

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 26-010

**PROHIBITING THE OPERATION OF CERTAIN MOTOR VEHICLES
ON MOBILITY AUTHORITY TOLL FACILITIES PURSUANT TO
THE HABITUAL VIOLATOR PROGRAM**

WHEREAS, Transportation Code, Chapter 372, Subchapter C, authorizes toll project entities, including the Central Texas Regional Mobility Authority (Mobility Authority), to exercise various remedies against certain motorists with unpaid toll violations; and

WHEREAS, Transportation Code §372.106 provides that a “habitual violator” is a registered owner of a vehicle who a toll project entity determines:

(1) was issued at least two written notices of nonpayment that contained:

(A) in the aggregate, 100 or more events of nonpayment within a period of one year, not including events of nonpayment for which: (i) the registered owner has provided to the toll project entity information establishing that the vehicle was subject to a lease at the time of nonpayment, as provided by applicable toll project entity law; or (ii) a defense of theft at the time of the nonpayment has been established as provided by applicable toll project entity law; and

(B) a warning that the failure to pay the amounts specified in the notices may result in the toll project entity’s exercise of habitual violator remedies; and

(2) has not paid in full the total amount due for tolls and administrative fees under those notices; and

WHEREAS, the Mobility Authority previously determined that the individuals listed in Exhibit A are habitual violators, and these determinations are now considered final in accordance with Transportation Code, Chapter 372, Subchapter C; and

WHEREAS, Transportation Code §372.109 provides that a final determination that a person is a habitual violator remains in effect until (1) the total amount due for the person’s tolls and administrative fees is paid; or (2) the toll project entity, in its sole discretion, determines that the amount has been otherwise addressed; and

WHEREAS, Transportation Code §372.110 provides that a toll project entity, by order of its governing body, may prohibit the operation of a motor vehicle on a toll project of the entity if:
(1) the registered owner of the vehicle has been finally determined to be a habitual violator; and

(2) the toll project entity has provided notice of the prohibition order to the registered owner; and

WHEREAS, the Executive Director recommends that the Board prohibit the operation of the motor vehicles listed in Exhibit A on the Mobility Authority's toll roads, including (1) 183A Toll; (2) 290 Toll; (3) 71 Toll; (4) MoPac Express Lanes; (5) 45SW Toll; and (6) 183 Toll.

NOW THEREFORE, BE IT RESOLVED that the motor vehicles listed in Exhibit A are prohibited from operation on the Mobility Authority's toll roads, effective March 25, 2026; and

BE IT FURTHER RESOLVED that the Mobility Authority shall provide notice of this resolution to the individuals listed in Exhibit A, as required by Transportation Code §372.110; and

BE IT IS FURTHER RESOLVED that the prohibition shall remain in effect for the motor vehicles listed in Exhibit A until the respective habitual violator determinations are terminated, as provided by Transportation Code §372.110.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 25th day of March 2026.

Submitted and reviewed by:

James M. Bass
Executive Director

Approved:

Robert W. Jenkins, Jr.
Chairman, Board of Directors

CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 26-011

**APPROVING THE MAXIMUM SPEED LIMIT FOR 183A TOLL FROM HERO WAY TO
JUST NORTH OF STATE HIGHWAY 29, CONSTRUCTED AS PART OF
THE 183 PHASE III PROJECT**

WHEREAS, Chapter 370 of the Transportation Code and other applicable law authorizes the Board to establish speed limits on Mobility Authority roadways; and

WHEREAS, Section 301.014 of the Policy Code provides guidelines for establishing speed limits on Mobility Authority roadways; and

WHEREAS, Section 301.015 of the Mobility Authority Policy Code publishes the speed limits for certain Mobility Authority toll facilities; and

WHEREAS, the Board has reviewed and considered the "183A Phase III Speed Limit Study" dated March 3, 2026, prepared by AtkinsRealis USA, Inc. and on file in the Mobility Authority office; and

WHEREAS, based on the 183A Phase III Speed Limit Study, the Board finds that a maximum speed limit of 75 miles per hour is a safe and reasonable speed for those who travel on the approximately 5.3 mile extension of 183A Toll from Hero Way to just north of State Highway 29 that was constructed as part of the 183A Phase III Project; and

NOW THEREFORE, BE IT RESOLVED, that the Board accepts the 183A Phase III Speed Limit Study and hereby approves the recommended maximum speed limit of 75 miles per hour on the extension of 183A Toll that was constructed as part of the 183A Phase III Project, as set forth in the 183A Phase III Speed Limit Study.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 25th day of March 2026.

**MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 26-012

**APPROVING AN AGREEMENT WITH ASPHALT INC, DBA LONE STAR PAVING
COMPANY FOR PAVEMENT REHABILITATION ON THE MOPAC EXPRESS LANE**

WHEREAS, the Central Texas Regional Mobility Authority (Mobility Authority) desires repairs for the preservation of pavement structure utilizing fog seal on the MoPac Express Lanes from W Parmer Lane to South of Enfield, excluding the section within the limits of 183 North Project (MoPac Express Lanes Fog Seal & Surface Repair Project); and

WHEREAS, by Resolution No. 25-035, dated June 25, 2025, the Board of Directors approved the Fiscal Year 2026 Operating Budget which included funds for addressing pavement rehabilitation on the MoPac Express Lanes; and

WHEREAS, the Mobility Authority advertised the MoPac Express Lanes Fog Seal & Surface Repair Project on January 26, 2026, and received one (1) bid by the bid opening on March 4 2026; and

WHEREAS, the bid was reviewed by engineering staff who determined the lowest responsive and responsible bidder to be Asphalt Inc, LLC DBA Lone Star Paving Company; and

WHEREAS, the Executive Director recommends that the Board approve a contract with Asphalt Inc, LLC DBA Lone Star Paving Company for the MoPac Express Lanes Fog Seal & Surface Repair Project in an amount not to exceed \$325,993.00 and in the form published in the bid documents attached hereto as Exhibit A.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors approves a contract with Asphalt Inc, LLC DBA Lone Star Paving Company for the MoPac Express Lanes Fog Seal & Surface Repair Project in an amount not to exceed \$325,993.00 and hereby authorizes the Executive Director to finalize and execute the contract in the form published in the bid documents attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 25th day of March 2026.

CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY

MOPAC EXPRESS LANES FOG SEAL AND SURFACE REPAIR PROJECT

CTRMA CONTRACT NO. 26SL122704M

INVITATION TO BID

Electronic proposal forms for the above project shall be submitted via the project's CivCast <https://www.civcastusa.com/project/69307e0fb78f62d4efd63180/summary> to the Central Texas Regional Mobility Authority (Authority), by **2:00 PM local time, March 04, 2026**. The bids will be publicly posted via the project's CivCast website within 48 hours after the bids are opened.

The contractor will have twelve (12) working days after the date stated in the written Full Notice to Proceed to achieve full completion of all work. The Authority reserves the right to make changes in the work to complete the contract, as defined in the specifications.

The complete list of quantities is located in the Bid Form. The principal items of work are as follows:

- Fog Seal
- Traffic Control

The Official Bid Form for this Contract will be made available to prospective bidders who have met all prequalification requirements on or before 5:00 PM local time, on February 16, 2026 via the project's CivCastUSA website <https://www.civcastusa.com/project/69307e0fb78f62d4efd63180/summary>.

Prequalification requirements:

- Be registered with State of Texas,
- Be fully prequalified using Confidential Questionnaire (CQ) process by Texas Department of Transportation (TxDOT),
- Have a bidding capacity per TxDOT prequalification system of \$1,000,000
- Submit a valid Non-Collusion Affidavit, Debarment Affidavit, and Child Support Statement,

The deadline for meeting the prequalification requirements and still obtaining an Official Bid Form is February 13, 2026 at Noon.

The Authority cannot be held liable in the event a party is unable to submit a valid bid due to delay in the prequalification procedure. Securing prequalification through TxDOT and the timing thereof, shall at all times be the sole responsibility of the Prospective Bidder.

Complete Contract documents will be available on January 26, 2026 for potential bidders and others through the Authority's website (www.mobilityauthority.com) and CivCast's website <https://www.civcastusa.com/project/69307e0fb78f62d4efd63180/summary>.

Standard Specifications (Texas Department of Transportation "Standard Specifications for Construction and Maintenance of Highways, Streets and Bridges", September 1, 2024) which form an integral part of

this Contract, are available on line at the Texas Department of Transportation (TxDOT) website (<https://www.txdot.gov/business/resources/txdot-specifications.html>).

The contract will be awarded in accordance with the Authority's Procurement policy. A copy of the Procurement Policy is available online at the Authority website: (<https://www.mobilityauthority.com/about/policy-disclaimers/code>).

For more information, please submit a question to the project team through CivCast.com.

Each bid must be accompanied by a Bid Guaranty consisting of a Bid Bond (on the form provided) in the amount of at least five percent (5%) of the Total Bid Amount. The apparent low bidder shall deliver the original sealed Bid Bond to CTRMA within five (5) calendar days of such notification.

CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY

Austin, Texas

Central Texas Regional Mobility Authority

MOPAC EXPRESS LANES FOG SEAL AND SURFACE REPAIR PROJECT

CTRMA CONTRACT NO. 26SL122704M

BID DOCUMENT CHECKLIST

Prior to submitting a bid, prospective bidders should review the checklist below to ensure that the bid is accepted and not declared nonresponsive. No joint venture participants will be allowed.

Bid Document:

- Are you aware if your affiliates are bidding on the same project?
- Are you pre-qualified by TxDOT through the Confidential Questionnaire process and have a bidding capacity of \$1,000,000.
- Have you submitted a valid Non-Collusion Affidavit, Debarment Affidavit, and Child Support Statement in order to receive an Official Bid Form?

Bid Document Preparation:

- Is the bid being submitted on the Official Bid Form via the CivCast website?
- Are you submitting only one bid for this project?
- Is the bid signed by your company representative or each joint venture participant?
- Have you entered prices for all bid items?
- Does the bid document contain all items included in the Official Bid Form?
- Does the bid document contain a total bid value?
- Is the bid free of any additional conditions not included in the bid document provided to you?
- Have you electronically submitted a complete and executed Bid Bond?
- Have you acknowledged each Addendum on CivCast?

Bid Bonds:

- Is the bid bond signed by the surety?
- Is the bid bond signed by the company representative?
- Is the exact name of the contractor(s) listed as the principal?
- Is the impressed surety seal affixed to the bid bond?
- Does the name on the surety seal match the name of the surety on the bond?
- Is the bond dated on or earlier than the letting date of the project?
- Is the signer for the surety listed on the power of attorney attached to the bond?
- Is the surety authorized to issue the bond?

Bid Document Submission:

- Are you aware of the time and date deadline for submission for the bid document?
- Are you submitting a complete bid document?

Central Texas Regional Mobility Authority

MOPAC EXPRESS LANES FOG SEAL AND SURFACE REPAIR PROJECT

CTRMA CONTRACT NO. 26SL122704M

MOPAC EXPRESS LANES FOG SEAL AND SURFACE REPAIR PROJECT CONTRACT

To the Central Texas Regional Mobility Authority
3300 N I-35, Suite 300
Austin, Texas 78705

Gentlemen:

I/we, the undersigned, declare: that no other person, firm or corporation is interested in this Bid; that I/we have carefully examined the Plans, Standard Specifications, Special Provisions, and all other documents pertaining to this Contract which form a part of this Bid as if set forth at length herein; that I/we understand that the quantities of items shown herein below are approximate only; that I/we have examined the location of the proposed work; that I/we agree to bind myself/ourselves, upon award to me/us by the Central Texas Regional Mobility Authority under this Bid, to enter into and execute a Contract, for the project named above; that I/we agree to start work within ninety (90) calendar days after the date stated in the written Notice-to-Proceed (Item 8.1 of the Specifications), to furnish all necessary materials, provide all necessary labor, equipment, tools and plant, pay for all required insurance, bonds, permits, fees and service, and do all required work in strict compliance with the terms of all documents comprising said Contract, and to fully complete the entire project within twelve (12) working days after Notice-to-Proceed; and that I/we agree to accept as full compensation for the satisfactory prosecution of this project the contractual bid amount after it is adjusted based on the terms and conditions specified in the contract.

The quantities shown in the above schedule of items are considered to be approximate only and are given as the basis for comparison of bids. The Authority may increase or decrease the amount of any item or portion of the work as may be deemed necessary or expedient. Any increase or decrease in the amount of any item or portion of work will be added or deducted from the total Contract bid price based on the terms and conditions specified in TxDOT Specification Item 4. It is understood that payment for this project will be by unit prices bid.

The cost of any work performed, materials furnished, services provided, or expenses incurred, whether or not specifically delineated in the Contract documents but which are incidental to the scope and plans, intent, and completion of this Contract, have been included in the price bid for the various items scheduled hereinabove.

Accompanying this Bid is a bid guaranty consisting of a Bid Bond (on the form provided) in the amount of at least five percent (5%) of the Official Total Bid Amount. It is hereby understood and agreed that said Bid Bond is to be forfeited as liquidated damages in the event that, on the basis of this Bid, the Authority should award this Contract to me/us and that I/we should fail to execute and deliver said Contract and the prescribed Contract Bond, together with the proof of proper insurance coverage and other necessary documents, all within fifteen (15) calendar days after award of the Contract; otherwise, said check or bond is to be returned to the undersigned.

CHILD SUPPORT STATEMENT

Under section 231.006, Family Code, the vendor or applicant certifies that the individual or business entities named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated, and payment may be withheld if this certification is inaccurate.

CHILD SUPPORT STATEMENT FOR NEGOTIATED CONTRACTS AND GRANTS

Under Family Code, Section 231.006, _____
 Certifies that _____,
 as of _____ is eligible to receive a grant, loan or payment and acknowledges
 that any contract may be terminated and payment may be withheld if this certification is inaccurate.

List below the name and social security number of the individual or sole proprietor and each partner, shareholder, or owner with an ownership interest of at least 25% of the business entity submitting the bid or application. This form must be updated whenever any party obtains a 25% ownership interest in the business entity.

NAME <i>(please print legibly, if handwritten)</i>	SOCIAL SECURITY NUMBER

Family Code, Section 231.006, specifies that a child support obligor who is more than thirty (30) days delinquent in paying child support and a business entity in which the obligor is a sole proprietor, partner, shareholder, or owner with an ownership interest of at least 25% is not eligible to receive payments from state funds under a contract to provide property, materials, or services; or receive a state-funded grant or loan.

A child support obligor or business entity ineligible to receive payments described above remains ineligible until all arrearage have been paid or the obligor is in compliance with a written repayment agreement or court order as to any existing delinquency.

Except as provided in Family Code, Section 231.302(d), a social security number is confidential and may be disclosed only for the purposes of responding to a request for information from an agency operating under the provisions of Subchapters A and D of Title IV of the federal Social Security Act (42 U.S.C. Sections 601 et seq. and 651 et seq.)

CERTIFICATION TO NOT BOYCOTT ISRAEL

Pursuant to Texas Government Code 2271.002, the Mobility Authority must include a provision requiring a written verification that the Contractor does not boycott Israel and will not boycott Israel during the term of the Contract. By signing the contract, the Contractor certifies that it does not boycott Israel and will not boycott Israel during the term of this contract.

Violation of this certification may result in action by the Mobility Authority.

**CERTIFICATION TO NOT DISCRIMINATE AGAINST
FIREARM ENTITIES OR FIREARM TRADE ASSOCIATIONS**

Pursuant to Texas Government Code 2274.002, the Department must include a provision requiring a written verification affirming that the Contractor:

- 1) does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association, as defined in Government Code 2274.001, and
- 2) will not discriminate against a firearm entity or firearm trade association during the term of the contract.

This provision applies to a contract that:

- 1) is with a Contractor that is not a sole proprietorship,
- 2) is with a Contractor with 10 or more full-time employees, and
- 3) has a value of \$100,000 or more.

By signing, the Contractor certifies that it does not discriminate against a firearm entity or firearm trade association as described and will not do so during the term of this contract.

"Discriminate against a firearm entity or firearm trade association" means, with respect to the entity or association, to: (1) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (2) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (3) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association. "Discriminate against a firearm entity or firearm trade association" does not include: (1) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; (2) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency, or for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association.

Violation of this certification may result in action by the Department.

CERTIFICATION TO NOT BOYCOTT ENERGY COMPANIES

Pursuant to Texas Government Code 2274.002, the Department must include a provision requiring a written verification affirming that the Contractor does not boycott energy companies, as defined in Government Code 809.001, and will not boycott energy companies during the term of the contract. This provision applies to a contract that:

- 1) is with a Contractor that is not a sole proprietorship,
- 2) is with a Contractor with 10 or more full-time employees, and
- 3) has a value of \$100,000 or more.

By signing, the Contractor certifies that it does not boycott energy companies and will not boycott energy companies during the term of this contract. "Boycott" means taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company: (1) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (2) does business with a company described by (1).

Violation of this certification may result in action by the Department.

Central Texas Regional Mobility Authority

MOPAC EXPRESS LANES FOG SEAL AND SURFACE REPAIR PROJECT

CTRMA CONTRACT NO. 26SL122704M

BID BOND

KNOW ALL PERSONS MEN BY THESE PRESENTS,
that _____, as Principal/Contractor, and
_____, as Surety, legally authorized to do
business in the State of Texas, are held and firmly bounded unto the Central Texas Regional
Mobility Authority, as Authority, in the amount of at least five percent (5%) percent of the Total
Bid amount, on which the Contract is awarded lawful money of the United States of America, for
the payment of which, well and truly to be made, we bind ourselves, our heirs, executors,
administrators, successors and assigns, jointly and severally and firmly by these presents:

WHEREAS, the Contractor is herewith submitting its Bid for Contract No.
26SL122704M, entitled MoPac Express Lanes Fog Seal and Surface Repair Project, and

NOW, THEREFORE, the condition of this obligation is such, that if the Contractor shall be
awarded the Contract upon said Bid and shall, within fifteen (15) calendar days after the date of
written notice of such award, enter into and deliver a signed Contract and the prescribed
Performance Bond for the faithful performance of the Contract, together with the required proof of
proper insurance coverage and other necessary documents, then this obligation shall be null and
void; otherwise, to remain in full force and effect, and the Contractor and Surety will pay unto the
Authority the difference in money between the amount of the Total Amount written in the Bid of
said Contractor and the amount for which the Authority may legally contract with another party to
perform the said work, if the latter amount be in excess of the former; but in no event shall the
Surety's liability exceed the penal sum hereof.

Central Texas Regional Mobility Authority

MOPAC EXPRESS LANES FOG SEAL AND SURFACE REPAIR PROJECT

CTRMA CONTRACT NO. 26SL122704M

CONTRACT AGREEMENT

THIS AGREEMENT, made this ____ day of _____, 20__, between the Central Texas Regional Mobility Authority, 3300 N. I-35, Suite 300, Austin, Texas, 78705, hereinafter called the "Authority" and _____, or his, its or their successors, executors, administrators and assigns, hereinafter called the Contractor.

