Safety 101

With the majority of Texas schools back in session, it's more important than ever to stay alert and share the road safely. As school zones become busier, keep these safety tips in mind:

- **Slow down in school zones.** Watch for crossing guards, students and families, and always obey posted speed limits.
- **Give school buses plenty of space.** Stop when a bus has its red lights flashing and/or stop arm extended, and remain stopped until the bus has moved, the lights stop flashing, or the bus driver signals it's okay to pass.
- **Stay focused behind the wheel.** Keep your eyes on the road and avoid distractions, including your cell phone. And remember, it is illegal to use any handheld device in a school zone.
- **Plan for extra travel time.** School drop-off and pick-up can add congestion to your commute, so allow a few extra minutes to get where you're going.

Let's work together to help every student get to school and back home safely.

Electronic Tag Update

Starting August 30, select **E-ZPass®** tags are accepted on Mobility Authority roadways, giving drivers even more ways to pay and go. By expanding interoperability, it's easier for more travelers to use the payment option that works for them. Check with your E-ZPass operator to see if your tag is compatible on Mobility Authority toll roads.
