Action Requested:	Consider and act on draft resolution

Project Description/Background:

The Mobility Authority is required by state statute to complete the Texas Certified Cybersecurity & artificial intelligence Training Program prior to August 31st each year and certify the completion to the Texas Department of Information Resources (DIR). The Mobility Authority utilizes a certified training program to ensure employees and board members comply with training requirements.

Texas Government Code Section 2054.5191(b) states that a cybersecurity training program must: Focus on forming information security habits and procedures that protect information resources and teach best practices for detecting, assessing, reporting, and addressing information security threats.

Government entities must complete the training requirements every year by August 31st. Additionally per the state statute, the governing board of the entity must certify the completion annually using the DIR [Cybersecurity Training Certification for State and Local Governments](#) portal.

This agenda item is requesting the board certify compliance with the cybersecurity & artificial intelligence training statutory requirement. Approval of this item would also designate the Executive Director, Chief Financial Officer or Director of Information Technology (IT) as staff authorized to report cybersecurity training compliance to the appropriate DIR entity.

Financing: N/ A

Action requested/Staff Recommendation: Staff recommends board approval for the Executive Director, Chief Financial Officer or Director of IT positions as staff authorized to report required cybersecurity training compliance to the appropriate DIR entity. Staff further recommends the board certify to DIR compliance with the annual cybersecurity required training as prescribed by state statute.