WITNESSETH, that the Contractor agrees with the Authority for the consideration herein mentioned, and at his, its or their own proper cost and expense, to do all the work and furnish all the materials, equipment, teams and labor necessary to prosecute and complete and to extinguish all liens therefore, Contract No. 26SL122704M, entitled MoPac Express Lanes Fog Seal and Surface Repair Project, in the manner and to the full extent as set forth in the Plans, Standard Specifications, Special Provisions, Bid (for the basis of award stated herein below) and other documents related to said Contract which are on file at the office of the Authority and which are hereby adopted and made part of this Agreement as completely as if incorporated herein, and to the satisfaction of the Authority or its duly authorized representative who shall have at all times full opportunity to inspect the materials to be furnished and the work to be done under this Agreement.

This Contract is awarded on the basis of the official total Bid Amount based on the unit prices bid of _____ dollars and _____ Cents (\$ _____).

In consideration of the foregoing premise, the Authority agrees to pay the Contractor for all items of work performed and materials furnished at the amount of the unit prices bid therefore in the Bid submitted for this Contract, subject to any percentage reductions in the total Contract amount that may be named in the Bid corresponding to the basis of award stated in the above paragraph, and subject to the conditions set forth in the Specifications.

The Contractor agrees as follows:

- a. I/WE will not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin, except where religion, sex or national origin is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor.

- b. I/WE agree it is the policy of the Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, color or national origin, age or disability. Such action shall include: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and on-the-job training.
- c. I/WE agree to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
- d. I/WE in any solicitations or advertising for employees placed by or on behalf of itself, will state that it is an equal opportunity employer.
- e. I/WE agree to adhere to all federal/state regulations including, but not limited to, American Disabilities Act, Equal Employment Opportunity, submitting certified payrolls, and participating in Contractor/Subcontractor labor standard reviews.
- f. Notices and advertisements and solicitations placed in accordance with applicable state and federal law, rule or regulation, shall be deemed sufficient for the purposes of meeting the requirements of this section.
- g. Contract Time - The contractor will have twelve (12) working days after the date stated in the written Full Notice-to-Proceed to Fully complete the project.
- h. Failure by Contractor to fulfill these requirements is a material breach of the Contract, which may result in the termination of this Contract, or such other remedy, as the Authority deems appropriate.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement the day and year written above.

Proposer's business address:

(No.) (Street) (Floor or Suite)

(City) (State or Providence) (ZIP or Postal Code) (Country)

State or County of Incorporation/Formation/Organization: _____

Signature block for a corporation or limited liability company:

Company: _____

By: _____

Printed Name: _____

Title: _____

Additional Requirements:

- A. If the proposer is a corporation, enter state or country of incorporation in addition to the business address. If the proposer is a partnership, enter state or country of formation. If the proposer is a limited liability company, enter state or country of organization.
- B. Describe in detail the legal structure of the entity making the Bid. If the proposer is a partnership, attach full name and addresses of all partners and the equity ownership interest of each entity, provide the aforementioned incorporation, formation and organization information for each general partner and attach a letter from each general partner stating that the respective partner agrees to be held jointly and severally liable for any and all of the duties and obligations of the proposer under the Bid and under any contract arising therefrom. If the proposer is a limited liability entity, attach full names and addresses of all equity holders and other financially responsible entities and the equity ownership interest of each entity. If the proposer is a limited liability company, include an incumbency certificate executed by a Secretary thereof in the form set on the following page listing each officer with signing authority and its corresponding office. Attach evidence to the Bid and to each letter that the person signing has authority to do so.
- C. With respect to authorization of execution and delivery of the Bid and the Agreements and validity thereof, if any signature is provided pursuant to a power of attorney, a copy of the power of attorney shall be provided as well as a certified copy of corporate or other appropriate resolutions authorizing said power of attorney. If the Proposer is a corporation, it shall provide evidence of corporate authorization in the form of a resolution of its governing body certified by an appropriate officer of the corporation. If the Proposer is a limited liability company, evidence of authorization would be in the form of a limited company resolution and a managing member resolution providing such authorization, certified by an appropriate officer of the managing member. If the Proposer is a partnership, evidence of authorization shall be provided for the governing body of the Proposer and for the governing bodies of each of its general partners, at all tiers, and in all cases certified by an appropriate officer.
- D. The Proposer must also identify those persons authorized to enter discussions on its behalf with the Authority in connection with this Bid, the Project, and The Agreement. The Proposer shall submit with its Bid a power of attorney executed by the Proposer and each member, partner of the Proposer, appointing and designating one or more individuals to act for and bind the Proposer in all matters relating to the Bid.

_____ Dollars

(\$ _____) for the payment whereof, the said Principal and Surety bind themselves, their heirs, administrators, executors, successors, jointly and severally, by these presents:

WHEREAS, the Principal has entered into a certain written contract with the Authority, dated the _____ day of _____, 20__ (the "Contract"), to which the said Contract, along with the Contract Documents referenced therein are hereby referred to and made a part hereof as fully and to the same extent as if copied at length herein.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH, that if the said Principal shall faithfully perform said Agreement and shall in all respects duly and faithfully observe and perform all and singular the covenants, conditions and agreements in and by the Contract agreed and covenanted by the Principal to be observed and performed, and according to the true intent and meaning of said Contract and the Contract Documents hereto annexed, then this obligation shall be void; otherwise to remain in full force and effect.

PROVIDED, HOWEVER, that this bond is executed pursuant to the provisions of Chapter 2253 of the Texas Government Code, as amended and all liabilities on this bond shall be determined in accordance with the provisions of said Chapter to the same extent as if it were copied at length herein.

SURETY, for value received, stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Agreement or to the work performed thereunder, or to the Contract Documents referenced therein, shall in anyway affect the obligations on this bond, and it does hereby waive notice of such change, extension of time, alteration or addition to the terms on the Agreement, or to the work to be performed thereunder.

IN WITNESS WHEREOF, the said Principal and Surety have signed and sealed this instrument this _____ day of _____, 20__.

Central Texas Regional Mobility Authority

MOPAC EXPRESS LANES FOG SEAL AND SURFACE REPAIR PROJECT

CTRMA CONTRACT NO. 26SL122704M

ENGINEER'S SEAL

The enclosed Specifications, Special Provisions, General Notes, and Specification Data in this document have been selected by me, or under my responsible supervision as being applicable to this project.

Alteration of a sealed document without proper notification to the responsible engineer is an offence under the Texas Engineering Practice Act.

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

GENERAL NOTES:

GENERAL

The “Engineer” shall be the Central Texas Regional Mobility Authority’s (Mobility Authority or CTRMA) consultant identified by the Mobility Authority at the Pre-Construction Meeting.

References to manufacturer’s trade name or catalog numbers are for the purpose of identification only. Similar materials from other manufacturers are permitted if they are of equal quality, comply with the specifications for this project, and are approved by the Mobility Authority.

Perform work during good weather. If work is damaged by a weather event, the Contractor is responsible for all costs associated with replacing damaged work.

Remove and replace, at the Contractor’s expense, and as directed, all defective work, which was caused by the Contractor’s workforce, materials, or equipment.

Equip all construction equipment used in roadway work with highly visible omnidirectional flashing warning lights.

Contractor is responsible for verifying the location of all utilities (overhead and underground) and notifying the Engineer of any discrepancies before beginning construction. Contractor shall contact utility companies 48 hours prior to construction and take “caution” in areas where utilities are close together to avoid damaging the utilities.

Both TxDOT owned and CTRMA owned Intelligent Transportation Systems (ITS) and Electronic Toll Collection (ETC) Systems Infrastructure may exist within the limits of this project. All ITS and ETC Systems must remain operational throughout project construction. The exact location of underground ITS Infrastructure may not be known. Backbone and hub communication fiber links are critical and must be maintained for the duration of the project and beyond.

Short periods for switchovers must be approved in writing by CTRMA and shall be scheduled with both TxDOT and CTRMA at least 30 days in advance. Scheduled changeovers should occur at night.

Use caution when working near ITS/ETC Infrastructure to avoid damage. Repair any damage to the ITS, ETC, and Infrastructure within 8 hours of occurrence at no cost to TxDOT/CTRMA. In the event of TxDOT system damage, notify TxDOT at (512) 974-0883 and the Toll Operations Division at (512) 874-9177 within one hour of occurrence. In the event of CTRMA system damage, notify the CTRMA Director of Operations at (512) 996-9778 within one hour of occurrence. Failure of the Contractor to repair damage within 8 hours of occurrence to any infrastructure that conveys any corridor information to TxDOT/CTRMA will result in the Contractor being billed for the full cost of emergency repairs performed by others. Upon completion of installation of permanent fiber optic duct bank and cable and switchover from temporary to permanent has been made, remove all temporary fiber optic cable, timber poles, messenger cable and ground boxes. Temporary conduit to existing ground boxes shall be separated from existing ground boxes and access port to ground box shall be repaired.

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

Supply litter barrels in enough numbers at locations as directed to control litter within the project. Consider subsidiary to pertinent Items.

Use a self-contained vacuum broom to sweep the roadway and keep it free of sediment as directed by the Engineer. The contractor will be responsible for any sweeping above and beyond the normal maintenance required to keep fugitive sediment off the roadway as directed by the Engineer. Consider subsidiary to pertinent items.

Damage to existing pipes, inlets, and SETs due to Contractor operations will be repaired at Contractor's expense.

All locations used for storing construction equipment, materials, and stockpiles of any type, within the ROW, will be as directed by the Engineer. Use of ROW for these purposes will be restricted to those locations where driver sight distance to businesses and side street intersections is not obstructed and at other locations where an unsightly appearance will not exist. The Contractor will not have exclusive use of ROW but will cooperate in the use of the ROW with the city/county, various public utility companies and other contractors as required.

Protect all areas of the right of way (ROW), which are not included in the actual limits of the proposed construction areas, from disturbance. Restore any area disturbed because of the Contractor's operations to a condition as good as, or better than, before the beginning of work at no cost to the Mobility Authority.

Coordinate and obtain approval for all work over existing roadways.

The Project Superintendent will always be available to contact when work is being performed, including subcontractor work. The Superintendent will be available and on-call 24 hours a day.

During evacuation periods for Hurricane events the Contractor will cooperate with the Mobility Authority and TxDOT for the restricting of Lane Closures and arranging for Traffic Control to facilitate Coastal Evacuation Efforts.

Overhead and underground utilities may exist in the vicinity of the project. The exact location of underground utilities may not be known. Refer to ITEM 5 – CONTROL OF THE WORK, for utility rates. If working near power lines, comply with the appropriate sections of Local Legal Requirements, Texas State Law, and Federal Regulations relating to the type of work involved.

Contractor is responsible for all toll charges incurred by Contractor vehicles.

ITEM 4 – SCOPE OF WORK

Final cleanup will include the removal of excess material considered detrimental to vegetation growth along the front slope of the ditch. Materials, as specified by the Engineer, will be removed at the Contractor's expense.

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

ITEM 5 – CONTROL OF THE WORK

Provide a 48-hour advance email notice to AUS_Locate@txdot.gov to request illumination, traffic signal, ITS, or toll equipment utility locates on TxDOT's system. Provide 2-week advance notice to the Engineer to request locates on the Mobility Authority's system.

Before the Mobility Authority or its contractor begins work on State right of way, the entity performing the work shall provide TxDOT with a fully executed copy of TxDOT's Form 1560 Certificate of Insurance verifying the existence of coverage in the amounts and types specified on the Certificate of Insurance for all persons and entities working on State right of way. This coverage shall be maintained until all work on TxDOT right of way is complete. If coverage is not maintained, all work on State right of way shall cease immediately, and TxDOT may recover damages and all costs of completing the work.

Cooperate and coordinate with other Contractors working within the limits or adjacent to the limits.

Electronic Shop Drawing Submittals:

Submit electronic shop drawing submittals according using the Mobility Authority's Electronic Data Management System (EDMS), which will be established for the Project prior to commencing construction. Submittals will be addressed to the Construction, Engineering and Inspections (CE&I) Firm's Resident Engineer (RE) and additional staff, as appropriate.

ITEM 6 – CONTROL OF MATERIALS

Give a minimum of 5 business days notice for materials which require inspection at the Plant.

ITEM 7 – LEGAL RELATIONS AND RESPONSIBILITIES

Roadway closures during key dates, significant traffic generators, and/or special events are prohibited. See notes for Item 502 for the key dates and/or special events.

Erosion control and stabilization measures must be initiated immediately in portions of the site where construction activities have temporarily ceased and will not resume for a period of time exceeding 14 calendar days. Track all exposed soil, stockpiles and slopes. Tracking consists of operating a tracked vehicles or equipment up and down the slope, leaving track marks perpendicular to the direction of the slope. Re-track slopes and stockpiles after each rain event or every 14 days, whichever occurs first. This work is subsidiary.

Do not park equipment where driver sight distance to businesses and side street intersections is obstructed, especially after work hours. If it is necessary to park where drivers' views are blocked, make every effort to flag traffic accordingly. Give the traveling public first priority.

Perform maintenance of vehicles or equipment at designated maintenance sites. Keep a spill kit on-site during fueling and maintenance. This work is subsidiary.

Maintain positive drainage for permanent and temporary work for the duration of the project. Be responsible for any items associated with the temporary or interim drainage and all related maintenance. This work is subsidiary.

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

Collect wastewater generated on-site by chemical toilets and transport off the recharge zone and dispose of properly.

Suspend all activities near any significant recharge features, such as sinkholes, caves, or any other subterranean openings that are discovered during construction or core sampling. Do not proceed until the designated Geologist or TCEQ representative is present to evaluate and approve remedial action.

For projects with PSLs in Edwards Aquifer Recharge/Contributing Zone or in USACE Jurisdictional Area:

Project Specific Location (PSL) in Edwards Aquifer Recharge and Contributing Zone

Obtain written approval from the Engineer for all on or off right of way PSLs not specifically addressed in the plans. Provide a signed SW3P sketch of the location 30 business days prior to use of the PSL. Include a list of materials, equipment and portable facilities that will be stored at the PSL.

PSL in USACE Jurisdictional Area

Do not initiate activities in a PSL associated with a U.S. Army Corps of Engineers (USACE) jurisdictional area that have not been previously evaluated by the USACE as part of the permit review of this project. Such activities include, but are not limited to, haul roads, equipment staging areas, borrow and disposal sites. Associated defined here means materials are delivered to or from the PSL. The jurisdictional area includes all waters of the U.S. including wetlands or associated wetlands affected by activities associated with this project. Special restrictions may be required for such work. Consult with the USACE regarding activities, including PSLs that have not been previously evaluated by the USACE. Provide the Mobility Authority with a copy of all USACE coordination and approvals before initiating activities.

Proceed with activities in PSLs that do not affect a USACE jurisdictional area if self-determination has been made that the PSL is non-jurisdictional or proper clearances have been obtained in USACE jurisdictional areas or have been previously evaluated by the USACE as part of the permit review of this project. Document any determinations that PSL activities do not affect a USACE jurisdictional area. Maintain copies of PSL determinations for review by the Mobility Authority or any regulatory agency. The Contractor must document and coordinate with the USACE, if required, before any excavation material hauled from or embankment material hauled into a USACE jurisdictional area by either (1) or (2) below.

Restricted Use of Materials for the Previously Evaluated Permit Areas. When an area within the project limits has been evaluated by the USACE as part of the permit process for this project:

- a) suitable excavation of required material in the areas shown on the plans and cross sections as specified in Standard Specification Item 110, Excavation is used for permanent or temporary fill within a USACE jurisdictional area;
- b) suitable embankment from within the USACE jurisdictional area is used as fill within a USACE evaluated area;
- c) Unsuitable excavation or excess excavation that is disposed of at an approved location within a USACE evaluated area.

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

Contractor Materials from Areas Other than Previously Evaluated Areas. Provide the Mobility Authority with a copy of all USACE coordination and approvals before initiating any activities in a jurisdictional area within the project limits that has not been evaluated by the USACE or for any off right of way locations used for the following, but not limited to, haul roads, equipment staging areas, borrow and disposal sites:

- a) Standard Specification Item 132, Embankment is used for temporary or permanent fill within a USACE jurisdictional area;
- b) Unsuitable excavation or excess excavation that is disposed of outside a USACE evaluated area.

Work over or near Bodies of Water (Lakes, Rivers, Ponds, Creeks, etc.)

Keep on site a universal spill kit adequate for the body of water and the work being performed. No debris is allowed to fall into a body of water. Debris that falls into the water must be removed at the end of each work day. Debris that falls into the floodway must be removed at the end of each work week or prior to a rain event. This work is subsidiary.

DSHS Asbestos and Demolition Notification

Complete and provide the Texas Department of State Health Services (DSHS) notification form to the Engineer at least 30 calendar days prior to bridge or bridge class culvert removal or renovation. Notify the Engineer via email of any changes to the Work Start and End Dates.

Migratory Birds and Bats.

Migratory birds and bats may be nesting within the project limits and concentrated on roadway structures such as bridges and culverts. Remove all old and unoccupied migratory bird nests from any structures, trees, etc. between September 16 and February 28. Prevent migratory birds from re-nesting between March 1 and September 15. All methods used for the removal of old nesting areas and the prevention of re-nesting must be submitted to the Mobility Authority 30 business days prior to begin work. This work is subsidiary.

If active nests are encountered on-site during construction, all construction activity within 50 ft. of the nest must stop. Contact the Engineer to determine how to proceed.

No extension of time or compensation payment will be granted for a delay or suspension of work due to the above bird and bat requirements. This work is subsidiary.

Law Enforcement Personnel.

Submit charge summary and invoices using Mobility Authority-provided forms.

Patrol vehicles must be clearly marked to correspond with the officer's agency and equipped with appropriate lights to identify them as law enforcement. For patrol vehicles not owned by a law enforcement agency, markings will be retroreflective and legible from 100 ft. from both sides and the rear of the vehicle. Lights will be high intensity and visible from all angles.

No payment will be made for law enforcement personnel needed for moving equipment or payment for drive time to/from the event site. A minimum number of hours is not guaranteed. Payment is for work performed. If the Contractor has a field office, provide an office location for a supervisory officer when event requires a supervising officer. This work is subsidiary.

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

A maximum combined rate of \$85 per hour for the law enforcement personnel and the patrol vehicle will be allowed. Any scheduling fee is subsidiary per Standard Specification 502.4.2.

Cancel law enforcement personnel when the event is canceled. Cancellation, minimums or "show up" fees will not be paid when cancellation is made 12 hours prior to beginning of the event. Failure to cancel within 12 hours will not be cause for payment for cancellation, minimums, or "show up" time. Payment of actual "show up" time to the event site due to cancellation will be on a case by case basis at a maximum of 2 hours per officer.

