lease are as follows:

Year ended December 31,	
2016	\$ 323,627
2017	335,395
2018	347,163
2019	358,932
2020	370,700
Thereafter	<u>1,113,407</u>
	<u>\$ 2,849,224</u>

The Authority's rental expense for fiscal year 2015 totaled \$373,000, which includes common area maintenance and property taxes.

The Authority has a capital improvement program for roadway construction projects extending into future years. As of June 30, 2015, the Authority has a capital budget of approximately \$1.095 billion for future toll projects, which may or may not materialize. Excluding the US 183 South-Bergstrom Expressway, which is described in Note 12, the Authority's contractual commitments related to its capital improvement plan are approximately \$221 million. The majority of the \$221 million is related to the MoPac Improvement Project and is expected to be funded by grant funds to be received by the Authority from TxDOT. All contracts contain a termination for convenience clause in which such contracts may be terminated, in whole or in part, for the convenience of the Authority.

# Central Texas Regional Mobility Authority

## Notes to the Financial Statements

June 30, 2015

### **Litigation**

As of June 30, 2015, the Authority is involved in various contract disputes on its construction projects. Based on the status of the claims and the information available, the Authority believes that a liability has not been incurred as of the date of the financial statements. The claims are for increased project costs relating to the MoPac Improvement Project and are approximately \$70 million. The Authority believes it has substantial defenses against these claims and the resolution of these matters will not have a material adverse effect on its financial statements.

### **11. Pension Restatement**

Effective July 1, 2014, the Authority implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date, an amendment of GASB Statement No. 68*. Upon adoption, net pension liability, deferred inflows and outflows and pension expense will now be reflected on the financial statements in accordance with the guidance provided for within the standards. The implementation resulted in a restatement of the beginning net position in 2015, the year in which the provisions of GASB Statement No. 68 were adopted. The adoption increased net position by \$685,398 and includes deferred outflows of resources of approximately \$157,000.

Net position at end of year – as previously reported	\$ 287,268,351
Implementation of GASB Statement Nos. 68 and 71	<u>685,398</u>
Net position at beginning of year – as restated	<u>\$ 287,953,749</u>

### **12. Subsequent Events**

**System Projects** – The Authority entered into an agreement with TxDOT in connection with the development and construction of the proposed US 183 South-Bergstrom Expressway in Travis County (“183S”). 183S is an 8-mile project to add three tolled lanes and three improved non-tolled frontage road lanes in each direction within the existing US 183 corridor. The Authority has received approval from TxDOT for financial assistance in the approximate amount of \$143 million, plus the value of the right-of-way, which is to be transferred from TxDOT to the Authority. The 183S project is expected to be financed with a combination of state and federal grants, revenue bonds, a TIFIA loan, and a TxDOT loan, and has a total estimated cost of \$743 million.

Effective September 4, 2015, the Authority executed a note payable with a bank in the amount of \$75 million in connection with the development and construction of 183S. The note payable has an interest rate of 0.70% and interest is payable on each January 1 and July 1. In the event the loan is not paid in full by January 1, 2016, the interest rate will be 1.79% commencing on January 1, 2016 and thereafter. The loan requires scheduled principal payments through January 1, 2018. The Authority anticipates prepaying the loan in full with a portion of the proceeds of the revenue bonds to be issued to finance a portion of the costs of 183S. The loan is secured by grant funds to be received by the Authority from TxDOT.