Alterations to the cancellation and maximum rate must be approved by the Engineer or pre-determined by official policy of the officers governing authority.

Back Up Alarm

For hours 9 PM to 5 AM, utilize a non-intrusive, self-adjusting noise level reverse signal alarm. This is not applicable to hot mix or seal coat operations. This is subsidiary.

ITEM 8 – PROSECUTION AND PROGRESS

The Contractor will have 12 working days from commencement of construction in the field to have all installations complete. Electronic versions of schedules will be saved in native format and delivered in native and PDF formats.

Working days will be charged based on a seven-day workweek.

Work is allowed to be performed during the nighttime, with prior approval, per Article 8.3.

Provide via email a baseline schedule in Gantt chart format.

Provide via email a 1-week look-ahead schedule in Gantt chart format. Submit weekly by noon on Friday. Designate each activity as night or day shift and include the name of the foreman or contractor. The chart shall have a specific section dedicated solely to lane closures and detours. Each lane closure and detour shall be an individual item on the schedule.

Lane Closure Assessments will be assessed as shown in the **Table 1** below.

Any unauthorized lane closures will be assessed to the Contractor as noted in **Table 1** below. All Lane Closure Assessments for the Contractor will be subtracted from the value of the payment application for that associated period.

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

Table 1: Lane Closure Assessment Rates

Lane Closure Period	Late Charges (Per Lane)	
	SL 1	
	Lane	Shoulder
0-15 mins	\$1,000	\$1,000
15-30 mins	\$2,000	\$2,000
30-45 mins	\$3,000	\$3,000
45-60 mins	\$4,000	\$4,000
Every additional 15-minute interval after 1 hour	\$2,000	\$2,000

For example: If the contractor has one lane of traffic closed on US 290 until Monday at 5:32 AM, the contractor is 32 minutes outside of the allowable lane closure period. The late charges will be accrued as follows:

$$1 \text{ lane closed} \times [\$1,000 + \$1,000 + \$1,000] = \$3000$$

Emergency lane closures are not subject to lane closure assessments. Emergency lane closures are defined as closures caused by circumstances other than those caused by the contractor and shall be approved by the Mobility Authority.

Refer to Table 2. Allowable Lane Closure of Item 502 – Barricades, Signs, and Traffic Handling for available lane closure times.

Lane Closure Assessments for unauthorized shoulder closures will apply to both the main lane shoulders and to the general-purpose lane shoulders.

ITEM 9 – MEASUREMENT AND PAYMENT

Provide full-time, off-duty, uniformed, certified peace officers in officially marked vehicles, as part of traffic control operations, as directed by the Engineer.

Show proof of certification by the Texas Commission on Law Enforcement Standards.

No payment will be made for peace officers unless the Contractor completes the proper Department tracking form. Submit invoices that agree with the tracking form for payment at the end of each month, when approved services were provided. Request the tracking form from the Department.

No payment for officers used for moving equipment without prior written approval.

Cancel “Off-Duty” Peace Officers and their Motor Vehicle Units when the Scheduled lane closures are canceled. Failure to cancel the Off-Duty Officers and their respective Motor Vehicle Units will not be the cause for payment, by Mobility Authority, for “Show Up” time.

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

ITEM 315 – FOG SEAL

Application rate is 0.14 GAL/SY.

Road surface should be swept clean prior to fog seal application in accordance with Item 738 – Cleaning and Sweeping Highways. This work is subsidiary.

Placement shall stay within the travel lane only and be 6” away from pavement markings. In-lane pavement markings shall be covered prior to fog seal application, this work is subsidiary. In-lane pavement markings that are damaged will be replaced by the contractor, and is subsidiary to this item.

In scenarios where the application rate is exceeded, a spill occurs, and/or sand is used during the fog seal application, the contractor shall be responsible for replacing the PFC to restore drainage in accordance with TEX-256-F.

Any appurtenances, including but not limited to, concrete barriers, retaining walls, pavement markings, and raised pavement markers which are affected by the fog seal application shall be cleaned or replaced by the contractor. This work is subsidiary.

The contractor is responsible for assuring that the fog seal mixture is cured prior to re-opening lanes to traffic. A minimum curing time of 24 hours is required for the fog seal mixture after application. If any damage is done to the fog seal application due to insufficient curing time, the area shall be re-sprayed and is considered subsidiary to this Item.

Prior to fog seal work, 2 water flow tests (1 in each direction), shall be performed in accordance with Tex-246-F at locations directed by the Engineer. Testing areas shall be dried prior to fog seal application. After the fog seal has been allowed to cure for 24 hours, contractor to perform 2 water flow tests at the exact same locations as the previous tests. All testing work is subsidiary.

ITEM 502 – BARRICADES, SIGNS, AND TRAFFIC HANDLING

Cover, relocate or remove existing signs that conflict with traffic control. Install all permanent signs, delineation, and object markers required for the operation of the roadway before opening to traffic. Use of temporary mounts is allowed or may be required until the permanent mounts are installed or not impacted by construction. Maintain the temporary mounts. This work is subsidiary.

Do not set up traffic control when the pavement is wet.

Maintain access to all streets and driveways at all times, unless otherwise approved. Considered subsidiary to the pertinent Items.

Table 2. Allowable Lane Closure

Roadway	Limits	Allowable Closure Time*
MoPac Express Lanes	5 th Street to Parmer Lane	Friday 9 PM to Monday 5 AM

* Allowable Closure Time includes setup and cleanup time.

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

At the contractor's request, the inside SL 1 general purpose lane may be closed between 9PM and 5AM. Delineator posts may be removed to facilitate access to the work area but must be placed back before 5AM. Any delineator posts or bases which are damaged during the fog seal application shall be replaced by the contractor and is subsidiary to this item.

For roadways without defined allowable closure times, nighttime lane closures will be allowed from 9 PM to 5 AM. Unless stated, daytime or Friday night lane closures will not be allowed and one lane in each direction will remain open at all times for all roadways.

Full mainlane closures will not be allowed. Full ramp closures must be approved by the Engineer.

Law Enforcement Officers required for lane closures.

No closures will be allowed the weekends adjacent to, working day prior, and working day after the National Holidays defined in the Standard Specifications and Easter weekend. No closures will be allowed on Friday and the weekends for Austin City Limits Fest, Formula 1 United States Grand Prix, South by Southwest, UT home football games, Republic of Texas Rally, Rodeo Austin or other special events that could be impacted by the construction. All lanes will be open by noon of the day before these special events. The closure restrictions may be amended by the Engineer.

To account for directional traffic volumes, begin and end times of closures may be shifted equally by the Engineer. The closure duration will remain. Added compensation is not allowed.

Submit an emailed request for a lane closure (LCN) to the Mobility Authority using the CTRMA's electronic document management system and include the weather forecast for the proposed working days. Receive concurrence prior to implementation. Submit a cancellation of lane closures a minimum of 18 hours prior to implementation.

Blanket requests for extended periods are not allowed. Max duration of a request is 2 weeks prior to requiring resubmittal. Provide 2-hour notice prior to implementation and immediately upon removal of the closure.

For MoPac Express Lanes and roadways not listed in Table 2: Submit the request a minimum of 48 hours prior to the closure and by the following deadline immediately prior to the closure: 11AM on Tuesday or 11AM on Thursday.

For all roadways: Submit request for traffic detours and full roadway closures 7 days prior to implementation.

Cancellations of accepted closures (not applicable to full closures or detours) due to weather will not require resubmission in accordance with the above restrictions if the work is completed during the next allowable closure time.

In the case of an unauthorized lane closure, all approved LCNs will be revoked until a meeting is held between the contractor and the Engineer. No lane closure notices will be approved until the meeting is concluded.

Meet with the Engineer prior to lane closures to ensure that sufficient equipment, materials, devices, and workers will be used. Take immediate action to modify traffic control, if at any time

Project Number: 26SL122704M

County: Travis

Highway: State Loop 1

backup (queuing) becomes greater than 20 minutes. Have a contingency plan of how modification will occur. Consider inclement weather prior to implementing the lane closures.

Coordinate Main Lane closures with adjacent projects including those projects owned by other agencies and departments.

1

Closures that conflict with adjacent contractor will be prioritized according to critical path work per latest schedule. Conflicting critical path or non-critical work will be approved for first LCN submitted. Denial of a closure due to prioritization or other reasons will not be reason for time suspension, delay, overhead, etc.

Shadow Vehicle with TMA is required for setup/removal of traffic control devices.

ITEM 503 – PORTABLE CHANGEABLE MESSAGE SIGN

1

Provide a minimum of 3 “Electronic” Portable Changeable Message Sign(s) (EPCMS) as part of the traffic control operation for the duration of the project. All EPCMS will be exclusive to this project, unless otherwise approved. Placement location and message as directed by the Engineer.

1

Place appropriate number of “Electronic” Portable Changeable Message Signs (EPCMS) at locations requiring lane closures for 10 calendar days prior to the closures, or as directed by the Engineer. Obtain approval for the actual message that will appear on the boards. If more than two phases of a message are required per board, provide additional EPCMS’s to meet the two-phases-per-board requirement. Provide a replacement within 12 hours. EPCMS will be available for traffic control, event notices, roadway conditions, service announcements, etc.

Place PCMS 10 calendar days prior to begin work stating “NIGHT LANE CLOSURES, BEGINS [INSERT DATE]”.

Place PCMS at time of LCN request. Place the PCMS at the expected end of queue caused by the closure. When the closure is active, revise the message to reflect the actual condition during the closure, such as “RIGHT LN CLOSED XXX FT”.

ITEM 505 – TRUCK MOUNTED ATTENUATOR AND TRAILER ATTENUATOR

The TMA/TA used for installation/removal of traffic control for a work area will be subsidiary to the TMA/TA used to perform the work.

For projects involving multiple work locations within a single day, the contractor must assess and determine the total number of TMAs or TAs required to complete the work. Payment for each unit used will be made in accordance with the specifications and the relevant bid item. Total payment for each day will not exceed the number of units designated for the project per working day (e.g two operations utilizing two units will equate to two days of payment). Any additional operation using one of the two TMAs will not be subject to an additional day of payment.

Central Texas Regional Mobility Authority

MOPAC EXPRESS LANES FOG SEAL AND SURFACE REPAIR PROJECT

CTRMA CONTRACT NO. 26SL122704M

SPECIFICATION LIST

PREFACE:

The "Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges" of the Texas Department of Transportation, 2024, as amended and augmented by the Supplemental Specifications following, shall govern the performance of the Contract. These specifications hereby are made a part of the Contract as fully and with the same effect as if set forth at length herein.

Attention is directed to the fact that any other documents printed by the Texas Department of Transportation modifying or supplementing said "Standard Specifications", such as Standard Supplemental Specifications, Special Provisions (by the Department), Notice to Bidders, etc., do not form a part of this Contract nor govern its performance, unless specifically so-stated in the Supplemental Specifications herein contained.

Attention is directed to the use of "Proposal" in standard TxDOT documents included in this contract (Standard Specifications, Special Provisions, & Special Specifications) is equivalent to "Bid" in the Mobility Authority's documents. This shall be accounted for when working contract documents prepared by the Mobility Authority with those standards prepared by TxDOT.

Attention is directed to the use of "Department" in standard TxDOT documents included in this contract (Standard Specifications, Special Provisions, & Special Specifications) is equivalent to "Mobility Authority" in the Mobility Authority's documents.

References made to specific section numbers in these Special Provisions, or in any of the various documents which constitute the complete Contract Documents, shall, unless otherwise denoted, be construed as referenced to the corresponding section of the "Standard Specifications" issued by the Texas Department of Transportation in 2024.

CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY
GOVERNING SPECIFICATIONS AND SPECIAL PROVISIONS

(STANDARD SPECIFICATIONS, SPECIAL PROVISIONS, AND SPECIAL SPECIFICATIONS)

WHERE DISCREPANCIES OCCUR BETWEEN THE TECHNICAL SPECIFICATIONS, THE FOLLOWING DESCENDING ORDER OF PRIORITY SHALL GOVERN: (1) SPECIAL CONDITIONS, (2) SPECIAL PROVISIONS TO SPECIAL SPECIFICATIONS, (3) SPECIAL SPECIFICATIONS, (4) SPECIAL PROVISIONS, AND (5) STANDARD SPECIFICATIONS.

ALL SPECIFICATIONS AND SPECIAL PROVISIONS APPLICABLE TO THIS PROJECT ARE IDENTIFIED AS FOLLOWS:

STANDARD SPECIFICATIONS: ADOPTED BY THE TEXAS DEPARTMENT OF TRANSPORTATION SEPTEMBER 1, 2024. STANDARD SPECIFICATIONS ARE INCORPORATED INTO THE CONTRACT BY REFERENCE.

ITEMS 1-9 GENERAL REQUIREMENTS AND COVENANTS

ITEM 315 FOG SEAL (300) (316)

ITEM 500 MOBILIZATION

ITEM 502 BARRICADES, SIGNS, AND TRAFFIC HANDLING

SPECIAL SPECIFICATIONS:

N/A

GENERAL:

THE ABOVE-LISTED SPECIFICATION ITEMS ARE THOSE UNDER WHICH PAYMENT IS TO BE MADE. THESE, TOGETHER WITH SUCH OTHER PERTINENT ITEMS, IF ANY, AS MAY BE REFERRED TO IN THE ABOVE-LISTED SPECIFICATION ITEMS, AND INCLUDING THE SPECIAL PROVISIONS LISTED ABOVE, CONSTITUTE THE COMPLETE SPECIFICATIONS FOR THIS PROJECT.

Special Provision to Item 000

Nondiscrimination

1. DESCRIPTION

All recipients of federal financial assistance are required to comply with various nondiscrimination laws, including Title VI of the Civil Rights Act of 1964, as amended (Title VI). Title VI forbids discrimination against anyone in the United States on the grounds of race, color, or national origin by any agency receiving federal funds.

The Texas Department of Transportation, as a recipient of federal financial assistance, and under Title VI and related statutes, ensures that no person will on the grounds of race, religion (where the primary objective of the financial assistance is to provide employment in accordance with 42 USC 2000d-3), color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any Department programs or activities.

2. DEFINITION OF TERMS

Where the term "Contractor" appears in the following six nondiscrimination clauses, the term "Contractor" is understood to include all parties to Contracts or agreements with the Department.

3. NONDISCRIMINATION PROVISIONS

During the performance of this Contract, the Contractor agrees as follows.

- 3.1. **Compliance with Regulations.** The Contractor must comply with the Regulations pertinent to nondiscrimination in federally assisted programs of the United States Department of Transportation 49 CFR 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Contract.
- 3.2. **Nondiscrimination.** The Contractor, regarding the work performed during the Contract, must not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor must not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the Contract covers a program set forth in Appendix B of the Regulations.
- 3.3. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment.** In all solicitations either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, the Contractor must notify each potential subcontractor or supplier of the Contractor's obligations under this Contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.
- 3.4. **Information and Reports.** The Contractor must provide all information and reports required by the Regulations or directives issued pursuant thereto, and must permit access to its books, records, accounts, other sources of information, and facilities as may be determined by the Recipient or the Department to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Contractor must so certify to the Recipient, or the Department as appropriate, and must set forth what efforts it has made to obtain the information.
- 3.5. **Sanctions for Noncompliance.** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this Contract, the Recipient must impose such Contract sanctions as it or the Department may

determine to be appropriate, including, but not limited to actions defined in Article 7.1., "Ethics," or Article 5.1., "Authority of Engineer."

- 3.6. **Incorporation of Provisions.** The Contractor must include the provisions of Sections 3.1–3.6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The Contractor must take such action with respect to any subcontract or procurement as the Recipient or the Department may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that, in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request the Recipient to enter into such litigation to protect the interests of the Recipient, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

Special Provision 000

Important Notice to Contractors

1. GENERAL

In accordance with Texas Transportation Code §223.012, the Engineer will evaluate Contractor performance based on quality, safety, and timeliness of the project.

2. DEFINITIONS

- 2.1. **Project Recovery Plan (PRP).** A formal, enforceable plan developed by the Contractor, in consultation with the District, that documents the cause of noted quality, safety, and timeliness issues and specifies how the Contractor proposes to correct project-specific performance deficiencies.

In accordance with 43 TAC §9.23, the District will request a PRP if the Contractor's performance on a project is below the Department's acceptable standards and will monitor the Contractor's compliance with the established plan.

- 2.2. **Corrective Action Plan (CAP).** A formal, enforceable plan developed by the Contractor, and proposed for adoption by the Construction Division or Maintenance Division, that documents the cause of noted quality, safety, and timeliness issues and specifies how the Contractor proposes to correct statewide performance deficiencies.

3. CONTRACTOR EVALUATIONS

In accordance with 43 TAC §9.23, the Engineer will schedule evaluations at the following intervals, at minimum:

- interim evaluations at or within 30 days after the anniversary of the Notice to Proceed, for Contracts extending beyond 1 yr. and
- final evaluation, upon project closeout.

In case of a takeover agreement, neither the Surety nor its performing Contractor will be evaluated.

In addition to regularly scheduled evaluations, the Engineer may schedule an interim evaluation at any time to formally communicate issues with quality, safety, or timeliness. Upon request, work with the Engineer to develop a PRP to document expectations for correcting deficiencies.

Comply with the PRP as directed. Failure to comply with the PRP may result in additional remedial actions available to the Engineer under Item 5, "Control of the Work." Failure to meet a PRP to the Engineer's satisfaction may result in immediate referral to the Performance Review Committee for consideration of further action against the Contractor.

The Engineer will consider and document any events outside the Contractor's control that contributed to the failure to meet performance standards or comply with a PRP, including consideration of sufficient time.

Follow the escalation ladder if there is a disagreement regarding an evaluation or disposition of a PRP. The Contractor may submit additional documentation pertaining to the dispute. The District Engineer's decision on a Contractor's evaluation score and recommendation of action required in a PRP or follow-up for noncompliance is final.

4. DIVISION OVERSIGHT

Upon request of the Construction Division or Maintenance Division, develop and submit for Division approval a proposed CAP to document expectations for correcting deficiencies in the performance of projects statewide.

Comply with the CAP as directed. The CAP may be modified at any time up to completion or resolution after written approval of the premise of change from the Division. Failure to meet an adopted or revised adopted CAP to the Division's satisfaction within 120 days will result in immediate referral to the Performance Review Committee for consideration of further action against the Contractor.

The Division will consider and document any events outside the Contractor's control that contributed to the failure to meet performance standards or comply with a CAP, including consideration of sufficient time and associated costs as appropriate.

5. PERFORMANCE REVIEW COMMITTEE

The Performance Review Committee, in accordance with 43 TAC §9.24, will review at minimum all final evaluations, history of compliance with PRPs, any adopted CAPs including agreed modifications, any information about events outside a Contractor's control contributing to the Contractor's performance, and any documentation submitted by the Contractor and may recommend one or more of the following actions:

- take no action,
- reduce the Contractor's bidding capacity,
- prohibit the Contractor from bidding on one or more projects,
- immediately suspend the Contractor from bidding for a specified period of time, by reducing the Contractor's bidding capacity to zero, or
- prohibit the Contractor from being awarded a Contract on which they are the apparent low bidder.

The Deputy Executive Director will determine any further action against the Contractor.

6. APPEALS PROCESS

In accordance with 43 TAC §9.25, the Contractor may appeal remedial actions determined by the Deputy Executive Director.

Special Provision 000

Certificate of Interested Parties (Form 1295)

Submit a Form 1295, "Certificate of Interested Parties," in the following instances:

- at contract execution for contracts awarded by the Mobility Authority;
- at any time there is an increase of \$300,000 or more to an existing contract (change orders, extensions, and renewals); or
- at any time there is a change to the information in Form 1295, when the form was filed for an existing contract.

Form 1295 and instructions on completing and filing the form are available on the Texas Ethics Commission website.

Special Provision 000

Schedule of Liquidated Damages

For Dollar Amount of Original Contract		Dollar Amount of Daily Contract Administration Liquidated Damages per Working Day
From More Than	To and including	
0	1,000,000	760
1,000,000	3,000,000	968
3,000,000	5,000,000	1107
5,000,000	15,000,000	1527
15,000,000	25,000,000	2095
25,000,000	50,000,000	3072
50,000,000	Over 50,000,000	5093

In addition to the amount shown in Table 1, the Liquidated Damages will be increased by the amount shown in Item 8 "Prosecution and Progress," of the General Notes for Road User Cost (RUC), when applicable.

Special Provision to Item 000

Small Business Enterprise in State-Funded Projects

1. DESCRIPTION

The purpose of this Special Provision is to implement the Department's policy of ensuring that SBEs have an opportunity to participate in the performance of Contracts. If the SBE goal is greater than zero, Section 2.1., "Article A—SBE Goal is Greater than Zero," will apply to this Contract; otherwise, Section 2.2., "Article B—No SBE Goal," will apply. The percentage goal for SBE participation in the work to be performed under this Contract will be in accordance with the proposal.

2. DEFINITIONS

A Small Business Enterprise (SBE) is a firm certified as such by the Department. Firms certified as Historically Underutilized Businesses (HUBs) by the Texas Comptroller of Public Accounts and as Disadvantaged Business Enterprises (DBEs) by the Texas Uniform Certification Program automatically qualify as SBEs.

2.1. Article A—SBE Goal is Greater than Zero.

2.1.1. **Policy.** The Department is committed to providing contracting opportunities for small businesses. Therefore, it is the Department's policy to develop and maintain a program to facilitate contracting opportunities for small businesses. Consequently, the requirements of the Department's SBE Program apply to this Contract as follows.

The Contractor will make a good faith effort to meet the SBE goal for this Contract.

The Contractor and any subcontractors will not discriminate on the basis of race, color, national origin, age, disability, or sex in the award and performance of this Contract. These nondiscrimination requirements must be incorporated into any subcontract and purchase order.

After a conditional award is made to the low Bidder, the Department will determine the adequacy of a Contractor's efforts to meet the Contract goal, in accordance with Section 2.1.2., "Contractor's Responsibilities." If the requirements in accordance with Section 2.1.2., "Contractor's Responsibilities," are met, the Contract will be forwarded to the Contractor for execution.

The Contractor's performance in meeting the SBE goal during the construction period of the Contract will be monitored by the Department.

2.1.2. **Contractor's Responsibilities.** These requirements must be satisfied by the Contractor. An SBE Contractor may satisfy the SBE requirements by performing at least 25% of the Contract work with their own organization in accordance with Item 8, "Prosecution and Progress."

The Contractor must complete an SBE Commitment Agreement Form for each SBE-certified firm the Contractor intends to use to satisfy the SBE goal. The SBE Commitment Agreement Form must be submitted to the Department's Civil Rights Division (CIV) in Austin, Texas, no later than 5 P.M. on the 10th business day, excluding national holidays, after the conditional award of the Contract. When requested, additional time not to exceed 7 business days, excluding national holidays, may be granted based on documentation submitted by the Contractor.

A Contractor that cannot meet the Contract goal, in whole or in part, must document the good faith efforts taken to meet the SBE goal. The Department will consider as good faith efforts all documented explanations

that are submitted and that describe a Contractor's failure to meet an SBE goal or obtain SBE participation, including:

- advertising in general circulation, trade association, and minority- or women-focused media regarding subcontracting opportunities,
- dividing the Contract work into reasonable portions in conformance with standard industry practices,
- documenting reasons for rejection or meeting with the rejected SBE to discuss the rejection,
- providing qualified SBEs with adequate information pertinent to bonding, insurance, plans, Specifications, scope of work, and the requirements of the Contract,
- negotiating in good faith with qualified SBEs, not rejecting qualified SBEs that are also the lowest responsive Bidder; and
- using the services of available minorities and women; community organizations; Contractor groups; local, state, and federal business assistance offices; and other organizations that provide support services to SBEs.

The good faith effort documentation is due at the time and place in accordance with this Section. CIV will evaluate the Contractor's documentation. If it is determined that the Contractor has failed to meet the good faith effort requirements, the Contractor will be given an opportunity for reconsideration by the Department.

Should the Bidder to which the Contract is conditionally awarded refuse, neglect, or fail to meet the SBE goal or demonstrate to the Department's satisfaction sufficient efforts to obtain SBE participation, the proposal guaranty filed with the bid will become the property of the State, not as a penalty, but as liquidated damages.

The Contractor must not terminate an SBE subcontractor submitted on a commitment agreement for a Contract with an assigned goal without the prior written consent of the Department.

The Contractor must designate an SBE contact person who will administer the Contractor's SBE program and who will be responsible for submitting reports, maintaining records, and documenting good faith efforts to use SBEs.

The Contractor must inform the Department of the representative's name, title, and telephone number within 10 days of beginning work.

2.1.3. **Eligibility of SBEs.** The Department certifies the eligibility of SBEs.

Firms certified as SBEs are listed in the Department's online directory located at <https://txdot.txdotcms.com/>.

Only firms certified at the time of letting or at the time the commitments are submitted are eligible to be used in the information furnished by the Contractor in accordance with Section 2.1.2., "Contractor's Responsibilities."

Certified HUBs and DBEs are eligible as SBEs.

The Department's SBE Program is governed by 43 TAC, Chapter 9, Subchapter K, "Small Business Enterprise (SBE) Program."

2.1.4. **Determination of SBE Participation.** SBE participation will be counted toward meeting the SBE goal in this Contract in accordance with the following.

A Contractor will receive credit for all payments actually made to an SBE for work performed and costs incurred in accordance with the Contract, including all subcontracted work.

An SBE Contractor or subcontractor may not subcontract more than 75% of a Contract. The SBE must perform no less than 25% of the value of the Contract work with their own organization in accordance with Item 8.

An SBE may lease equipment consistent with standard industry practice. An SBE may lease equipment from the prime Contractor if a rental agreement, separate from the subcontract specifying the terms of the lease arrangement, is approved by the Department before the SBE starting the work in accordance with the following.

- If the equipment is of a specialized nature, the lease may include the operator. If the practice is generally acceptable with the industry, the operator may remain on the lessor's payroll. The operator of the equipment must be subject to the full control of the SBE, for a short term, and involve a specialized piece of heavy equipment readily available at the jobsite.
- For equipment that is not specialized, the SBE must provide the operator and be responsible for all payroll and labor compliance requirements.

- 2.1.5. **Records and Reports.** The Contractor must submit monthly reports of SBE payments (including payments to HUBs and DBEs) to the Area Engineer's Office after work begins. These reports will be due within 15 days after the end of a calendar month.

These reports will be required until all SBE subcontracting or supply activity is completed. The SBE Progress Report must be used for monthly reporting. Upon completion of the Contract and before receiving the final payment, the Contractor must submit the SBE Final Report to the Area Engineer's Office and a copy to the District Construction Office. These forms may be obtained from CIV and reproduced as necessary. The Department may verify the amounts being reported as paid to SBEs by randomly requesting copies of invoices and cancelled checks paid to SBEs. When the SBE goal requirement is not met, documentation supporting good faith efforts, in accordance with Section 2.1.2., "Contractor's Responsibilities," must be submitted with the SBE Final Report.

SBE subcontractors and suppliers should be identified on the monthly report by SBE certification number, name, and the amount of actual payment made to each during the monthly period. These reports are required regardless of whether SBE activity has occurred in the monthly reporting period.

All such records must be retained for 3 yr. following completion of the Contract work and be available at reasonable times and places for inspection by authorized representatives of the Department.

- 2.1.6. **Compliance of Contractor.** To ensure compliance with SBE requirements of this Contract, the Department will monitor the Contractor's efforts to involve SBEs during the performance of this Contract. This will be accomplished by a review of monthly reports submitted by the Contractor indicating their progress in achieving the SBE Contract goal and by compliance reviews conducted by the Department.

A Contractor's failure to comply with the requirements of this Special Provision will constitute a material breach of this Contract. In such a case, the Department reserves the right to employ remedies as the Department deems appropriate in the terms of the Contract.

- 2.2. **Article B—No SBE Goal.**

- 2.2.1. **Policy.** It is the Department's policy that SBEs will have an opportunity to participate in the performance of Contracts.

- 2.2.2. **Contractor's Responsibilities.** If there is no SBE goal, the Contractor must offer SBEs an opportunity to participate in the performance of Contracts and subcontracts. If an SBE is used, the requirements in accordance with Section 2.1.4., "Determination of SBE Participation," will apply.

- 2.2.3. **Prohibit Discrimination.** The Contractor and any subcontractor will not discriminate on the basis of race, color, national origin, religion, age, disability, or sex in the award and performance of Contracts. These nondiscrimination requirements must be incorporated into any subcontract and purchase order.

- 2.2.4. **Records and Reports.** The Contractor must submit annual reports pertinent to SBEs (including HUBs and DBEs) to the Area Engineer's Office by August 31 or at project completion, whichever comes first.

These reports will be required until all SBE subcontracting or supply activity is completed. The SBE Progress Report must be used for reporting. Upon completion of the Contract and before receiving the final payment, the Contractor must submit the SBE Final Report to the Area Engineer's Office and a copy to the District Construction Office. These forms may be obtained from CIV and reproduced as necessary. The Department may verify the amounts being reported as paid to SBEs by randomly requesting copies of invoices and cancelled checks paid to SBEs.

SBE subcontractors and suppliers should be identified on the report by SBE certification number, name, and the amount of actual payment made.

All such records must be retained for 3 yr. following completion of the Contract work and be available at reasonable times and places for inspection by authorized representatives of the Department.

Special Provision to Item 1

Abbreviations and Responsibilities

Item 1, "Abbreviations and Definitions," of the Standard Specifications, is hereby amended with respect to the clauses cited below, and no other clauses or requirements of this Item are waived or changed hereby.

Article 1. is supplemented with the following:

1.0. General Statement:

For this Contract, the Standard Specifications for Construction and Maintenance of Highways, Streets and Bridges, September 1, 2024 (the "Texas Standard Specifications"), all documents referenced therein, and all manuals, bulletins, supplements, specifications, and similar materials issued by the Texas Department of Transportation ("TxDOT"), or any predecessor or successor thereto, which are applicable to this Contract, are hereby modified with respect to the terms cited below and no others are changed hereby.

The term "State", "State of Texas", "State Highway Agency", "State Highway Department Of Texas", "State Department of Highways and Public Transportation", "Texas State Department Of Highways and Public Transportation", "Texas Department of Transportation", "Department", "Texas Turnpike Authority", "State Department of Highways and Public Transportation Commission", "Texas Department of Transportation Commission", "Texas Transportation Commission", or "State Highway Commission", shall, in the use of The Texas Standard Specifications, Special Provisions and Special Specifications and General Notes and Specification Data pertaining thereto, and required contract provisions for Federal-Aid construction contracts, for all work in connection with Central Texas Regional Mobility Authority, projects and all extensions enlargements, expansions, improvements, and rehabilitations thereto, be deemed to mean Central Texas Regional Mobility Authority, unless the context clearly indicates a contrary meaning.

Article 2, "Abbreviations," is supplemented with the following:

CTRMA Central Texas Regional Mobility Authority

Article 3.28., "Commission", is voided and replaced by the following:

3.28. Commission. The Central Texas Regional Mobility Authority Board or authorized representative.

Article 3.33., "Construction Contract", is voided and replaced by the following:

3.33. Construction Contract. The agreement between the Central Texas Regional Mobility Authority and the Contractor establishing the obligations of the parties for furnishing of materials and performance of the work prescribed in the Contract Documents.

Article 3.46., "Debar (Debarment)", is voided and replaced by the following:

3.46 Debar (Debarment). Disqualification of an entity from bidding on or entering into a Contract with the Mobility Authority, federal government or state government, from participating as a subcontractor under a Contract with the Mobility Authority, federal government or state government, and from participating as a supplier of materials or equipment to be used under a Contract with the Mobility Authority, federal government or state government. Refer to 43 TAC 1.2, "Definitions".

Article 3.47., "Department", is voided and replaced by the following:

3.47. Department. Central Texas Regional Mobility Authority, unless the context clearly indicates a contrary intent and meaning.

Article 3.48., "Departmental Material Specifications", is voided and replaced by the following:

3.48. Departmental Material Specifications (DMS). Reference specifications for various materials published by the Texas Department of Transportation Materials and Tests Division (MTD).

Article 3.55., "Engineer", is hereby deleted and replaced by the following:

3.55 Engineer. The Central Texas Regional Mobility Authority Coordinator or their duly authorized representative.

Article 3.77., "Letting Official", is hereby deleted and replaced by the following:

3.77. Letting Official. An employee of the Central Texas Regional Mobility Authority empowered by the Central Texas Regional Mobility Authority to officially receive bids and close the receipt of bids at a letting.

Article 3.107., "Proposal Form", is voided and replaced by the following:

3.107. Proposal Form. The document issued by the Central Texas Regional Mobility Authority for a proposed Contract that includes:

- the specific locations (except for non-site-specific work) and description of the proposed work;
- an estimate of the various quantities and kinds of work to be performed or materials to be furnished;
- a schedule of items for which unit prices are requested;
- the number of working days within which the work is to be completed (or reference to the requirements); and
- the special provisions and special specifications applicable to the proposed Contract.

Article 3.113., "Referee Tests", is voided and replaced by the following:

3.113. Referee Tests. Tests requested to resolve differences between Contractor and Engineer test results. The referee laboratory is a mutually agreed to 3rd party commercial laboratory.

Article 3.135., "State", is voided and replaced by the following:

3.135. State. Central Texas Regional Mobility Authority.

3.163. Mobility Authority. The Central Texas Regional Mobility Authority, an agency created under Texas Transportation Code Chapter 370 and approved by the Texas Transportation Commission, together with its members, partners, employees, agents officers, directors, shareholders, representatives, consultants, successors, and assigns. The Mobility Authority's principal office is presently located at 3300 N. I-35, Suite 300, Austin, Texas 78705.

3.164. Bid Form. The form provided by the Mobility Authority used by the bidder to submit a bid. Electronic bid forms for the project shall be submitted via the project's CivCast website.

3.165. Full Completion of all Work (or to Fully Complete all Work). The completion of all work specified under this Contract as evidenced by the Formal Acceptance thereof by the Mobility Authority.

3.166. Standards. Whenever the Plans and/or Specifications refer to "Standard Sheets" or "Design Details" such reference shall be construed to mean the set of drawings issued by the Design Divisions, Texas Department of Transportation, and entitled "Standard Sheets". Only those standards or standard drawings specifically referred to by number on the Plans or in the various Contract Documents are applicable to work on this Contract.

Whenever in the various Contract Documents term, "Department" or "State" appears, it shall be replaced by the term, "Central Texas Regional Mobility Authority." Similarly, the term, "Executive Director" shall be replaced by the term, "Central Texas Regional Mobility Authority Coordinator".

Whenever in the Texas Department of Transportation Specifications and Standard Drawings the term, "Department" or "Texas Department of Transportation" appears, it shall be replaced by the term, "Central Texas Regional Mobility Authority," except in references to said Texas Department of Transportation as being the author of certain Specifications and Standard Drawings, and in reference to said Department as the agency prequalifying prospective Bidders.

Whenever in the Texas Department of Transportation Specifications and Standard Drawing the term, "District Engineer" appears, it shall be replaced by the term, "Central Texas Regional Mobility Authority Coordinator.

3.167. Substantial Completion. Substantial Completion shall be defined as occurring when all of the following conditions are met:

- All project work requiring lane or shoulder closures or obstructions is completed, and traffic is utilizing the lane arrangement as shown on the plans for the finished roadway.
- All signs, traffic control devices, and pavement markings are in their final position at this time.
- All sidewalks and shared use paths are opened for public use.

3.168. Provisional Award. Award given by the Mobility Authority to the Contractor after the Board of Directors approves the contract and is contingent on TxDOT approval. The Contractor is not required to provide bonds, insurance or their SBE Commitment Agreement Form.

Special Provision to Item 2

Instructions to Bidders

Item 2, "Instructions to Bidders," of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 3, "Issuing Proposal Forms," first two sentences are replaced with the following:

Mobility Authority will issue an Official Bid Form to a prequalified Bidders. The online bid form will be made available to the prequalified bidders on the CivcastUSA website:

Prequalification requirements:

- Be registered with State of Texas,
- Be fully prequalified using Confidential Questionnaire (CQ) process by Texas Department of Transportation (TxDOT),
- Have a bidding capacity per TxDOT prequalification system of \$1,000,000,
- Email a valid Non-Collusion Affidavit, Debarment Affidavit, and Child Support Statement to Barath.PasupathyNathan@atkinsrealis.com and Beteseb.Shibikom@atkinsrealis.com and include a phone number, email address and physical address for point of contact.

Article 2.3., "Issuing Proposal Forms," is supplemented by the following:

The Department may not issue a proposal form if one or more of the following apply:

- The Contractor has been defaulted in accordance with Article 8.7., "Default of Contract" (a default for performance) on a previous Contract with the Department within the last 3 years
- The Contractor is not in compliance with Texas Government Code Sections 2155.089 and 2262.055.

Special Provision to Item 3

Award and Execution of Contract

Item 3, "Award and Execution of Contract" of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 1, "Award of Contract," is deleted in its entirety and replaced with the following:

The Mobility Authority will award or reject the Contract within 60 calendar days after the opening of the proposal at the sole discretion of the Mobility Authority.

Article 4.3., "Insurance," is supplemented by the following:

The Contractor shall be the named insured, and the following entities shall be endorsed as additional insureds on a primary and non-contributory basis: Central Texas Regional Mobility Authority, Texas Department of Transportation.