## Required Supplementary Information – Pension Plan

June 30, 2015

### Schedule of Changes in Net Pension Assets and Related Ratios Year Ended December 31, 2014

Total pension liability:	
Service cost	\$ 461,237
Interest on total pension liability	295,209
Effect of plan changes	-
Effect of assumption changes or inputs	-
Effect of economic/demographic (gains) or losses	46,943
Benefit payments/refunds of contributions	<u>-</u>
Net change in total pension liability	803,389
Total pension liability at beginning of year	<u>3,418,425</u>
Total pension liability at end of year (a)	4,221,814
Fiduciary net position:	
Employer contributions	327,807
Member contributions	163,979
Investment income net of investment expense	261,626
Benefit payments/refunds of contributions	-
Administrative expenses	(3,345)
Other	<u>(242)</u>
Net change in fiduciary net position	749,825
Fiduciary net position at beginning of year	3,946,226
Fiduciary net position at end of year (b)	<u>4,696,051</u>
Net pension asset at end of year = (a) - (b)	\$ <u><u>(474,237)</u></u>
Fiduciary net position as a percentage of total pension liability	111.23%
Pensionable covered payroll	\$ 2,342,556
Net pension liability (asset) as a percentage of covered payroll	(20.24%)

The Schedule of Changes in Net Pension Assets and related Ratio disclosure is required for 10 years. The schedule noted above is the only year for which the new GASB Statements have been implemented.

### Notes to Schedule of Employer Contributions and Net Pension Liability

#### *Actuarial Methods and Assumptions Used*

Following are the key assumptions and methods used in these schedules:

<b>Valuation Timing</b>	Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.
<b>Actuarial Cost Method</b>	Individual entry age normal cost method, as required by GASB Statement No. 68, used for GASB calculations. A slightly different version of the entry age normal cost method is used for the funding actuarial valuation.
<b>Asset Valuation Method</b> Smoothing period Recognition method Corridor	5 years Non-asymptotic None
<b>Economic Assumptions</b> Inflation Salary Increases  Investment Rate of Return  COLAs	3.0% 3.5% (made up of 3.0% inflation and 0.5% productivity increase assumptions) and a merit, promotion and longevity component that on average approximates 1.4% per year for a career employee  8.1%  COLAs for the Authority are not considered to be substantively automatic under GASB Statement No. 68. Therefore, no assumption for future cost-of-living adjustments is included in the GASB calculations. No assumption for future cost-of-living adjustments is included in the funding valuation.

### Demographic Assumptions

#### Retirement Age

#### Annual Rates of Service Retirement\*

<u>Age</u>	<u>Male</u>	<u>Female</u>	<u>Age</u>	<u>Male</u>	<u>Female</u>
40-44	4.5%	4.5%	62	25%	25%
45-49	9	9	63	16	16
50	10	10	64	16	16
51	10	10	65	30	30
52	10.5	10.5	66	25	25
53	10.5	10.5	67	24	24
54	10.5	10.5	68	22	22
55	11	11	69	22	22
56	11	11	70	22	22
57	11	11	71	22	22
58	12	12	72	22	22
59	12	12	73	22	22
60	14	14	74 **	22	22

\* Deferred members are assumed to retire (100% probability) at the later of: a) age 60 b) earliest retirement eligibility.

\*\* For all eligible members ages 75 and later, retirement is assumed to occur immediately.

**Other Terminations of Employment** — The rate of assumed future termination from active participation in the plan for reasons other than death, disability or retirement are all set at 0% and the rates do not vary by length of service, entry-age group (age at hire), and sex. No termination after eligibility for retirement is assumed.

## Required Supplementary Information – Pension Plan – Continued

June 30, 2015

**Withdrawals** — Members who terminate may either elect to leave their account with TCDRS or withdraw their funds. The probability that a member elects a withdrawal varies by length of service and vesting schedule. Rates applied to your plan are shown in table below. For nondepositing members who are not vested, 100% are assumed to elect a withdrawal.

### Probability of Withdrawal

<u>Years of Service</u>	<u>Probability</u>	<u>Years of Service</u>	<u>Probability</u>
0	100%	15	40%
1	100	16	38
2	100	17	36
3	100	18	34
4	100	19	32
5	60	20	30
6	60	21	28
7	55	22	26
8	50	23	24
9	49	24	22
10	48	25	20
11	47	26	15
12	46	27	10
13	44	28*	5
14	42		

\*Members with more than 28 years of service are not assumed to refund.