These entities shall be additional insureds to this policy with respect to liability arising out of the acts, errors, and omissions of any member of the Contractor and Subcontractors whether occurring on or off of the site, notwithstanding any other provisions of the Contract Documents.

The Authority Board, the Authority, Texas Department of Transportation, the State of Texas, the Commission and their respective successors, assigns, officeholders, officers, directors, commissioners, consultants and employees shall be listed as "additional insureds" with respect to any insurance for which the contractor must obtain an "additional insured" rider or amendment.

The Commercial General Liability, Automobile Liability and Excess Liability policies shall be endorsed to name CTRMA as an additional insured for any claims arising out of this project. The Contractor shall provide CTRMA with certificates of insurance from all contractors and subcontractors. The certificates shall state that each Contractor waives all rights of subrogation against the CTRMA and that coverage shall not be modified or cancelled without thirty (30) days written notice to CTRMA.

Table 2 is deleted in its entirety and replaced with the following:

Type of Insurance	Amount of Coverage
Commercial General Liability Insurance	Including products/completed operations liability and contractual liability , in the amount of \$1,000,000 per occurrence for bodily injury and property damage
Business Automobile Policy	In the amount of \$1,000,000 per occurrence for bodily injury and property damage
Workers' Compensation	Providing statutory benefits, and Employers Liability with limits of \$1,000,000
Excess Liability Insurance	In the amount of \$5,000,000 per occurrence and aggregate

Special Provision to Item 4

Scope of Work

Item 4, "Scope of Work," of the Standard Specifications, is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 4.4., "Changes in the Work," Delete the following two paragraphs:

"If the changes in quantities or the alternations do not significantly change the character of the work under the Contract, the altered work will be paid for at the Contract unit price. If the changes in quantities or the alterations significantly change the character of the work, the Contract will be amended by a change order. If no unit price exists, this will be considered extra work and the Contract will be amended by a change order. Provide cost justification as requested, in an acceptable format.

Payment will not be made for anticipated profits on work that is eliminated."

and replace with the following:

"The Engineer may require deviations to the Work through a written directive. Payment for the deviations and quantity overruns will be made through the Contingency Allowance. Deviations and quantity overruns will be paid for at the unit prices submitted at the bidding stage. Deviations requiring new unit prices will be negotiated and made through the Contingency Allowance. Costs exceeding the Contingency Allowance will be addressed using the change order process.

Upon completion of the Work, the total contract value will be adjusted to provide for the difference, if any, between the total amount of expenditures from the Contingency Allowance and the original amount of the Contingency Allowance. The Contractor is not entitled to all or any part of an unexpended balance of the Contingency Allowance.

When changes are made that do not fall under the Contingency Allowance, the Contract will be amended by a Change Order. Provide cost justification as requested, in an acceptable format. Payment will not be made for anticipated profits on work that is eliminated."

Special Provision to Item 4

Scope of Work

Item 4, "Scope of Work," of the Standard Specifications, is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 4.7., "Dispute or Claims Procedure," Delete the paragraphs under this article in their entirety and replace with the following:

"The dispute resolution policy promotes a cooperative attitude between the Engineer, Contractor, and Contractor's subcontractors working through the Contractor. Emphasis is placed on resolving issues while they are still current, at the project office, and in an informal manner with the Engineer. Open sharing of information is encouraged by all parties involved so the information provided completely and accurately reflects the issues and facts. If information is not shared, decisions may be limited to relying on the documentation that is available for review.

If the dispute cannot be resolved at the project level, initiate the Contract claims procedure by submitting a claim to the Mobility Authority's Director of Engineering.

If the claim cannot be resolved between the Contractor and the Director of Engineering, the contractor may escalate the claim by submitting the claim to the Executive Director of the Mobility Authority.

The Contractor, or subcontractor through the Contractor, will file a Contract claim request and a detailed report that provides the basis for the claim. The detailed report will include relevant facts of the claim, cost or other data supporting the claim, a description of any additional compensation requested, and documents supporting the claim.

The claim must include the following certification: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Mobility Authority is liable; and that I am duly authorized to certify the claim on behalf of the Contractor."

If a claim has been submitted and the Contractor wishes to resume negotiations with the Engineer, notify the Director of Engineering in writing of the intent to resume negotiations at the Engineer level and request review of the claim be suspended by the Director of Engineering pending the outcome of the negotiations.

File a claim after completion of the Contract or when required for orderly performance of the Contract. For a claim resulting from enforcement of a warranty period, file the claim no later than 1 yr. after expiration of the warranty period. For all other claims, file the claim no later than 1 yr. after the date the Mobility Authority issues notice to the Contractor that they are in default, the date the Mobility Authority terminates the Contract, or the date of final acceptance of the Contract. It is the Contractor's responsibility to submit requests in a timely manner.

Special Provision to Item 5

Control of the Work

Item 5, "Control of the Work," of the Standard Specifications, is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 5.12., "Final Acceptance," is supplemented by the following:

Contractor warrants all materials and workmanship and that the work is in conformance with the Bid Documents and Plans included in this Contract for a period of one year from the date of the Certificate of Final Acceptance of the entire project. Said warranty binds Contractor to correct any work that does not conform with such Bid Documents and Plans or defects in workmanship or materials furnished under this Contract which may be discovered within said one year period. Contractor must, at its own expense, correct any such defect within 30 days after receiving written notice of such defect from Mobility Authority by repairing the same to the condition called for in the Contract. Should Contractor fail or refuse to repair such defect within said 30-day period or to provide acceptable assurances that such repair work will be completed within a reasonable time thereafter, Mobility Authority may repair or cause to be repaired any such defect by calling the Contractor's Warranty Bond.

Special Provision to Item 6

Control of Materials

Item 6, "Control of Materials," of the Standard Specifications, is hereby amended with respect to the clauses cited below, and no other clauses or requirements of this Item are waived or changed hereby.

Article 4., "Sampling, Testing, and Inspection," is supplemented by the following:

Quality Control testing of all materials, construction items, or products incorporated in the work shall be performed by the Contractor according to the contract specifications at the Contractor's expense.

Quality Assurance sampling and testing for acceptance will be performed by the Mobility Authority's Construction Representative/Observer in accordance with the Quality Control (QC) / Quality Assurance (QA) program outlined in the Quality Assurance Plan (QAP). The cost of such tests will be incurred by the Mobility Authority and coordinated by the Mobility Authority's Construction Representative/Observer through funds made available to the Construction Representative/Observer under his/her agreement with the Mobility Authority for the professional services related to construction engineering and inspection on the Project.

Special Provision to Item 7

Legal Relations and Responsibilities

Item 7, "Legal Relations and Responsibilities" of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Under **Article 7.3., "Laws To Be Observed"**, **Article 7.5., "Patented Devices, Materials and Processes"**, **Article 7.12., "Responsibility For Hazardous Materials"**, and **Article 7.15., "Responsibility For Damage Claims"**, "State" is voided and replaced by "Central Texas Regional Mobility Authority and TxDOT".

Article 7.3., "Laws To Be Observed," is supplemented by the following:

By entering into Contract, the Contractor agrees to provide or make available to the Mobility Authority records, including electronic records related to the Contract for a period of 3 years after the final payment. No person or entity other than TxDOT may claim third -party beneficiary status under this Contract or any of its provisions, nor may any non-party sue for personal injuries or property damage under this Contract.

Special Provision to Item 8

Prosecution and Progress

Item 8, "Prosecution and Progress," of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 8.6., "Failure to Complete Work on Time," is supplemented by the following.

- 6.1. **Lane Closure Assessment Fees.** Monetary assessment, as shown on the plans, will be made against the Contractor for any lane closure or obstruction that overlaps into the peak-hour traffic for each time increment shown on the plans or portion thereof, per lane, regardless of the length of lane closure or obstruction.
- 6.1.1. **Definition of Terms.** For this Contract, the following definitions apply.
 - 6.1.1.1. **Time Increment.** Any continuous defined increment of time or portion thereof for a period beginning at that point when lanes are closed or obstructed by the Contractor's operations.
 - 6.1.1.2. **Assessment Fee.** The amount shown on the proposal for each defined time increment, representing the average cost of interference and inconvenience to the road user for each lane closed or obstructed during peak-hour traffic. The Engineer may allow a proportional fee assessment for closures that do not involve an entire defined time increment.
 - 6.1.1.3. **Closure or Obstruction.** When the Contractor's operations result in a reduced lane width of the travel way or shoulder less than that shown on the plans.
 - 6.1.1.4. **Peak-Hour Traffic Times.** Schedule of days and times described in the General Notes when lane closures or obstructions are not allowed.
- 6.1.2. **Fee Calculation and Collection.** The assessment fee will be deducted from the amount due to the Contractor on the monthly construction estimate, and thus retained by the Department. The Engineer will determine the time of overlap of lane closures or obstructions for calculating the assessment fee. The fee is based on road user costs and is assessed not as a penalty, but for added expense incurred by the traveling public.

Special Provision to Item 8

Prosecution and Progress

Item 8, "Prosecution and Progress," of the Standard Specifications, is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 8.5., "Project Schedules" is supplemented by the following

The progress schedule required for this project is the critical path method schedule (CPM schedule) as described herein. The Contractor shall prepare and submit for review and acceptance a cost loaded schedule of proposed working progress for the entire contract duration. The Engineer will provide a template with milestones from other contracts and non-construction activities for the Contractor to use in the development of their schedule. The Engineer shall also provide a Work Breakdown Structure (WBS) as well as the required report layouts for the Contractor to use to develop the progress schedule for this Contract.

Immediately after receipt of notice of award, the Division Engineer and the Contractor will establish a mutually agreeable date on which the preconstruction meeting will be held. The Contractor's project superintendent and other individuals representing the Contractor who are knowledgeable of the Contractor's proposed progress schedule or who will be in charge of major items of the work shall attend the preconstruction conference.

After work on the project has begun, construction conferences will be held periodically. The construction conferences are to be scheduled at times that are mutually agreeable to both the project superintendent and the Resident Engineer. It shall be the superintendent's responsibility to attend the conferences.

Section 8.5.2 "Progress Schedule" is supplemented by the following:

The Contractor shall provide a schedule that shows the various activities of Work in sufficient detail to demonstrate a reasonable and workable plan to complete the Project by the Original Contract Completion Date and any interdependent milestones identified by the Engineer or required by Contract. Show the order and interdependence of activities and the sequence for accomplishing the Work. Describe all activities in sufficient detail so that the Engineer can readily identify the Work and measure the progress of each activity.

Section 8.5.3 "Schedule Format" is supplemented by the following:

The Contractor shall use a compatible version of Oracle Primavera P6 or comparable scheduling software to generate the CPM schedule. It is the Contractor's responsibility to verify with the Engineer the software and version being used for this project and shall maintain the required version for the entire contract duration. The use of Microsoft Project and Primavera Project Planner (P3) and other scheduling software is prohibited.

The progress schedule shall contain the following Administrative Identifier Information:

- (1) Project Name
- (2) Contract Number
- (3) Date of Contract
- (4) Construction Completion Date
- (5) Contractor's Name
- (6) Contractor's Contact Information

The CPM schedule must reflect the scope of work and include the following:

- (1) Clear identification of tasks to be completed based on Section or Special Provisions included in the Project Manual and as listed in Pay Items, including subcontractor work activities.
- (2) Include calculations of resources required (Cost, Labor, Equipment) for constructing all facilities within the Contract duration. Specific calculations shall be provided to show quantities, manpower / crews, and equipment to support the critical path. The Contractor shall be capable of calculating the maximum crew size anticipated if any activities become critical, so the Contractor is prepared when a critical path changes or a new path occurs.
- (3) Float for each Activity.
- (4) Activities for submittals (shop drawings).
- (5) Punchlist activities with sufficient duration for the Engineer's inspection and acceptance before the final completion date
- (6) Activities for submittal review time by the Engineer, including time range showing start and end dates.
- (7) Working and shop drawing preparation, submittal, and review for acceptance.
- (8) Material and equipment procurement, fabrication and delivery; identify any long lead items as separate activities.
- (9) Owner furnished and/or installed materials and equipment shall be identified as separate activities.
- (10) NTP / Start of construction
- (11) Required phasing
- (12) Maintenance of traffic requirements as required by the contract (if any)
- (13) Intermediate completion dates (if any)
- (14) Identified interdependent milestones (if any)
- (15) Seasonal limitation/observation periods/moratoriums
- (16) Beginning and end of each traffic control work area and road openings
- (17) Other similar activities and project milestones established in the Contract Documents.
- (18) Substantial Completion Date
- (19) Final Acceptance Date
- (20) All required Reports layouts as requested by the Engineer

Section 8.5.4 "Activity Format" is supplemented by the following:

Activity requirements are discussed in further detail as follows:

- (1) Activity Identification (ID) - Assign each activity a unique identification number. The format for the identification number will be provided by the Engineer. All activities must begin with the same activity ID prefix as provided by the Engineer.
- (2) Activity Description - Assign each activity an unambiguous descriptive word or phrase. For example, use "Excavate Area A," not "Start Excavation."
- (3) Activity Codes – The Engineer will provide the activity code dictionary in the template. The Contractor will assign the appropriate codes to each activity.
- (4) Activity Original Duration - Assign a planned duration in working days for each activity. Do not exceed a duration of 10 working days for any activity unless accepted by the Engineer. Each activity shall have a minimum duration of 1 working day. Do not represent the maintenance of traffic, erosion control, and other similar items as single activities extending to the Completion Date. Break these Contract Items into component activities in order to meet the duration requirements of this paragraph.
- (5) Finish-to-Start Relationships - Unless allowed in writing by the Engineer, use only finish-to-start relationships with no leads or lags to link activities. All activities, except the first activity, shall have a predecessor(s). All activities, except the final activity, shall have a successor(s).
- (6) Calendars – The Engineer will provide pre-defined calendars as part of the template. The Contractor shall assign these pre-defined calendars to the appropriate activities. The Contractor may create new project specific

- calendars to represent their standard work schedule using the pre-defined calendars as a basis. The Contractor may not edit pre-defined calendars.
- (7) Constraints – Unless allowed in writing by the Engineer, do not use constraints in the schedule.
 - (8) Resources – Manpower and equipment shall be reflected for all activities. Incidental costs to construction shall be equally spread out across all activities. Front loaded schedules are not allowed.
 - (9) The schedule shall show the total cost of performing each activity and shall include the total labor, material, equipment and general conditions.
 - (10) The sum of cost for all activities shall equal the total Contract.
 - (11) The summed value of that portion of the activities allocated to each Contract bid item shall equal the total value of the corresponding Contract bid item.
 - (12) The Contractor shall allocate a value for unit price or lump sum contract bid items to each activity in the schedule. No Lump sum amounts should exceed \$100,000.

Section 8.5.5.2 “Critical Path Method” The first paragraph is voided and replaced by the following:

The Contractor shall submit to the Engineer within the timeframes specified the baseline CPM schedule in a bar chart format showing the critical path in red, using both hard copy and in electronic formats. Electronic formats shall be compatible with the Engineer’s computer systems. Also, submit the following information:

- (1) Written narrative – Explains the sequence of work, the controlling operations, intermediate completion dates, milestones, project phasing, anticipated work schedule and estimated resources. In addition, explain how permit requirements, submittal tracking and coordination with subcontractors, utility companies, railroads and other third party entities will be performed. The narrative shall itemize and describe the critical path (i.e. access limitations, constraints, shift work), and compare early and late date or Contract Milestone activities, and describe any critical resources.
- (2) CPM Schedule in a Bar Chart Format – Include the Administrative Identifier Information discussed above on the first page of the schedule. For each activity on the chart, indicate the Activity ID, Activity Description, Original Duration, Remaining Duration, Changes to Duration, Total Float, Early Start Date, Early Finish Date, and Calendar Name. Use arrows to show the relationships among activities.
- (3) Identify the critical path of the project on the bar chart. The critical path is defined as; 1) the sequence of activities that must be completed “on time” to ensure that the project finished on time. 2) the longest path of activities in the project that determines the project finish date.
- (4) No more than 10% of activities may be critical or near critical. Critical Activities will have a total float equal to zero. “Near critical” is defined as float in the range of 1 to 10 working days.
- (5) Six Week Look Ahead CPM Schedule in a Bar Chart Format – This schedule will have all the same requirements of the CPM schedule in bar chart format except that it shall be limited to those activities that have an early start or early finish within a six-week period of the data date.
- (6) Logic Diagram – Submit a diagram in PERT chart format showing the logic of the CPM schedule.
- (7) Activity ID Sort – Submit a listing of all activities included in the CPM schedule sorted by ascending Activity Identification Number.
- (8) Total Float Sort – Submit a listing of all activities included in the CPM schedule sorted by increasing total float and by early start date.
- (9) All float belongs to the Project and is a shared commodity between the Contractor and the Mobility Authority and is not for the exclusive use or benefit of either party. The Contractor shall notify the Engineer in writing for acceptance before using any float.
- (10) Detailed Predecessor/Successor Sort – Submit a listing of all activities included in the CPM schedule indicating the activities that immediately precede and immediately succeed that activity in the schedule logic.
- (11) Scheduling Statistics Report – Submit a report of CPM schedule statistics, including number of activities, number of activities on the longest path, number of started activities, number of completed activities, number of relationships, percent complete, and number and type of constraints.

- (12) A resource curves / Metric tracking reports (EVM) corresponding to the milestones and work activities established above.

Section 8.5.5.2.2 “Baseline Schedule” The second paragraph is voided and replaced by the following:

The Contractor shall submit a progress schedule for the entire duration of the Contract to the Engineer 30 calendar days following the contract award date. After review of the schedule the Engineer shall schedule a Baseline CPM Schedule meeting with the Contractor to review the schedule and identify any changes or corrections. Within 7 calendar days of the CPM Schedule meeting, the Contractor shall make any necessary adjustments to address all review comments and resubmit network diagrams and reports for the Engineer’s review. The complete baseline schedule shall be submitted and accepted no later than (45) forty-five days after contract award date. The complete progress schedule shall be accepted by the Engineer before any payments will be processed for the project.

Section 8.5.5.2.3 “Progress Schedule” is supplemented by the following

The Engineer may withhold pay estimates if the updated CPM schedule is not submitted as required by this section. For each updated CPM schedule, identify the actual start and finish dates for all completed activities, the actual start date and remaining duration for all activities in progress, the difference in duration of all activities since the last update and any exceptional reports associated with the update. Only accepted changes will be incorporated into the monthly progress schedule update. The schedule should represent the actual work performed and should be progressed with actuals for all the schedule activities. The final schedule will be utilized as the project actual “As Built” schedule.

Provide a written narrative that identifies any changes or shifts in the critical path and submit reasons for the changes or shifts in the critical path. Identify any changes in logic for the updated CPM schedule and submit reasons for changes to the schedule logic. In addition to the written narrative, submit the following with each updated CPM schedule:

- (1) CPM Schedule in Bar Chart Format
- (2) Four Week Look Ahead CPM Schedule in Bar Chart Format
- (3) Logic Diagram
- (4) Activity ID Sort
- (5) Total Float Sort
- (6) Detailed Predecessor/Successor Sort
- (7) Schedule Metrics and Earned Value (Schedule, Cost, Labor) Reports

The Contractor must submit a statement that there were no changes in the schedule logic, activity durations, or calendars since the previous update in lieu of submission of items (3), (5), and (6). Acceptance of schedule updates by the Engineer does not revise the Contract Documents.

A monthly schedule update meeting shall be held each month following Notice to Proceed to review monthly schedule update submittals, critical path items and recovery schedules. The Contractor shall be represented in the meeting by the Contractor’s scheduler, project manager and general superintendent. As necessary the Contractor may be also asked to attend a coordination meeting to discuss the schedule impacts to other contractors.

If the Project completion date changes or if the project schedule overrun is anticipated to exceed 5%, the Contractor shall submit a revised progress schedule to the Engineer for review and acceptance. If plan revisions are anticipated to change the sequence of construction in such a manner as will affect the progress, but not the completion date, then the Contractor may submit a revised progress schedule for review and acceptance. The Project completion date shall remain unchanged.

Section 8.5.5.3 “Notice of Potential Time Impact” is supplemented by the following

“Contractor shall not be eligible for Change Order(s) for additional compensation for additional costs, including costs for developing and executing a Recovery Schedule(s), and delay and disruption damages, or additional Days incurred directly or indirectly from the virus known as severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) and the disease known as COVID-19, including any disruptions to, and delays or interruptions in, construction of the Project in accordance with the Contract and any approved Baseline Schedule.”

Section 8.5.5 “Schedule Types” is supplemented by the following:

Section 8.5.5.5 Recovery Schedule

If the progress schedule projects a finish date for the Project beyond the original Completion Date, the Contractor shall submit a revised schedule showing a plan to finish by the original Completion Date. The Mobility Authority will withhold Pay Estimates until the Engineer accepts the revised schedule. No additional compensation for developing and executing a recovery schedule(s) shall be reimbursed to the Contractor. The Engineer will use the schedule to evaluate time extensions and associated costs requested by the Contractor.

- (1) In the event Work or related construction activities shown on the Contractor's Progress Schedule fall behind schedule to the extent that dates established as contractual Completion Dates are in jeopardy, the Contractor shall prepare and submit to the Engineer, at no additional cost or time to the Mobility Authority, a Recovery Schedule showing intent to remedy delays and to regain originally scheduled time of completion of Work within a timely manner. This includes delays due to unforeseen conditions.
- (2) Recovery Schedule shall be submitted in such form and detail appropriate to the delay or delays, explaining and displaying how the Contractor intends to reschedule those activities and reestablish compliance with the accepted baseline Construction Progress Schedule during the immediate subsequent pay period or as permitted by Engineer. This shall include a schedule diagram comparing the original and the revised sequence of activities, identifying all affected activities.
- (3) Upon determining the requirement for a Recovery Schedule:
 - a. Within five (5) calendar days, the Contractor shall present to Engineer a proposed Recovery Schedule. The Recovery Schedule shall represent the Contractor's best judgment as to how to best reorganize the Work and achieve progress to comply with the accepted Construction Progress Schedule.
 - b. Changes to Contractor's means and methods, such as increased labor force, working hours, overtime, additional equipment and other means shall not constitute the basis for changes to the Contract Sum or Contract Time.
 - c. Recovery Schedule shall show remedies to bring Work back on schedule up-to-date within the immediate subsequent pay period.
 - d. The Recovery Schedule shall be prepared to a similar level of detail as the Construction Progress Schedule.
 - e. Five (5) calendar days prior to the expiration of the Recovery Schedule, Contractor shall document to the Engineer that the Work schedule has regained, or is on-track to regain, compliance with the Construction Progress Schedule.
- (4) Failure to submit Recovery Schedule in a timely manner may result in Termination of the Contract for Cause as determined by the Engineer.
- (5) Failure to achieve compliance with the accepted Construction Progress Schedule despite implementing Recovery Schedule may result in Termination of the Contract for Cause as determined by the Engineer.
- (6) Termination of Contract For Cause: In the event Contractor defaults on the terms of the Contract, including failure to maintain the Construction Progress Schedule, Engineer will assess the level of completion of the Work achieved by the Contractor and compare amount of available funds against anticipated costs required for the Mobility Authority to complete the Work, including anticipated Liquidated Damages resulting from delay, if any. Engineer will determine amount of payment due to Contractor for Work completed prior to date of Termination of Contract for Cause, if any. In the event available funds are not sufficient for the Mobility Authority to complete the Work, the Mobility Authority will withhold such funds from the amount due the Contractor.
- (7) If, in the opinion of the Engineer, the Contractor has sufficiently regained compliance with the Construction Progress Schedule, the use of the Construction Progress Schedule will be resumed. Contractor shall update and submit the Construction Progress Schedule clearly identifying Work to date and how the Contractor intends to achieve timely completion for the remainder of the Work in accordance with the Construction Documents.

Special Provision to Item 8

Prosecution and Progress

Item 8, "Prosecution and Progress," of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 8.1, "Prosecution of Work." The first sentence of the first paragraph is voided and replaced by the following:

Begin work within 30 calendar days of Notice to Proceed. Notice to Proceed may be deferred up to 180 days from CTRMA Board award of the contract. Do not begin work before this period unless authorized in writing by the Engineer.

Special Provision to Item 9

Measurement and Payment

Item 9, "Measurement and Payment," of the Standard Specifications, is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 9.5., "Progress Payments," Delete this section of the Specifications in its entirety and substitute with the following:

Partial payments will be made once each month covering work performed and materials complete-in-place in accordance with the Contract. The invoice form to be submitted each month will be provided to the Contractor in Microsoft Excel format. The Contractor must be able to use Microsoft Excel to complete the invoice form. Partial payments will be made on the value of work performed based on approximate estimates prepared by the Engineer, provided, however, that no estimate shall be certified or payment made where the net amount receivable by the Contractor is less than Five-hundred Dollars (\$500.00).

The Engineer will review the partial payment estimate with the Contractor's representative prior to each partial payment.

Total Contract value shall be considered to mean the original amount of the Contract, except when the Contract is increased or decreased by a supplemental agreement in which case the adjusted total shall be used.

The Mobility Authority reserves the right to withhold the payment of any partial or final estimate voucher or any sum or sums thereof from such vouchers in the event of the failure of the Contractor to promptly make payment to all persons supplying equipment, tools or materials, or for any labor used by the Contractor in the prosecution of the work provided for in the Contract, and for any other cause as determined by the Mobility Authority in its sole discretion, including overpayment on previous partial payments.

Article 9.8., "Retainage," is supplemented with the following:

The Mobility Authority shall not withhold funds from payments to be made to Contractor for the Work until such time as 95% of the Adjusted Contract Price has been paid to the Contractor. Following completion of and payment for 95% of the Adjusted Contract Price, the Mobility Authority shall withhold, the remaining 5% of the Adjusted Contract Price pursuant to the terms described below.

The remaining 5% for the Work, subject to reduction as specified below, shall be held by the Mobility Authority until Final Acceptance. At such time, and provided the Contractor is not in breach or default hereunder, the Mobility Authority shall release to Contractor all withheld in connection with the Work other than amounts applied to the payment of Losses or which the Mobility Authority deems advisable, in its sole discretion, to retain to cover any existing or threatened claims. The Contractor must further warrant, to the satisfaction of the Mobility Authority, that there are no outstanding claims or liens by any subcontractors or other parties with respect to the Work.

The prime contractor shall make full payment of amounts due to subcontractors within 10 calendar days following the satisfactory completion of the subcontractor's work. Satisfactory completion of the subcontractor's work shall be defined as approval, acceptance, and payment for the subcontractor's work by the Mobility Authority including the submittal and acceptance of all information, deliverables or other documents required by the contract.

Prior to the release of the remaining 5% by the Mobility Authority pursuant to the terms hereof, such amounts shall be held by the Mobility Authority. Upon the release of the remaining 5%, the Contractor shall not be entitled to any interest income that has accrued upon the amounts of the remaining 5% released to Contractor.

Article 9.9., “Payment Provisions for Subcontractors,” is supplemented with the following:

The Mobility Authority may pursue actions against the Contractor, including withholding of estimates and suspending the work, for noncompliance with the subcontract requirements of this Section upon receipt of written notice with sufficient details showing the subcontractor has complied with contractual obligations as described in this Article.

These requirements apply to all tiers of subcontractors. Incorporate the provisions of this Article into all subcontract or material purchase agreements.

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 26-013

**APPROVING AN AGREEMENT WITH UNION PACIFIC RAILROAD COMPANY
FOR REIMBURSEMENT OF PRELIMINARY ENGINEERING SERVICES FOR THE
290 EXTENSION PROJECT**

WHEREAS, the Central Texas Regional Mobility Authority (“Mobility Authority”) is currently progressing schematic design and an environmental study for the 290 Extension Project (the “Project”), which extends along US 290 from SH 130 eastward to SH 95 South and includes improvements to an existing Union Pacific Railroad Company (“UPRR”) crossing in Elgin, Texas; and

WHEREAS, to facilitate the schematic design and environmental study for the Project, consultation with UPRR is required to obtain plan review, comment, and concurrence on the schematic crossing design; and

WHEREAS, UPRR regularly utilizes external engineering consultants to assist with coordination and review activities on public and private projects, and therefore requires that coordinating parties execute a reimbursement agreement to compensate such external consultants for their services; and

WHEREAS, the proposed reimbursement agreement between the Mobility Authority and UPRR will allow UPRR to retain and utilize its external consultants to review and coordinate on the schematic crossing design for the Project, and the Mobility Authority will reimburse UPRR for these preliminary engineering services in an amount not to exceed \$25,000.00; and

WHEREAS, Mobility Authority staff recommends approval of the reimbursement agreement and has requested that the Board authorize the Executive Director, or his designee, to negotiate, execute, and deliver the agreement with UPRR in substantially the form attached hereto as Exhibit A.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors hereby approves the reimbursement agreement with Union Pacific Railroad Company for preliminary engineering services related to the schematic design and environmental study for the 290 Extension Project, in an amount not to exceed \$25,000.00.

BE IT FURTHER RESOLVED that the Board of Directors hereby authorizes the Executive Director, or his designee, to take all actions necessary to finalize, execute, and deliver the reimbursement agreement with Union Pacific Railroad Company, in substantially the form attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 25th day of March 2026.

Submitted and reviewed by:

James M. Bass
Executive Director

Approved:

Robert W. Jenkins, Jr.
Chairman, Board of Directors

Exhibit A

**REIMBURSEMENT AGREEMENT
PRELIMINARY ENGINEERING SERVICES**

Effective Date:

Estimate: \$25,000.00

THIS REIMBURSEMENT AGREEMENT (**Agreement**) is made and entered into as of the **Effective Date**, by and between UNION PACIFIC RAILROAD COMPANY, a Delaware corporation (**Railroad**), and CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY (**Agency**).

RECITALS

A. Agency desires to initiate the project more particularly described on Exhibit A attached hereto (**Project**).

B. The Project will affect Railroad's track, right of way, or operations at or near the Project area more particularly described on Exhibit A.

C. Railroad agrees to collaborate with Agency on the conceptualization and development of the Project in accordance with the terms and conditions of this Agreement and any federal regulations.

AGREEMENT

NOW THEREFORE, the parties hereto agree as follows:

1. Railroad, and/or its representatives, at Agency's sole cost and expense, agrees to perform (or shall cause a third-party consultant to perform on Railroad's behalf) the preliminary engineering services work described on Exhibit B attached hereto (**PE Work**). Agency acknowledges and agrees that: (a) Railroad's review of any Project designs, plans and/or specifications, as part of the PE Work, is limited exclusively to potential impacts on existing and future Railroad facilities and operations; (b) Railroad makes no representations or warranties as to the validity, accuracy, legal compliance, or completeness of the PE Work; and (c) Agency's reliance on the PE Work is at Agency's own risk.

2. Notwithstanding the Estimate (**Estimate**), Agency agrees to reimburse Railroad and/or Railroad's third-party consultant, as applicable, for one hundred percent (100%) of all actual costs and expenses incurred for the PE Work. During the performance of the PE Work, Railroad will provide (and/or will cause its third-party consultant to provide) progressive billing to Agency based on actual costs in connection with the PE Work. After completion of the PE Work, Railroad will submit (and/or will cause its third-party consultant to submit) a final billing to Agency for any balance owed for the PE Work. Agency shall pay Railroad (and/or its third-party consultant, as applicable) within thirty (30) days after Agency's receipt of any progressive and final bills submitted for the PE Work. Bills will be submitted to the Agency using the contact information provided on Exhibit C. Agency's obligation hereunder to reimburse Railroad (and/or its third-party consultant, as applicable) for the PE Work shall apply regardless of whether Agency declines to proceed with the Project or Railroad elects not to approve the Project.

3. Agency acknowledges and agrees that Railroad may withhold its approval for the Project for any reason in its sole discretion, including without limitation, impacts to Railroad's safety, facilities, or operations. If Railroad approves the Project, Railroad will continue to work with Agency to develop final plans and specifications and prepare material and force cost estimates for any Project related work performed by Railroad. Approval of any design submittal shall not be construed as consent to the acquisition (or conveyance) of any property interest, nor shall it be interpreted as a representation that any such acquisition (or conveyance) would be compatible with or non-interfering with Union Pacific's current and future railroad operations.

4. If the Project is approved by Railroad, Railroad shall prepare and forward to Agency a Construction and Maintenance Agreement (**C&M Agreement**) which shall provide the terms and conditions for the construction and ongoing maintenance of the Project. Unless otherwise expressly set forth in the C&M Agreement, the construction and maintenance of the Project shall be at no cost to Railroad. No construction work on the Project affecting Railroad's property or operations shall commence until the C&M Agreement is finalized and executed by Agency and Railroad.

5. Neither party shall assign this Agreement without the prior written consent of the other party, which consent shall not be unreasonably withheld, conditioned, or delayed.

6. No amendment or variation of the terms of this Agreement shall be valid unless made in writing and signed by the parties.

7. This Agreement sets forth the entire agreement between the parties regarding the Project and PE Work. To the extent that any terms or provisions of this Agreement regarding the PE Work are inconsistent with the terms or provisions set forth in any existing agreement related to the Project, such terms and provisions shall be deemed superseded by this Agreement to the extent of such inconsistency.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the Effective Date.

**MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 26-014

ACCEPT THE UNAUDITED FINANCIAL STATEMENTS FOR FEBRUARY 2026

WHEREAS, the Central Texas Regional Mobility Authority (Mobility Authority) is empowered to procure such goods and services as it deems necessary to assist with its operations and to study and develop potential transportation projects, and is responsible to insure accurate financial records are maintained using sound and acceptable financial practices; and

WHEREAS, close scrutiny of the Mobility Authority's expenditures for goods and services, including those related to project development, as well as close scrutiny of the Mobility Authority's financial condition and records is the responsibility of the Board and its designees through procedures the Board may implement from time to time; and

WHEREAS, the Board has adopted policies and procedures intended to provide strong fiscal oversight and which authorize the Executive Director, working with the Mobility Authority's Chief Financial Officer, to review invoices, approve disbursements, and prepare and maintain accurate financial records and reports; and

WHEREAS, the Executive Director, working with the Chief Financial Officer, has reviewed and authorized the disbursements necessary for the month of February 2026 and has caused financial statements to be prepared and attached to this resolution as Exhibit A.

NOW THEREFORE, BE IT RESOLVED, that the Board of Directors accepts the unaudited financial statements for February 2026, attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 25th day of March 2026.

Submitted and reviewed by:

James M. Bass
Executive Director

Approved:

Robert W. Jenkins, Jr.
Chairman, Board of Directors

Definition of Weighted Average Maturity (1) & (2)

(1) This weighted average maturity calculation uses the SEC Rule 2a-7 definition for stated maturity for any floating rate instrument held in the portfolio to determine the weighted average maturity for the pool. This Rule specifies that a variable rate instruction to be paid in 397 calendar days or less shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate.
(2) This weighted average maturity calculation uses the final maturity of any floating rate instruments held in the portfolio to calculate the weighted average maturity for the pool.

The maximum management fee authorized for the TexSTAR Cash Reserve Fund is 12 basis points. This fee may be waived in full or in part in the discretion of the TexSTAR co-administrators at any time as provided for in the TexSTAR Information Statement.

NEW PARTICIPANTS

We would like to welcome the following entity who joined the TexSTAR program in February:

* Coleman County Appraisal District

HOLIDAY REMINDER

In observance of Good Friday, **TexSTAR will be closed Friday, April 3, 2026**. All ACH transactions initiated on Thursday, April 2nd will settle on Monday, April 6th. Notification of any early transaction deadlines on the business day preceding this holiday will be sent by email to the primary contact on file for all TexSTAR participants. Please plan accordingly for your liquidity needs.

ECONOMIC COMMENTARY

Market review

February's data painted a mixed macro picture. Headline labor prints were solid, but backward revisions tempered the underlying trend. Inflation moderated in January as energy prices fell. However, geopolitical tensions and the Supreme Court's decision on IEEPA tariffs pushed uncertainty higher, even as growth hovered modestly above trend.

The month opened with a solid January labor report: nonfarm payrolls rose by 130,000 versus a 68,000 consensus, causing the three month and six month averages to step up to 73,000 and 14,000, respectively, even as gains remained narrowly concentrated in education and healthcare and prior months were revised downward. Benchmark revisions also showed the U.S economy created 862,000 fewer jobs in the 12 months through March 2025 than previously estimated, softening the earlier trend. Wage signals were mixed—total private wages rose 0.4% month-over-month (m/m) and 3.7% year-over-year (y/y), but December was revised down to 0.1% m/m—while the unemployment rate edged 10 basis points (bps) lower to 4.3%. The balance points to a still resilient but continued “low hire, low fire” labor market.

Two days later, the January CPI report looked encouraging at first glance. Headline and core inflation eased to 2.4% y/y and 2.5% y/y, respectively, with headline CPI surprising to the downside on a sharp drop in gasoline prices. Under the surface, however, price pressures were uneven. Core goods were flat for the second month, due largely to declines in used auto prices. Excluding autos, core goods rose 0.4% m/m. Core services increased 0.4% m/m, but excluding rent and owners' equivalent rent—both dampened by shutdown related adjustments—services prices climbed a firmer 0.6% m/m.

ECONOMIC COMMENTARY (cont.)

Later in the month, the delayed fourth quarter GDP report disappointed at 1.4% seasonally adjusted annual rate (saar), taking full year growth to 2.2% on a quarter-over-quarter basis. A steep 17% annualized decline in federal spending—reflecting government shutdown effects—was the main drag. Excluding the federal sector, real GDP grew at a 2.7% annualized pace, with equipment and intellectual property spending remaining solid even as commercial construction and homebuilding fell. Consumer spending advanced at a 2.4% pace, underscoring ongoing household resilience, particularly among higher-income households.

That same day, in a long-awaited decision, the Supreme Court ruled that tariffs imposed under the 1977 International Emergency Economic Powers Act (IEEPA) were illegal, bringing policy risk to the fore. That afternoon, the President announced a general 10% tariff on imported goods using Section 122 of the 1974 Trade Act (balance of payments) and indicated additional statutes would be invoked for a more permanent framework; within days, the announced rate was raised to 15%, implying a total statutory tariff burden in the 13–14% range. These steps raise medium term inflation risks while clouding the outlook for trade policy.

Geopolitical tensions escalated into early March, delivering a major shock as coordinated U.S. and Israeli airstrikes targeted sites inside Iran—framed with the stated goal of regime change—and abruptly reversing expectations of “significant progress” in talks the prior week. Authorities announced the death of Supreme Leader Ayatollah Ali Khamenei, and reports indicated Iran retaliated with missiles and drones across the region, widening strikes against targets in Israel and across the region particularly in locations hosting U.S. military and diplomatic assets. The fallout quickly spilled into logistics: regional air routes saw suspensions and rerouting, maritime traffic through the Strait of Hormuz was effectively halted, and vessels diverted, causing shipping delays. With roughly 20% of global petroleum liquids transiting through his corridor, any prolonged disruption will likely push oil prices higher and jeopardize recent disinflation progress.

Treasury bills traded in a tight range and finished essentially unchanged: three month bills held at 3.66%, six month bills dipped 1 bp to 3.62%, and one year bills edged up 1 bp to 3.48%. Further out the curve, cross currents were more visible. On the month’s final day, mounting geopolitical concerns spurred a safe haven bid that pulled longer yields lower, with the two year ending 14 bps down at 3.38%.

Outlook

February closed with solid momentum: real GDP growth averaged about 2.2% in 2025, underpinned by resilient consumer spending and a meaningful pickup in capital investment—especially in artificial intelligence—that helped stabilize activity. The fourth quarter federal shutdown was a noticeable headwind, subtracting roughly one percentage point from real GDP, but we expect that drag to reverse in the first quarter of 2026. Looking ahead, consumption should remain the central engine of growth, with the first half of 2026 further supported by fiscal stimulus from the recently enacted One Big Beautiful Bill Act (OBBBA).

Monetary policy should remain cautious but flexible. The January FOMC minutes point to a committee comfortable with the current stance and firmly data-dependent: risks to employment have eased, yet inflation remains elevated. Tariffs are likely to nudge prices higher as import costs filter through, and broader Middle East energy-supply risks add uncertainty. Absent a material deterioration in the labor market, the baseline remains one or two cuts this year; though markets have pushed expectations out, with the first fully priced cut now around September.

Geopolitics and energy are the key swing factors. Following attacks on key Gulf approaches, accessibility through the Strait of Hormuz has been effectively shut down; a sustained disruption would choke roughly 20% of global crude flows and could add to energy inflation. While Saudi Arabia and the UAE can partially reroute via pipelines, Kuwait, Qatar, and Bahrain remain heavily reliant on the waterway. Price action has already reflected stress—Brent at one point jumped nearly 20% over two sessions before settling near \$80 as of this writing after a sharp spike. These fast-moving dynamics sharpen the inflation-versus-growth trade-off and could delay the timing of policy easing if energy prices stay elevated. Developments remain fluid.

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 26-015

AMENDING MOBILITY AUTHORITY POLICY CODE SECTION 301.004

WHEREAS, by Resolution No. 12-016 dated February 29, 2012, the Board of Directors (“Board”) adopted the Mobility Authority Policy Code (“Policy Code”); and

WHEREAS, subsequent to its initial adoption, the Board has amended the Policy Code from time to time in order to modify existing policies and incorporate new policies beneficial to the operation of the Central Texas Regional Mobility Authority (“Mobility Authority”); and

WHEREAS, Section 372.053 of the Texas Transportation Code provides the opportunity for toll project entities to establish a discount program for electronic toll collection customers to provide free or discounted use of the entity's toll projects to vehicles registered to certain veterans and disabled peace officers; and

WHEREAS, the Executive Director recommends amending Policy Code Section 301.004 as shown in Exhibit A, to modify the requirements for participation in the Mobility Authority’s Qualified Service Member Program and to address certain errata; and

WHEREAS, the Executive Director recommends that the proposed amendments to Policy Code Section 301.004 be made effective on April 1, 2026.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves the proposed amendments to Policy Code Section 301.004 as shown in Exhibit A hereto; and

BE IT FURTHER RESOLVED that the amendments to Policy Code Section 301.004 approved herein shall become effective on April 1, 2026.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 25th day of March 2026.

Submitted and reviewed by:

James M. Bass
Executive Director

Approved:

Robert W. Jenkins, Jr.
Chairman, Board of Directors

Exhibit A

MOBILITY AUTHORITY POLICY CODE

301.004 Exemption from Toll

(a) The operator or the registered owner of a vehicle operated on an authority toll facility is required to pay the toll established by this subchapter unless the vehicle is exempted by federal law, state law or by this section.

(b) An authorized emergency vehicle defined by Section 541.201, Transportation Code, is exempt from paying a toll to use an authority toll facility under Section 370.177, Transportation Code.

(c) A state or federal military vehicle is exempt from paying a toll to use an authority toll facility under Section 362.901, Transportation Code.

(d) Disabled Peace Officers and recipients of the Congressional Medal of Honor, Legion of Valor, and Purple Heart awards, as well as Disabled Veterans, are eligible to participate in the Qualified Service Member Program to be exempt from paying a toll to use the authority's non-variable rate toll facilities. Participation is limited to no more than two vehicles per qualified participant, the designated primary plate, and an additional plate upon demonstration of a hardship as determined by the Executive Director. All qualified participants must be registered with the authority. To qualify, the vehicle must be registered with the Texas Department of Motor Vehicles; the vehicle must have a qualifying specialty plate and have it properly displayed; and the vehicle must be associated with an electronic toll tag account, and the tag must be properly affixed to the vehicle's windshield, and the participant must have no outstanding CTRMA express lane toll violations at the time of the transaction. The exemption does not apply to the authority's express lane facilities.

(e) Under Section 370.177(a-1), Transportation Code, and to facilitate a multi-modal transportation system that ensures safe and efficient travel for all individuals in central Texas, a vehicle used exclusively to provide transportation to a member of the public under a transit program established and managed by the Capital Metropolitan Transportation Authority or the Capital Area Rural Transportation System is exempt from paying a toll to use an authority toll facility.

(f) The authority will create technical procedures to implement the toll exemptions described and established by this section.

**MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 26-016

**APPROVE AN INTERLOCAL AGREEMENT WITH THE CITY OF CEDAR PARK
FOR THE FUNDING, DEVELOPMENT AND CONSTRUCTION OF THE
183A INNOVATIVE INTERSECTION PROJECT**

WHEREAS, both the Central Texas Regional Mobility Authority ("Mobility Authority") and the City of Cedar Park ("City") are authorized to develop and construct roads needed to relieve existing and future traffic congestion and to improve the transportation network that serves City residents and the traveling public; and

WHEREAS, the City has obtained \$15.9 million to fund intersection improvements at RM 1431 and 183A Toll (the "183A Innovative Intersection Project") through the City's 2022 Bond Program and an interlocal agreement with Williamson County; and

WHEREAS, to ensure timely delivery and manage the complex coordination required among the City, the Mobility Authority and the Texas Department of Transportation, the City has approached the Mobility Authority about taking over the project delivery responsibilities for the 183A Innovative Intersection Project; and

WHEREAS, under the Interlocal Cooperation Act, Chapter 791, Government Code, and Chapters 222 and 370, Transportation Code, the Mobility Authority and the City may enter into one or more agreements to cooperate in funding, designing, building, and maintaining improvements to the roadway system that serves the City's residents, landowners, businesses, and the traveling public; and

WHEREAS, the Executive Director and the City have negotiated an interlocal agreement for the Mobility Authority to develop and construct the 183A Innovative Intersection Project utilizing the City's funding which is attached hereto as Exhibit A; and

WHEREAS, the City passed a resolution approving the proposed interlocal agreement on February 26, 2026, which is attached hereto as Exhibit B; and

WHEREAS, the Executive Director recommends that the Board approve the proposed interlocal agreement and authorize him to take all such actions necessary to complete the work contemplated in the interlocal agreement including negotiating and executing contracts, work authorizations and task orders for the 183A Innovative Intersection Project.

NOW THEREFORE, BE IT RESOLVED, that the Board hereby approves the proposed interlocal agreement with the City of Cedar Park; and

BE IT FURTHER RESOLVED, the Board hereby authorizes the Executive Director to finalize and execute the interlocal agreement on behalf of the Mobility Authority in the form or substantially same form attached hereto as Exhibit A; and

BE IT FURTHER RESOLVED, that the Executive Director or his designee is authorized to take all such actions necessary to complete the work contemplated in the interlocal agreement including negotiating and executing contracts, work authorizations and task orders.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 25th day of March 2026.

Submitted and reviewed by:

James M. Bass
Executive Director

Approved:

Robert W. Jenkins, Jr.
Chairman, Board of Directors

Exhibit A

INTERLOCAL COOPERATION AGREEMENT

This Interlocal Cooperation Agreement (“Agreement”) is between the City of Cedar Park Texas, a political subdivision of the State of Texas (the “City”), and the Central Texas Regional Mobility Authority, a political subdivision of the State of Texas (the “Authority”), is effective as of the ___ day of _____, 2026 (the “Effective Date”). City and Authority may be referred to collectively in this Agreement as the “Parties,” and individually as a “Party.”

Recitals

A. The RM 1431 (Whitestone Blvd.) at 183A Innovative Intersection Project (the “Project”) was approved by City voters in the City’s 2021 bond referendum.

B. The Project is generally described and depicted in the attached Exhibit A.

C. The City has been tasked with timely completion of the Project, and contracting with the Authority to manage the design and construction of the Project would help the City to expedite the completion of this Project.

D. The City, with contribution from Williamson County, Texas, has agreed to fund the direct and indirect costs of the Project as well as oversee the Project, and the Authority has agreed to manage the design, procurement, and/or construction of the Project, all in accordance with the terms and conditions set forth in this Agreement.

E. The Director of the City’s Engineering and Capital Projects Department (“E&CP”) will assign a single project manager (“City Project Manager”) from E&CP to oversee delivery of the Project and act as the City’s representative. The City Project Manager will direct and oversee the fulfillment of the City’s obligations outlined in this Agreement.

F. The Authority will assign a single program manager (“Authority Program Manager”) from the Authority’s Engineering Department to act as the Authority’s representative. The Authority Program Manager will direct and oversee the fulfillment of the Authority’s obligations outlined in this Agreement.

G. The Parties, as political subdivisions of the State of Texas, intend for this Agreement to conform in all respects with the provisions of the Interlocal Cooperation Act, Texas Government Code Section 791.001, et seq.

NOW, THEREFORE, the Parties agree that the recitals set forth above are fully incorporated into the terms of this Agreement and further agree as follows:

1. Financial Obligations.

(A) The City shall be solely responsible for paying all costs of the Project, including paying all documented costs incurred by the Authority related to the Project. Other than in-kind services as specified herein, the Authority is not contributing any funding for the Projects.

(B) The Authority and City will jointly develop a detailed Budget for the Project, including a cash flow projection and the City's projected funding sources ("Budget"). The Budget will include the following costs ("Project Expenses") to be paid by the Authority (from the appropriate Project Account funded by the City) to itself and to its outside consultants, vendors, and the Project's construction contractor for expenses incurred by the Authority and its outside consultants, vendors, and the construction contractor after the Effective Date of this Agreement:

- (1) preliminary engineering;
- (2) capital costs (design and construction);
- (3) engineering oversight (including design reviews, construction management, materials testing, inspection);
- (4) the Authority's legal, administrative, and other fees and expenses related to this Agreement, procurement, and Project development and oversight, including defending any contractor or third-party claims and/or lawsuits;
- (5) environmental permits and approvals, if required;
- (6) utility coordination services;
- (7) utility relocation costs (when the relocation costs are not the responsibility of the utility owner);
- (8) right-of-way coordination, appraisal, and acquisition services;
- (9) right-of-way land purchase costs;
- (10) contingencies, including costs of any judgment, settlement or other award resulting from a contractor or third-party claim and/or lawsuits; and
- (11) all other costs reasonably projected as necessary to complete a Project, close out a Project that is canceled or reimburse the Authority for its expenses in the event this Agreement is terminated, excluding any additional cost for a Party's in-kind services provided through a Party's employee; and
- (12) an administrative expense fee for the Authority's staff to implement, administer, and manage the activities described in Paragraphs (1) through (11) above, and equal to 4.65% of the actual costs incurred by the Authority for the activities described in (1) through (11) above, but excluding
 - (a) costs for any permits obtained by the City,
 - (b) costs for services performed by City staff or any City contractor that is not the Authority;
 - (c) the costs described in Paragraphs 7 (utility relocation costs), (9) (right-of way land purchase costs);
 - (d) the costs of defending any contractor or third-party claims and/or lawsuits if those costs are incurred by legal counsel or consultants not employed by the Authority; and
 - (e) the costs of any judgement, settlement, or other award resulting from a contractor or third-party claim or lawsuit.

(C) A Budget will be agreed to for the Project establishing funding by Project phase: preliminary engineering, engineering and design, and construction. Deposits will be made by phase (preliminary engineering, engineering and design, and construction funding).

(D) The City will provide funding for the Project as outlined in the approved Budget for the Project. The Authority will deposit all Project funds provided by the City into a separate Project Account for the Project as directed by the City Project Manager so as not to commingle the funds with other Authority projects. Notwithstanding the amounts projected in the Budget or available in the Project Account, the City shall be solely responsible for paying all Project Expenses.

(E) Administrative Expense. The 4.65% administration expense described in Section 1(B)(12) shall be included in the detailed Budget for the Project and shall be disbursed to the Authority on a pro-rata basis as funds are drawn down from the Project Account to pay Project Expenses.

(F) No later than 10 days after the City has approved the Budget, as evidenced by a written notice of Budget approval signed by the City Project Manager and delivered to the Authority, the City shall make an initial deposit to the Authority, which is identified in the Budget as the preliminary engineering funding for use by the Authority to pay Project costs incurred after the date of Budget approval. Upon receipt of preliminary engineering funding, the Authority will proceed with completion of the preliminary engineering funding phase. Following completion of the preliminary engineering phase and upon receipt of engineering and design funding, the Authority will proceed with completion of the engineering and design funding phase. The Authority will provide notification to the City of a proposed advertisement to bid for a construction contract ("Construction Contract"), and if the City approves the proposed solicitation, the City will have 30 days to deposit the construction funding into the Project Account. If the City fails to make any deposit to the Authority required by this Agreement, the Authority may cancel the Project and the City shall be responsible for any demobilization and other costs associated with the cancelation.

(G) After a Budget is approved, it may be revised by written agreement of the City Project Manager and the Authority Program Manager. If the total cost of the Project is projected to exceed the estimate set forth in the Budget, the Parties may engage in value engineering or other cost cutting measures in an attempt to control costs on the Project. If the projected cost of the Project exceeds funding available from the Project Budget, the City may elect to provide the funds required to pay the additional Project cost using funds available from other sources, including funds provided to the City by third parties other than the Authority. If the City fails to provide sufficient funds required to pay excess Project costs, the Authority may cancel the Project and the City shall be responsible for any demobilization and other costs associated with the cancelation.

(H) The Authority shall have no obligation to execute a Construction Contract for the Project, or to issue a notice to proceed under a Construction Contract until the City has paid all funds required by the Budget to fully fund the Construction Contract, related oversight and inspection costs, and the contingency fund established in the Budget for the Project.

(I) The Authority may disburse funds from the Project Account to pay Project Expenses. Except for a disbursement made to cover the Authority's costs related to a claim and/or lawsuit, a disbursement of funds must first be approved by the City Project Manager before the funds can be disbursed. The Authority will provide a summary of the proposed disbursement with appropriate back-up. The City Project Manager will review each proposed disbursement within ten (10) days of receipt and either approve the disbursement or provide comment otherwise. If the City Project Manager does not provide approval or comments by the deadline, the City is deemed to have approved the disbursement.

(J) The Authority may disburse funds from the Project Account to pay the Authority's costs related to claims and/or lawsuits without obtaining approval from the City Project Manager. If there are insufficient funds in the Project Account to cover the Authority's costs, the Authority will submit an invoice to the City detailing the outstanding expenses and the City will make deposit to the Authority within forty-five (45) days of receipt of the invoice. The Authority shall take all reasonable actions to minimize the costs related to any such claim and/or lawsuit.

(K) Any interest earned on the funds in the Project Account that is not used for Project expenditures shall be reported to the City and remitted back to the City not later than thirty (30) days after the date of final Project closeout.

(L) Any funds remaining in the Project Account shall be disbursed to the City after the Project is accepted by the City as evidenced by a certificate of acceptance provided to the Authority, and after the Authority has disbursed and paid all Project Expenses that were accrued and payable on the date of the City's acceptance.

(M) The Authority shall keep and maintain records to document and support that each disbursement made by the Authority is for an authorized purpose under this Agreement, and the Authority shall make these records available for inspection and copying when requested by the City Project Manager or other City representative. All of the Authority's disbursements paid from a Project Account shall be subject to audit by the City at the City's request and sole expense. The Authority shall transfer all disbursement records related to the Project to the City upon final acceptance of the subject project. The Authority shall keep and maintain any remaining Project records in accordance with State requirements and Authority document retention policies subsequent to Project completion or termination of this Agreement.

(N) The Authority shall request written approval from the City Project Manager for any proposed change order it recommends for the Construction Contract for the Project. The City Project Manager will promptly review each proposed change order and either

approve or deny the request within ten (10) days after the City Project Manager's receipt of the request. If the City Project Manager, in consultation with the Authority, determines that a proposed change order is of a significant nature or amount that requires submission to the City Council for consideration, the City Project Manager will notify the Authority no later than ten (10) days after the City Project Manager's receipt of the request. If the City Project Manager does not provide a written response by the tenth (10) day after the City Project Manager's receipt of the request the City is deemed to have approved the change order. If the City Project Manager denies the request for a change order and it results in a claim and/or lawsuit by the contractor, the City shall be solely responsible for paying (1) all of the Authority's reasonable costs associated with defending the claim, including staff time, attorney fees, consultant fees, and all costs to prepare for dispute resolution and/or trial and (2) any settlement, judgment, award, or other payment due to the contractor as a result of the claim. Notwithstanding any provision to the contrary, in any dispute resolution proceeding or lawsuit by a contractor, the City has the right to review and approve the Authority's selection of outside counsel and outside consultants used to assist in any contractor claims, and such approval by the City shall not be unreasonably withheld. If the City rejects the outside counsel or outside consultants selected by the Authority, the City shall provide mutually agreeable alternatives to assist with the claim(s). If the City does not provide approval or mutually acceptable alternatives no later than 4:00 p.m. Central Time on the next business day after the City's receipt of the Authority's proposed outside counsel and/or consultants, the City is deemed to have approved the Authority's selection. In this Agreement, "receipt" means the date of the email sent by the Authority notifying the City of its selection and "business day" means any weekday that is not a City holiday.

2. Project Development.

(A) The Authority will acquire all rights-of-way ("ROW") as included in the Budget.

(B) The Authority shall provide ROW documents to the City upon written concurrence of ROW footprint by the City, and as applicable, the Texas Department of Transportation ("TxDOT") and any other local entities with jurisdiction for approval authority for the Project. The City shall pay all resulting costs to revise ROW documents as a result of design comments after submittal of ROW documents. The Authority shall prepare right-of-way maps ("strip maps"), property descriptions ("field notes" and "parcel plats"), and other data as needed to describe the right-of-way and access rights necessary for the Project. The Authority shall perform all real property record and land title research useful or necessary in preliminary and final determination of parcel acquisition needs and preparation of ROW documents. For purposes of this Agreement, ROW documents are further defined as comprehensive legal descriptions for all parcels wherein acquisition of real property interests, whether permanent or temporary, are required for construction of the Project. Legal descriptions shall be comprised of finalized parcel plats with metes and bounds descriptions, signed and sealed by a Registered Professional Land Surveyor currently licensed by the Texas Board of Professional Engineers and Land Surveyors. All parcel plats and sketches shall depict the land area of the parcel, in addition to all improvements and significant natural vegetation located within or proximate to that land

area. Copies of this data shall be delivered to the City for review at least three weeks before beginning the standard process for acquisition of right-of-way for the Project. All surveying for ROW documents shall be tied to the Texas State Plane Coordinate System and must be located relative to all adjoining projects. Following the City's acceptance of ROW documents, the Authority shall provide right-of-way line and on-site parcel staking whenever requested by the City, or its agents and assigns, for use in appraisal, land-planning, and activities associated with property owner negotiations.

(C) The Authority will perform utility investigations, identify utility conflicts and coordinate relocations or protection in place plans with the utilities. Within City ROW, the City will enter into any utility agreements required for the Project and will be responsible for making payments, if any, as required per the applicable utility agreements. Within Authority and TxDOT ROW, the Authority will enter into any utility agreements required for the Project and will be responsible for making payments, if any, from the Project Account, as required per the applicable utility agreements. The City shall provide such permits and easements as may be necessary for the Authority to accomplish the relocation of utilities. The City will coordinate with the Authority regarding the placement or relocation of any utility within or on the Project to minimize and mitigate any disruption to the construction of the Project.

(D) The design, plans, and specifications for the Project shall comply with applicable local, state, and federal regulations and standards and shall be sealed by a Texas Licensed Professional Engineer.

(E) The Authority will administer the procurement of the engineering design, inspection and materials testing teams in accordance with applicable professional services procurement laws and the City Project Manager shall be permitted to observe the statement of qualification evaluation process, at the discretion of the City.

(F) The Authority will manage the design and construction of the Project pursuant to criteria established by the City prior to Budget approval, including (i) development of the engineering design, plans, and specifications for all roadway improvements; (ii) surveying; (iii) construction; and (iv) inspection and materials testing.

(G) When design work for each design package is 30% complete, 60% complete, and again when the design work for each design package is 90% complete, Authority shall submit the complete design package to the City Project Manager. City Project Manager will determine the necessary reviewers from the City, conduct reviews, and provide comments on the design package to the Authority. The Parties will participate in joint monthly coordination and review meetings with representatives from all affected City reviewers to avoid or resolve conflicts in review comments. The City shall complete its review and notify the Authority of its approval or disapproval of the design package no later than ten (10) days after receiving the design package. Following the initial ten (10) day city review period, the project schedule shall be extended day-for-day until City approval or disapproval is received. If the City disapproves of the information submitted, the City shall at the same time notify Authority of the reasons for the disapproval and actions necessary for the design package to meet City approval. The Authority will have

an opportunity to correct or submit additional information to cure any defects or deviations identified by City. Any defects or deviations will be discussed in an over-the-shoulder review meeting and incorporated into the next submittal.

(H) The City Project Manager will coordinate and secure City permits as necessary with the appropriate City of Cedar Park departments.

(I) When applicable, the Authority in cooperation with the City shall obtain, unless waived, an approved Conditional Letter of Map Revision (CLOMR), and Letter of Map Revision (LOMR), and environmental assessments and clearances associated with the Project.

(J) The Authority will ensure that its design engineer for the Project provides professional liability, automobile liability, and general liability insurance in accordance with the standard requirements of the Authority. The Authority will ensure the Authority and the City are named as additional insureds with respect to such general liability and automobile liability coverage.

3. Project Bidding & Award of Construction Contract.

The Authority will manage the solicitation of bids for the construction of the Project based on the approved plans and specifications and in accordance with the Authority's bidding policies, laws, practices, and procedures. The Authority shall submit an invitation for bid for the Construction Contract, including all the requirements of Section 3. The Authority shall issue the invitation for bids within thirty (30) days of City's written approval of the Final Plans and Specifications under Section 2 and City's funding of the construction phase unless the City provides written notice that issuance of the invitation for bids should be delayed. The Authority shall provide the City with all responses to the bid solicitation. The Authority will notify the City of the lowest responsible bidder and the amount of the bid for the Project. The City Project Manager will have ten (10) days to review the Authority's recommendation for award. Notwithstanding any provision to the contrary, the Authority must not award a Construction Contract until after the Authority receives written approval to do so from the City Program Manager. The City shall not withhold approval of a bid within budget and evaluated to be responsible by the Authority, and the City shall provide written approval within ten (10) days.

(A) The City and Authority will consult on necessary or desirable provisions to be included in any Construction Contract for a Project procured by the Authority. The Construction Contract executed by the Authority shall include, without limitation: indemnification protection provisions for the Authority and City, a deadline for substantial completion of the Project; and provisions establishing the right of the Authority to assign the Construction Contract to the City together with all contractor's warranties, guarantees, and bonds. The Construction Contract executed by the Authority may also include incentive/disincentive provisions for meeting an agreed-to

schedule, but no disincentives will apply to a delay attributable to the Authority, the City, or a force majeure event.

(B) Upon Final Acceptance under the Construction Contract, the Authority and City shall assume all maintenance responsibilities associated with their respective infrastructure. The Authority shall maintain responsibility for the Project warranties, guarantees, and bonds.

4. Project Management.

(A) The Authority will act on behalf of the City with respect to the Project. The Authority will designate a Program Manager and may designate other representatives to transmit instructions and act on behalf of the Authority with respect to the Project. The Authority will deliver monthly reports to City regarding disbursement summaries, financial, design and construction progress. The Authority, on request, will appear before the City Council for briefings.

(B) The City Project Manager will act on behalf of the City with respect to the Project, coordinate with the Authority, receive and transmit information and instructions, and will have complete authority to interpret, define, and communicate the City's policies and decisions with respect to the Project. The City Project Manager may specifically designate other representatives to transmit instructions and act on behalf of the City with respect to the Project, and the Authority shall be authorized to rely solely on communications with the City Project Manager and its express designees, and no other City authorities, with regard to the City's oversight of the Project.

(C) The Authority agrees to cooperate with the City Project Manager regarding the City Project Manager's interpretation of the City's policies and decisions with respect to the Project. The City Project Manager will review each issue and provide a response within ten (10) days of being notified by the Authority. If the City Project Manager does not provide a decision or seek clarification from the Authority within 10 days after the City Project Manager receives notification of an issue, the City is deemed to have agreed with the Authority's position on the issue. If a dispute arises within the ten (10)-day window, the City Project Manager's decision will be final, but the City shall be solely responsible for any and all costs associated with a decision mandated by the City. The City shall adjust the appropriate Budget and provide additional funding within thirty (30) days of being notified by the Authority of the additional costs.

(D) For the Project, the Authority agrees to upload the following materials to a mutually agreed upon project management or file sharing platform:

- (1) the Authority's schedule for the procurement of engineering design services, advertisement for bids, award of contract, and construction of the Project;
- (2) a copy of all contracts let by the Authority for the Project;
- (3) a monthly itemized statement of all disbursements made and debts incurred during the preceding month relating to the Project, including copies of invoices, statements, vouchers, or any other evidence of payment of debt;

- (4) a written copy of all field changes, supplemental agreements, or revisions to the design plans for the Project;
- (5) a copy of any change order request related to the Project no later than 5 days after the Authority receives the request;
- (6) sufficient notice, documentation, and opportunity for the City to assist in the final review of the construction services performed by the construction contractor with respect to the Project;
- (7) a copy of the record as-built drawings of the Project for the City's records no later than sixty (60) days after satisfactory completion of construction of the Project or the termination of this Agreement, whichever is sooner

5. Termination

- (A) Termination upon Project Completion – This Agreement will terminate on the date when the Project has achieved Final Acceptance under the Construction Contracts and all Project Account funds have been disbursed in accordance with the terms of this Agreement.
- (B) Mutual Termination – The Agreement may be terminated in writing with the mutual consent of the parties.
- (C) Termination by the City – The Agreement may be terminated by the City at any time prior to the Construction phase upon at least thirty (30) days written notice to the Authority.
- (D) Termination for Default – Either Party may terminate this Agreement if the other Party defaults in its obligation and, after receiving notice of the default and of the non-defaulting Party's intent to terminate, fails to cure the default no later than thirty (30) days after receipt of that notice unless both parties agree to extend the thirty (30) day cure period.
- (E) In the event this Agreement is terminated by either Party, the Authority shall prepare and submit an accounting of all Project Expenses received and disbursed and an invoice to the City detailing all outstanding Project Expenses. No later than thirty (30) days following the receipt of the invoice, the City shall reimburse the Authority for all remaining costs it has incurred managing and administering the Projects on behalf of the City. Within thirty (30) days following the reimbursement from the City, the Authority shall return to the City all surplus funds remaining in the Project Account.
- (F) The Parties agree that the provisions of Section 1.(D) regarding the City's obligation to pay all Project Expenses, Section 1. (K), CTRMA's obligation to remit interest to City, Section 1. (L), CTRMA's obligation to disburse remaining funds to City after Project acceptance, Section 1.(M), CTRMA's obligation to keep records, Section 1. (N) regarding the City's obligation to pay costs associated with any claims, Section 5. (E) regarding the City's responsibility to reimburse the Authority for Project Expenses, and Section 7. regarding liability, shall survive the termination of this Agreement.

6. Dispute Resolution

(A) If a disagreement between Authority and City arises regarding engineering design, design and construction standards, plans and specifications, inspection and testing, deficiencies and remedial action, change orders, or any other requirement or provision of this Agreement, and the disagreement is not resolved by the Authority's Program Manager and the City Project Manager within five (5) days, it shall be referred as soon as possible to the CTRMA Director of Engineering and City's Director of Engineering and Capital Projects. If still not resolved within five (5) days, it shall be referred to the Authority's Executive Director (or their designee) and the City Manager (or their designee).

(B) When mediation is acceptable to both parties, the parties may use a mutually acceptable mediator, or a mediator appointed by a court of competent jurisdiction. Mediation is conducted in compliance with Chapter 154 of the Texas Civil Practice and Remedies Code. Unless both parties are satisfied with the mediated resolution, the mediation is not a final and binding resolution of the dispute. All communications within the scope of the mediation must remain confidential in compliance with section 154.073 of the Texas Civil Practice and Remedies Code, unless both parties agree in writing to waive confidentiality.

7. Liability.

(A) To the extent allowed by Texas law, the City and Authority agree that each Party is responsible for its own proportionate share of any liability for personal injury or death or property damage arising out of or connected to its negligent acts or omissions in connection with this Agreement as determined by a court of competent jurisdiction. Neither the City nor Authority waives, relinquishes, limits or conditions its governmental immunity or any other right to avoid liability which it otherwise might have to a third party. Nothing in this Agreement shall be construed as creating any liability in favor of any third party or parties against either City or Authority, nor shall it ever be construed as relieving any third party or parties from any liabilities of such third party or parties to City or the Authority. The City shall have liability for claims arising from the delay or non-performance of third-party or municipal utilities to relocate or approve utility work necessary for Project construction.

(B) Claims Notification. If the Authority or the City receives notice or becomes aware of any claim or other action, including proceedings before an administrative agency, which is made or brought by any person, firm, corporation, or other entity against the Authority or the City in relation to this Agreement, the Party receiving such notice must give written notice to the other Party of the claim or other action within three working days after being notified of it. The notice shall include copies of all pertinent papers received by that Party with respect to these claims or actions relating to the Project.

8. Miscellaneous.

(A) Force Majeure. Whenever a period of time is prescribed by this Agreement for action to be taken by either Party, the Party shall not be liable or responsible for, and there shall be excluded from the computation of any such period of time, any delays due to strikes, riots, acts of God, shortages of labor or materials, war, terrorist acts or activities, governmental laws, regulations, or restrictions, or any other causes of any kind whatsoever which are beyond the control of such party.

(B) Notice. All notices, demands or other requests, and other communications required or permitted under this Agreement or which any Party may desire to give, shall be in writing and shall be deemed to have been given on the sooner to occur of (i) receipt by the Party to whom the notice is hand-delivered, with a written receipt of notice provided by the receiving Party, or (ii) two days after deposit in a regularly maintained express mail receptacle of the United States Postal Service, postage prepaid, or registered or certified mail, return receipt requested, express mail delivery, addressed to such Party at the respective addresses set forth below, or such other address as each Party may from time to time designate by written notice to the others as herein required or (iii) electronic mail transmission (the latter of scanned documents in formats such as .pdf or .tif) for which confirmation of receipt by the other Party has been obtained by the sending Party:

(C) Calculation of Days. Each reference in this Agreement to a day or days refers to a day that is not a Saturday, Sunday, or a legal holiday observed by both the City and the Authority. If the last day of any period described in this Agreement is a Saturday, Sunday, or such legal holiday, the period is extended to include the next day that is not a Saturday, Sunday, or such legal holiday.

(D) Entire Agreement. This Agreement contains the complete and entire Agreement between the Parties respecting the matters addressed herein, and supersedes all prior negotiations, agreements, representations, and understanding, if any, between the Parties respecting the Project. This Agreement may not be modified, discharged, or changed in any respect whatsoever except by a further agreement in writing duly executed by authorized representatives of the Parties hereto. The recitals set forth above and the attached exhibits are incorporated herein.

(E) Other Instruments. The Parties hereto covenant and agree that they will execute other and further instruments and documents as may become necessary or convenient to effectuate and carry out the purposes of this Agreement.

(F) Invalid Provision. Any clause, sentence, provision, paragraph, or article of this agreement held by a court of competent jurisdiction to be invalid, illegal, or ineffective shall not impair, invalidate, or nullify the remainder of this Agreement, but the effect thereof shall be confined to the clause, sentence, provision, paragraph, or article so held to be invalid, illegal, or ineffective.

Exhibit B

RESOLUTION NO. R077.26.02.26.H3

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CEDAR PARK, TEXAS, AUTHORIZING AND DIRECTING THE CITY MANAGER TO EXECUTE AN INTERLOCAL COOPERATION AGREEMENT WITH THE CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY FOR THE DESIGN AND CONSTRUCTION OF THE RM 1431 (WHITESTONE BLVD.) AT 183A INNOVATIVE INTERSECTION PROJECT IN AN AMOUNT NOT TO EXCEED \$15,900,000; FINDING AND DETERMINING THAT THE MEETING AT WHICH THIS RESOLUTION IS PASSED WAS NOTICED AND IS OPEN TO THE PUBLIC AS REQUIRED BY LAW.

WHEREAS, the RM 1431 (Whitestone Blvd.) at 183A Innovative Intersection Project ("Project") is funded through the City's 2022 Bond Program (\$8.7 million) and an Interlocal Agreement with Williamson County (\$7.2 million) for a total Project budget of \$15.9 million; and

WHEREAS, the Project is located at the intersection of the 183A Toll Road, owned by the Central Texas Mobility Authority ("CTRMA"), and RM 1431 (Whitestone Boulevard), owned by the Texas Department of Transportation ("TxDOT"), adjacent to the limits of the 183A frontage road extension currently under construction; and

WHEREAS, to ensure timely delivery and manage the complex coordination required among the City, CTRMA, and TxDOT, the City proposes transferring project delivery responsibilities to CTRMA; and

WHEREAS, under the proposed Interlocal Cooperation Agreement ("ILA"), the City would fund the Project, and CTRMA would assume full project delivery responsibilities including: coordination with TxDOT and the adjacent 183A Frontage Road Project, establishing a shared right-of-way agreement with TxDOT, procurement and oversight of design engineering and environmental permitting, and construction administration (bidding, inspections, and closeout); and

WHEREAS, CTRMA has successfully delivered similar projects for other agencies, including Travis County, using its General Engineering Consultant ("GEC"); and

WHEREAS, the City will fund a 4.65% administrative fee applied to the total Project cost to fund GEC expenses; and

WHEREAS, the Project will not include tolling and the intersection will remain a non-tolled roadway; and

WHEREAS, although CTRMA requests inclusion of the full \$15,900,000 in the ILA to ensure funding availability, the Project will proceed in three phases (preliminary engineering, engineering design, and construction), each requiring approval from City staff before funds are released for each phase; and

WHEREAS, the City will assign a staff member as project manager responsible for oversight of the Project including reviewing and approving design plans, participating in consultant evaluations, and reviewing monthly financial and progress reports from CTRMA; and

WHEREAS, the City has determined that a partnership with CTRMA for the design and construction of the Project will facilitate its timely implementation; and

WHEREAS, City staff recommends execution of an ILA with CTRMA for the RM 1431/183A Intersection Improvement Project in an amount not to exceed \$15,900,000.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CEDAR PARK, TEXAS:

SECTION 1. The City Council hereby authorizes and directs the City Manager to execute an Interlocal Cooperation Agreement with the Central Texas Regional Mobility Authority for the design and construction of the RM 1431 (Whitestone Blvd.) at 183A Innovative Intersection Project in an amount not to exceed \$15,900,000, subject to final review by the City Attorney.

SECTION 2. That it is hereby officially found and determined that the meeting at which this resolution is passed is open to the public and that public notice of the time, place, and purpose of said meeting was given as required by law.

PASSED AND APPROVED this the 26th day of February, 2026.
